CONSTITUTION
OF THE
State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

SECTION 1. *The equality and rights of persons.* We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. *Sovereignty of the people.* All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. *Internal government of the State.* The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

SEC. 4. *Secession prohibited.* This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

SEC. 5. *Allegiance to the United States.* Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. *Separation of powers.* The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

SEC. 7. *Suspending laws.* All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

SEC. 8. *Representation and taxation.* The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

SEC. 9. *Frequent elections.* For redress of grievances and for amending and strengthening the laws, elections shall be often held.

SEC. 10. *Free elections.* All elections shall be free.

SEC. 11. *Property qualifications.* As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

SEC. 12. *Right of assembly and petition.* The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

SEC. 13. *Religious liberty.* All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

SEC. 14. *Freedom of speech and press.* Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

SEC. 15. *Education.* The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

SEC. 16. *Ex post facto laws.* Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

SEC. 17. *Slavery and involuntary servitude.* Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

SEC. 18. *Courts shall be open.* All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

SEC. 19. *Law of the land; equal protection of the laws.* No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

SEC. 20. *General warrants.* General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

SEC. 21. *Inquiry into restraints on liberty.* Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

SEC. 22. *Modes of prosecution.* Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

SEC. 23. *Rights of accused.* In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

SEC. 24. *Right of jury trial in criminal cases.* No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

SEC. 25. *Right of jury trial in civil cases.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

SEC. 26. *Jury service.* No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

SEC. 27. *Bail, fines, and punishments.* Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

SEC. 28. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 29. *Treason against the State.* Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court.

No conviction of treason or attainder shall work corruption of blood or forfeiture.

SEC. 30. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

SEC. 31. *Quartering of soldiers.* No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

SEC. 32. *Exclusive emoluments.* No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

SEC. 33. *Hereditary emoluments and honors.* No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

SEC. 34. *Perpetuities and monopolies.* Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

SEC. 35. *Recurrence to fundamental principles.* A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

SEC. 36. *Other rights of the people.* The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

ARTICLE II

SEC. 3. *Senate districts; apportionment of Senators.* The Senators shall be elected from districts. SEC. 11. *Sessions.*

(2) *Extra sessions on legislative call.* The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

SEC. 12. *Oath of members.* Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

SEC. 13. *President of the Senate.* The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

SEC. 14. *Other officers of the Senate.*

(1) *President Pro Tempore — succession to presidency.* The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant Governor to the office of Governor, or upon the death, resignation, or removal from office of the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) *President Pro Tempore — temporary succession.* During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

SEC. 20. *Powers of the General Assembly.* Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

SEC. 21. *Style of the acts.* The style of the acts shall be: "The General Assembly of North Carolina enacts:".

SEC. 22. *Action on bills.* All bills and resolutions of a legislative nature shall be read three times in each house before they become laws, and shall be signed by the presiding officers of both houses.

SEC. 23. *Revenue bills.* No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

SEC. 14. *Waiver of jury trial.* In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) *Additional method of removal of Judges.* The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) *Removal of Magistrates.* The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) *Removal of Clerks.* Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Whereas, said deed was recorded in the public registry, Newton, North Carolina, in Book 164, at page 541, on the 8th day of February, 1924; and

"Sec. 7.1. *Power generally.*—In addition to any authority which is now or may hereafter be granted by general law to the Town of Beulaville for making street improvements, the town board is authorized to make street improvements, and assess the cost thereof against abutting property owners in accordance with the provisions of this Article.

"Sec. 7.2. *When petition unnecessary.*—The town board may order street improvements and assess the cost thereof, exclusive of the cost incurred at street intersections, against the abutting property owners at an equal rate per front foot, without the necessity of a petition, upon the finding by the town board as a fact:

(a) That the street improvement project does not exceed twelve hundred lineal feet; and

(b) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement; or

(c) That it is in the public interest to connect two streets or portions of a street already improved; or

(d) That it is in the public interest to widen a street or part thereof, which is already improved; provided, that assessment for widening any street or portion of street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the town's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this action.

"Sec. 7.3. '*Street improvement' defined.*—For the purposes of the preceding section, the term 'street improvement' shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, and the construction or reconstruction of curbs, gutters and street drainage facilities.

"Sec. 7.4. *Assessment procedure.*—In ordering street improvement without a petition and assessing the cost thereof under authority of this Article, the town board shall comply with the procedure provided by Article 10, Chapter 160A-216 through 236 of the North Carolina General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

"Sec. 7.5. *Effect of assessments.*—The effect of the act of levying assessments under authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 10, Chapter 160A-216 through 236 of the General Statutes of North Carolina.

"ARTICLE VIII. Establishment of Proposed Street Lines.

"Sec. 8.1. *Authority to establish proposed street lines.*—Whenever, in the opinion of the town board, it is in the best interest of the town to do so, the town board may make provision for the ultimate widening or extension or both of existing streets and for the opening of new streets, and for the gradual acquisition of the lands necessary for such improvements, in accordance with the procedure established by this Article.

"Sec. 8.2. *Platting of proposed street lines.*—From and after the time of adoption of a major street plan by the town board and the State Highway Commission pursuant to provisions of G.S. (the General Statutes of North

Carolina, section) 136-66.2, and as amended, the town board shall have power to request, make, or cause to be made, from time to time, surveys for the exact locating of the lines of new, extended, widened, or narrowed streets and highways in the whole or any portion of the town and the area within one mile outside of its corporate boundaries. Personnel making such surveys are empowered to enter upon lands, make examinations or surveys and place and maintain necessary monuments thereon, at reasonable times and with due care for the property. A plat or plats of the area or areas thus surveyed shall be prepared on which are indicated the location of the lines recommended as the planned or mapped lines of future streets, street extensions, street widening, or street narrowings. The preparation of such plat or plats shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

"Sec. 8.3. *Adoption of official map; hearing; notice.*—Following the preparation of such plats, the town board may officially adopt a map or maps of planned new street and highways, extensions, widenings, narrowings, or locations of streets within the town and the area within one mile outside of its corporate boundaries. Before taking any such action, the town board shall hold a public hearing thereof, notice of the time and place of which shall have been given once a week for two successive weeks in a newspaper publishing in the town, or if there be no newspaper published in the town, by posting such notice at four public places in the town and at four public places within the affected area outside of the corporate boundaries. Said notice shall be published or posted for the first time not less than fifteen days prior to the date fixed for said hearing. Following adoption of such map or maps, the town board shall certify a copy to the Register of Deeds of Duplin County, which copy shall be duly filed. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

"Sec. 8.4. *Right of town to acquire property before improvement.*—From and after the time of adoption and certification to the Register of Deeds of any such map or maps, it shall be unlawful to build upon any land within the lines of proposed streets shown thereon or to repair or otherwise improve any existing buildings within said lines until the town board shall have been given an opportunity to purchase or otherwise acquire said property for street purposes as provided by this Article. To that end, any person proposing to build upon such land or to make repairs or improvement to any existing buildings on such land, shall, in writing, notify the town board of the nature and estimated cost of such building, repairs, or improvements. The town board shall then determine whether it will take the necessary steps to acquire said land prior to construction of said buildings or the making of said repairs or improvements. If the town board fails, within sixty days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire said property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in said notice. The building inspector is authorized to withhold and refrain from issuing, for a period not exceeding sixty days from receipt by the town board of the notice herein prescribed, any building permit for the erection of any building within the said lines, or for the making of any repairs or improvements to existing buildings within said lines.

"Sec. 8.5. *Failure to give notice bars recovery for value of improvements.*—If any person, firm or corporation builds upon any land included within said proposed street lines, or repairs or otherwise improves that part of any existing building within said lines, without giving the town board an opportunity to acquire said property free from improvements, as provided in Section 8.4 of this Article, the town shall not be required to pay for the value of said building, repairs, or improvements in any proceedings subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

"Sec. 8.6. *Failure of town to act not to limit subsequent condemnation.*—The failure of the town board to take action under Sections 8.4 and 8.5 of this Article within sixty days after notice shall not have the effect of limiting the right of the town board at any subsequent time to condemn the same. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or improvements made after the failure of the town board to take action within the prescribed period.

"ARTICLE IX. Zoning.

"Sec. 9.1. *Extraterritorial zoning.*—The town board shall have such authority to enact zoning regulations as is granted by the general law and as provided by North Carolina General Statutes (section) 160A-360; 160A-381.

"ARTICLE X. Police.

"Sec. 10.1. *Jurisdiction extended.*—(a) The jurisdiction of the police force is hereby extended to include all territory outside and within two miles of the corporate limits, and all members of the police force shall have within each territory, all rights, power, and authority, as they now have within the corporate limits.

(b) The jurisdiction of the police force is hereby extended to include all town-owned property and facilities, whether located within or outside the corporate limits, and all members of the police force shall have upon and within such property and facilities all rights, power and authority as they now have within the corporate limits.

"ARTICLE XI. Sidewalks.

"Sec. 11.1. *Town may clean or repair after notice; charges to be a lien.*—The town board may, by ordinance, establish a procedure whereby town forces may clean or repair any sidewalk upon failure of the abutting property owner after ten days' notice to do so. In such event, the cost of such cleaning or repair shall become a lien upon the abutting property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

"ARTICLE XII. Refuse, Weeds and Trash.

"Sec. 12.1. *Property to be kept free of offensive matter.*—It shall be the duty of every property owner in the town to keep his property free from noxious weeds, trash, and all other forms of offensive animal or vegetable matter or refuse which may be dangerous or prejudicial to the public health or which may constitute a public nuisance.

"Sec. 12.2. *Removal of offensive matter; charges to be a lien.*—The town board may by ordinance establish a procedure whereby town forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter from any property upon failure of the owner or occupant after ten days' notice to do so. In

such event, the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

"ARTICLE XIII. Purchasing and Contracts.

"Sec. 13.1. *Provisions of general law to govern.*—All contracts of the town for construction or repair work or for the purchase of apparatus, supplies, materials, or equipment shall be made in compliance with the requirements of Article 3, Chapter 143 of the General Statutes.

"Sec. 13.2. *Conflict of interest.*—No officer, department head, employee, or board or commission member shall make or participate in the making of any contract with the town in which he may be in any manner financially interested, directly or indirectly. Any such person who has such an interest in any proposed contract shall make known that interest. The willful concealment of such a financial interest or the willful violation of this section shall constitute malfeasance in office or position, and any violator shall forfeit his office or position. Violation of this section with the knowledge express or implied of the person, firm, or corporation contracting with the town shall render the contract void.

"ARTICLE XIV. Claims against the Town.

"Sec. 14.1. *Presentation of and suits upon claims.*—(a) All claims or demands against the Town of Beulaville arising in tort shall be presented to the town board in writing, signed by the claimant, his attorney or agent, within ninety days after the claim or demand is due or the cause of action accrues, and no suit or action shall be brought thereon within thirty days or after the expiration of twelve months from the time said claim or demand is so presented. Unless the claim or demand is so presented within ninety days after the cause of action accrues, and unless suit is brought within twelve months thereafter, any action thereon shall be barred.

(b) No action shall be instituted against the town on account of damages to or compensation for real property taken or used by the town for any public purposes of any kind or for the ejectment of the town therefrom, or to remove a cloud upon the title thereof unless, within two years after such alleged use, the owner, his executor, administrator, guardian or next friend shall have given notice in writing to the town board of the claim, stating in the notice the date that the alleged use commenced, a description of the property alleged to have been used, and the amount of damage or compensation claimed.

(c) Notwithstanding the provision of subsections (a) and (b) of this section, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or in his behalf within six months after the termination of the incapacity, provided that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given in his behalf within three years after the happening or the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given in his behalf within six months after termination of the incapacity, or within three years after the happening or

the infliction of the injury complained of, whichever is the longer period. The town may at any time request the appointment of a next friend to represent any person having a potential claim against the town and known to be suffering from physical or mental incapacity.

"Sec. 14.2. *Settlement of claims.*—The town clerk or finance officer, as authorized by the governing body of the town, may settle claims against the town for: (1) personal injury or damages to property when the amount involved does not exceed the sum of fifty dollars ($50.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred, and (2) the taking of small portions of private property which are needed for the rounding of corners at street intersections, when the amount involved in any such settlement does not exceed fifty dollars ($50.00) and does not exceed the actual loss sustained. Any settlement of a claim by the town clerk or finance officer pursuant to this section shall constitute a complete release of the town from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of. All such releases shall be approved as to form by the town attorney.

"ARTICLE XV. Miscellaneous.

"Sec. 15.1. *Signing of warrants or orders for payment.*—Only the finance officer of the Town of Beulaville is authorized to sign warrants or orders for payment on the town treasury or depository.

"Sec. 15.2. H. B. 77 **CHAPTER 140**

AN ACT TO PERMIT CHOWAN COUNTY TO ASSIST IN THE FINANCING OF IMPROVEMENTS TO RURAL SUBDIVISON AND RESIDENTIAL STREETS AND LEVY SPECIAL ASSESSMENTS THEREFOR.

The General Assembly of North Carolina enacts:

Section 1. Chowan County may levy special assessments for constructing, reconstructing, paving, widening, installing curbs and gutters, and otherwise building and improving streets, as provided in this act.

Sec. 2. Chowan County may finance all or a portion of the cost of improvements made under the supervision of the Department of Transportation and Highway Safety to subdivision or residential streets located in the county and outside of a city and shall levy special assessments against benefited property to recoup that portion of the costs financed by the county. In levying special assessments, the county shall follow the procedures of G.S. 153A, Article 9; in addition, land owned, leased, or controlled by a railroad company is exempt from such assessments to the same extent that it would be exempt from street assessments of a city under G.S. 160A-222. No project may be commenced under this act unless it has been approved by the Department of Transportation and Highway Safety.

Sec. 3. On subdivision or residential streets that are a part of the State highway system, but that are not improved, the county may pay from funds not otherwise limited as to use by law the local share of the costs of improvement that is required by policies of the Secondary Roads Council. No petition from property owners is required in order for the county to pay these costs and levy special assessments therefor.

Sec. 4. On subdivision or residential streets that are not part of the State highway system, the county may pay from funds not otherwise limited as to use by law the local share of the costs of improvement that is required by policies of the Secondary Roads Council. Before the county may finance all or a portion of the cost of improvements to such a street, it must receive a petition for the improvements signed by at least a majority in number of the owners of property to be assessed, who must represent at least a majority of all the lineal feet of frontage of the lands abutting on the street or portion thereof to be improved. The petition shall state that portion of the cost of the improvement to be assessed, which shall be the local share required by policies of the Secondary Roads Council.

Property owned by the United States shall not be included in determining the lineal feet of frontage on the improvement, nor shall the United States be included in determining the number of owners of property abutting the improvement. Property owned by the State of North Carolina shall be included in determining frontage and the number of owners only if the State has consented to assessment as provided in G.S. 153A-189. Property owned, leased, or controlled by railroad companies shall be included in determining frontage and the number of owners to the extent the property is subject to assessment under G.S. 160A-222. Property owned, leased, or controlled by railroad

companies that is not subject to assessment shall not be included in determining frontage or the number of owners.

No right of action or defense asserting the invalidity of street assessments on grounds that the county did not comply with this section in securing a valid petition may be asserted except in an action or proceeding begun within 90 days after the day of publication of the notice of adoption of the preliminary assessment resolution.

Sec. 5. This act is intended to provide a means of assisting in financing improvements to subdivision and residential streets in Chowan County that are on the State highway system or that will, as a result of the improvements, become a part of that system. By financing improvements under this act, Chowan County does not thereby acquire any responsibility for the street or streets involved, and the county has no liability arising from the construction of such an improvement or the maintenance of such a street.

Sec. 6. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 14th day of April, 1975.

H. B. 335 CHAPTER 141

The State chairman of each political party shall have the right to recommend to the State Board of Elections three registered voters in each county for appointment to the board of elections for that county. If such recommendations are received by the Board 15 or more days before the Tuesday following the first Monday in June, 1975, and each two years thereafter, it shall be the duty of the State Board of Elections to appoint the county boards from the names thus recommended.

Whenever a vacancy occurs in the membership of a county board of elections for any cause the State chairman of the political party of the vacating member

shall have the right to recommend two registered voters of the affected county for such office, and it shall be the duty of the State Board of Elections to fill the vacancy from the names thus recommended.

At the meeting of the county board of elections required by G.S. 163-31 to be held on Tuesday following the third Monday in June in the year of their appointment the members shall take the following oath of office:

Each member of the county board of elections shall attend each instructional meeting held pursuant to G.S. 163-46, unless excused for good cause by the chairman of the board, and shall be paid the sum of twenty-five dollars ($25.00) per day for attending each of those meetings."

Sec. 2. G.S. 163-31, as it appears in Volume 3D of the General Statutes, is rewritten to read as follows:

A majority of the members shall constitute a quorum for the transaction of board business. The chairman shall notify, or cause to be notified, all members regarding every meeting to be held by the board.

The county board of elections shall keep minutes recording all proceedings and findings at each of its meetings. The minutes shall be recorded in a book which shall be kept in the board office and it shall be the responsibility of the secretary, elected by the board, to keep the required minute book current and accurate. The secretary of the board may designate the executive secretary to record and maintain the minutes under his supervision."

for each precinct in the county. Their terms of office shall continue for two years from the specified date of appointment and until their successors are appointed and qualified. It shall be their duty to conduct the primaries and elections within their respective precincts. Persons appointed to these offices must be registered voters and residents of the precinct for which appointed, of good repute, and able to read and write. Not more than one judge in each precinct shall belong to the same political party as the registrar, provided, however, that in a primary election in which only one political party participates only the judge and assistants, appointed pursuant to G.S. 163-42, of the political party participating in said primary, shall serve, along with the registrar, for that particular primary. For purposes of this section, the second primary provided for in G.S. 163-111 shall be considered part of the first primary and not a separate primary election."

Persons appointed as special registration commissioners shall be appointed at the same time as required by G.S. 163-41 for the appointment of registrars and shall serve for two years, but the county board of elections may terminate their authority at any time without cause.

In counties authorized to appoint special registration commissioners the chairman of each political party shall have the right to recommend registered voters who are residents of the county for appointment as special registration commissioners. If such recommendations are received by the county board of elections at least five (5) days prior to the date on which such appointments must be made the county board should make appointments from the names thus recommended, although it shall not be required to do so.

Before entering upon his duties each special registration commissioner shall take and subscribe the following oath of office to be administered by an officer authorized to administer oaths and file it with the county board of elections:

'I, _____, do solemnly swear (or affirm) that I will support the Constitution of the United State; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State, not inconsistent with the Constitution of the United States; that I will administer the duties of my office as special registration commissioner for _____ County without fear or favor, to the best of my knowledge and ability, according to law; so help me, God.'"

The General Assembly of North Carolina enacts:

Section 1. When any instrument affecting title to real estate describes a party as trustee or agent, or otherwise indicates that a party is or may be acting as trustee or agent, but does not indicate any beneficial interest, set forth his powers or specify some other recorded instrument setting forth such powers and the place in the public records where it is recorded, and there is no recorded instrument in the record chain of title to such real estate setting forth such powers, then the description or indication shall not be notice to any person thereafter dealing with the real estate of any limitation upon the powers of the party nor require any inquiry or investigation as to such trust or agency. Such trustee or agent shall be deemed to have full power to convey or otherwise dispose of the real estate; and no person interested under such trust or agency shall be entitled to make any claim against the real estate based upon notice given by such description or indication. This act shall not prevent claims against the trustee or agent or against property other than the real estate.

Sec. 2. This act shall apply to instruments recorded before or after its effective date, but shall not bar any claim based on notice given by any instrument if, within one year after the effective date, a written notice of the claim is recorded, identifying the place in the public records where the reference to a fiduciary may be found, stating the powers of such fiduciary, and naming the person who is then the record owner of the real estate affected. Such notice of claim shall be signed and acknowledged by the person executing the same, and may be executed by any person interested under such trust or agency, or by his

attorney, agent, guardian, conservator, parent, or any other person acting on his behalf, if for any reason he is unable to act. The notice of claim shall be recorded and indexed under the name of the person declared therein to be the record owner.

CHAPTER 186

AN ACT AUTHORIZING MUNICIPALITIES IN THE STATE OF NORTH CAROLINA TO JOINTLY COOPERATE IN THE GENERATION AND TRANSMISSION OF ELECTRIC POWER AND ENERGY AND TO JOINTLY OWN AND OPERATE FACILITIES THEREFOR; PROVIDING FOR THE CREATION OF JOINT AGENCIES THEREFOR; AND PROVIDING FOR THE ISSUANCE OF REVENUE BONDS TO FINANCE THE COSTS THEREOF.

The General Assembly of North Carolina enacts:

Section 1. The General Statutes of North Carolina are hereby amended by inserting therein a new Chapter to be designated Chapter 159B and to read as follows:

"CHAPTER 159B.

"Joint Municipal Electric Power and Energy Act.

"§ 159B-1. *Short title.*—This Chapter may be cited as the 'Joint Municipal Electric Power and Energy Act'.

"§ 159B-2. *Legislative findings and purposes.*—The General Assembly hereby finds and determines that:

A critical situation exists with respect to the present and future supply of electric power and energy in the State of North Carolina;

The public utilities operating in the State have sustained greatly increased capital and operating costs;

Such public utilities have found it necessary to postpone or curtail construction of planned generation and transmission facilities serving the consumers of electricity in the State, increasing the ultimate cost of such facilities to the public utilities, and that such postponements and curtailments will have an adverse effect on the provision of adequate and reliable electric service in the State;

The above conditions have occurred despite substantial increases in electric rates;

In the absence of further material increases in electric rates, additional postponements and curtailments in the construction of additional generation and transmission facilities may occur, thereby impairing those utilities' ability to continue to provide an adequate and reliable source of electric power and energy in the State;

Seventy-two (72) municipalities in the State have for many years owned and operated systems for the distribution of electric power and energy to customers in their respective service areas and are empowered severally to engage in the generation and transmission of electric power and energy;

Such municipalities owning electric distribution systems have an obligation to provide their inhabitants and customers an adequate, reliable and economical source of electric power and energy in the future;

In order to achieve the economies and efficiencies made possible by the proper planning, financing, sizing and location of facilities for the generation and transmission of electric power and energy which are not practical for any municipality acting alone, and to insure an adequate, reliable and economical supply of electric power and energy to the people of the State, it is desirable for the State of North Carolina to authorize municipal electric systems to jointly plan, finance, develop, own and operate electric generation and transmission facilities appropriate to their needs in order to provide for their present and future power requirements for all uses without supplanting or displacing the service at retail of other electric suppliers operating in the State; and

The joint planning, financing, development, ownership and operation of electric generation and transmission facilities by municipalities which own electric distribution systems and the issuance of revenue bonds for such purposes as provided in this Chapter is for a public use and for public and municipal purposes and is a means of achieving economies, adequacy and reliability in the generation of electric power and energy and in the meeting of future needs of the State and its inhabitants.

"§ 159B-3. *Definitions.*—The following terms whenever used or referred to in this Chapter shall have the following respective meanings unless a different meaning clearly appears from the context:

(1) 'Bonds' shall mean electric revenue bonds, notes and other evidences of indebtedness of a joint agency or municipality issued under the provisions of this Chapter and shall include refunding bonds.

(2) 'Cost' or 'cost of a project' shall mean, but shall not be limited to, the cost of acquisition, construction, reconstruction, improvement, enlargement, betterment or extension of any project, including the cost of studies, plans, specifications, surveys, and estimates of costs and revenues relating thereto; the cost of land, land rights, rights-of-way and easements, water rights, fees, permits, approvals, licenses, certificates, franchises, and the preparation of applications for and securing the same; administrative, legal, engineering and inspection expenses; financing fees, expenses and costs; working capital; initial fuel costs; interest on the bonds during the period of construction and for such reasonable period thereafter as may be determined by the issuing municipality or joint agency; establishment of reserves; and all other expenditures of the issuing municipality or joint agency incidental, necessary or convenient to the acquisition, construction, reconstruction, improvement, enlargement, betterment or extension of any project and the placing of the same in operation.

(3) 'Governing board' shall mean the legislative body, council, board of commissioners, board of trustees, or other body charged by law with governing the municipality or joint agency.

(4) 'Joint agency' shall mean a public body and body corporate and politic organized in accordance with the provisions of this Chapter.

(5) 'Municipality' shall mean a city, town or other unit of municipal government created under the laws of the State, or any board, agency, or commission thereof, owning a system or facilities for the generation, transmission or distribution of electric power and energy for public and private uses.

(6) 'Project' shall mean any system or facilities for the generation, transmission and transformation, or any of them, of electric power and energy by any means whatsoever including, but not limited to, any one or more electric generating units situated at a particular site.

(7) 'State' shall mean the State of North Carolina.

"§ 159B-4. *Authority of municipalities to jointly cooperate.*-In addition and supplemental to the powers otherwise conferred on municipalities by the laws of the State, and in order to accomplish the purposes of this Chapter and to obtain a supply of electric power and energy for the present and future needs of its inhabitants and customers, a municipality may plan, finance, develop, construct, reconstruct, acquire, improve, enlarge, better, own, operate and maintain an undivided interest as a tenant in common in a project situated within or without the State jointly with one or more other municipalities, or with a joint agency created pursuant to this Chapter, or with municipal corporations or political subdivisions of other states (to the extent permitted by the laws of such other states), and may make such plans and enter into such contracts in connection therewith, not inconsistent with the provisions of this Chapter, as are necessary or appropriate.

Prior to acquiring any such undivided interest the governing board shall determine the needs of the municipality for power and energy based upon engineering studies and reports, and shall not acquire an undivided interest as a tenant in common in a project in excess of that amount of capacity and the energy associated therewith required to provide for its projected needs for power and energy from and after the date the project is estimated to be placed in normal continuous operation and for such reasonable period of time thereafter as shall be determined by the governing board and approved by the North Carolina Utilities Commission in a proceeding instituted pursuant to Section 159B-24 of this Chapter. In determining the future power requirements of a municipality, there shall be taken into account the following:

(1) The economies and efficiencies to be achieved in constructing on a large scale facilities for the generation and transmission of electric power and energy;

(2) The municipality's needs for reserve and peaking capacity and to meet obligations under pooling and reserve sharing agreements reasonably related to its needs for power and energy to which it is or may become a party;

(3) The estimated useful life of such project;

(4) The estimated time necessary for the planning, development, acquisition or construction of such project and the length of time required in advance to obtain, acquire or construct additional power supply; and

(5) The reliability and availability of existing or alternative power supply sources and the cost of such existing or alternative power supply sources.

A determination by such governing board approved by the North Carolina Utilities Commission based upon appropriate findings of the foregoing matters shall be conclusive as to the quantity of the interest which a municipality may acquire in a project unless a party to the proceeding aggrieved by the determination of said Commission shall file notice of appeal pursuant to Article 5 of Chapter 62 of the General Statutes of North Carolina.

Nothing herein contained shall prevent a municipality or municipalities from undertaking studies to determine whether there is a need for a project or whether such project is feasible.

"§ 159B-5. *Joint ownership of a project; provisions of the contract or agreement with respect thereto.*—Each municipality shall own an undivided interest in any project in proportion to the amount of the money furnished or the value of property or other consideration supplied by it for the planning, development, acquisition or construction thereof, and shall be entitled to a percentage share of the output and capacity therefrom equal to such undivided interest.

Each municipality shall be severally liable for its own acts and not jointly or severally liable for the acts, omissions or obligations of others, and no money or property or other consideration supplied by any municipality shall be credited or otherwise applied to the account of any other municipality, nor shall the undivided share of any municipality in a project be charged directly or indirectly with any debt or obligation of any other municipality or be subject to any lien as a result thereof. The acquisition of a project shall include, but shall not be limited to, the purchase or lease of an existing, completed project and the purchase of a project under construction. A municipality participating in the joint planning, financing, construction, reconstruction, acquisition, improvement, enlargement, betterment, ownership, operation or maintenance of any project under this Chapter may furnish money derived solely from the proceeds of bonds or from the ownership and operation of its electric system, or both, and provide property, both real and personal, services and other considerations.

Any contracts entered into by municipalities with respect to joint ownership in a project shall contain such terms, conditions and provisions, not inconsistent with the provisions hereof, as the governing boards of the municipalities shall deem to be in the interests of the municipalities. Any such contracts shall be ratified by resolution of the governing board of each municipality spread upon its minutes. Any such contracts shall include, but shall not be limited to, the following:

(1) The purpose or purposes of the contract;

(2) The duration of the contract;

(3) The manner of appointing or employing the personnel necessary in connection with the project;

(4) The method of financing the project including the apportionment of costs and revenues;

(5) Provisions specifying the ownership interests of the parties in real property used or useful in connection with the project, and the procedures for the disposition of such property when the contract expires, is terminated or when the project, for any reason, is abandoned, decommissioned or dismantled;

(6) Provisions relating to alienation and prohibiting partition of a municipality's undivided interest in a project, which provisions shall not be

subject to any provision of law restricting covenants against alienation or partition;

(7) Provisions for the construction of a project, which may include the determination that one municipality jointly participating or any person, firm or corporation may construct the project as agent for all the parties;

(8) Provisions for the operation and maintenance of a project, which may include the determination that one municipality jointly participating or any person, firm or corporation may operate and maintain the project as agent for all the parties;

(9) Provisions for the creation of a committee of representatives of the municipalities jointly participating with such powers of supervision of the construction and operation of the project as the contract, not inconsistent with the provisions of this Chapter, may provide;

(10) Provisions that if one or more of the municipalities shall default in the performance or discharge of its or their obligations with respect to the project the other party or parties may assume, pro rata, or otherwise, the obligations of such defaulting party or parties and may succeed to such rights and interests of the defaulting party or parties in the project as may be agreed upon in the contract;

(11) Methods for amending the contract;

(12) Methods for terminating the contract; and

(13) Any other necessary or proper matter.

For the purpose of paying its respective share of the cost of a project or projects, a municipality may issue its bonds as provided in this Chapter, and, notwithstanding the provisions of any other law to the contrary, may pledge to the payment of the principal of, premium, if any, and interest on such bonds the revenues, or any portion thereof, derived or to be derived from the ownership and operation of its system or facilities for the generation, transmission, or distribution of electric power or energy or its interest in any joint project or projects, or a combination of such revenues. Provided that all bonds issued under the provisions of this Chapter shall be authorized and issued by the governing board of a city, town, or other unit of municipal government created under the laws of the State.

"§ 159B-6. *Sale of capacity and output by a municipality.*—Capacity or output derived by a municipality from its ownership share of a project not then required by such municipality for its own use and for the use of its consumers may be sold or exchanged by such municipality, for such consideration and for such period and upon such other terms and conditions as may be determined by the parties, to any municipality owning electric distribution facilities in this State, to any electric membership corporation or public utility authorized to do business in this State, or to any state, federal or municipal agency which owns electric generation, transmission or distribution facilities. Provided, however, that the foregoing limitations shall not apply to the temporary sale of excess capacity and energy without the State in cases of emergency or when required to fulfill obligations under any pooling or reserve sharing agreements reasonably related to its needs for power and energy. Provided further, however, that sales of excess capacity or output of a project to electric membership corporations, public utilities, and other persons the interest on whose securities and other obligations is not exempt from taxation by the federal government shall not be made in such amounts, for such periods of time, and under such terms and

conditions as will cause the interest on bonds issued to finance the cost of a project to become taxable by the federal government.

"§ 159B-7. *Licenses, permits, certificates and approvals.*—Municipalities proposing to jointly plan, finance, develop, own and operate a project are hereby authorized, either jointly or separately, to apply to the appropriate agencies of the State, the United States, or any state thereof, and to any other proper agency for such licenses, permits, certificates or approvals as may be necessary, and to construct, maintain and operate projects in accordance with such licenses, permits, certificates or approvals and to obtain, hold and use such licenses, permits, certificates and approvals in the same manner as any other operating unit of any other person.

"§ 159B-8. *Authority to contract with respect to exchange, wheeling, pooling and transmission.*—Municipalities participating in a joint project or projects are hereby authorized to enter into contracts for the exchange, interchange, wheeling, pooling and transmission of electric power and energy produced by such project or projects with any municipality of this State or any other state owning electric distribution facilities, any electric membership corporation, or any public utility, or any state, federal or municipal agency which owns electric generation, transmission or distribution facilities in this State or any other state.

"§ 159B-9. *Creation of joint agencies; board of commissioners.*—(a) The governing boards of two or more municipalities may by resolution or ordinance determine that it is in the best interests of the municipalities in accomplishing the purposes of this Chapter to create a joint agency as prescribed herein for the purpose of undertaking the planning, financing, development, acquisition, construction, reconstruction, improvement, enlargement, betterment, operation and maintenance of a project or projects to supply electric power and energy for their present or future needs as an alternative or supplemental method of obtaining the benefits and assuming the responsibilities of ownership in a project.

In determining whether or not the creation of a joint agency for such purpose is in the best interests of the municipalities, the governing boards shall take into consideration, but shall not be limited to, the following:

(1) Whether or not a separate entity may be able to finance the cost of projects in a more efficient and economical manner;

(2) Whether or not better financial market acceptance may result if one entity is responsible for issuing all of the bonds required for a project or projects in a timely and orderly manner and with a uniform credit rating instead of multiple entities issuing separate issues of bonds;

(3) Whether or not savings and other advantages may be obtained by providing a separate entity responsible for the acquisition, construction, ownership and operation of a project or projects; and

(4) Whether or not the existence of such a separate entity will foster the continuation of joint planning and undertaking of projects, and the resulting economies and efficiencies to be derived from such joint planning and undertaking.

If each governing board shall determine that it is in the best interests of the municipality to create a joint agency to provide power and energy to the municipality as provided in this Chapter, each shall adopt a resolution or ordinance so finding (which need not prescribe in detail the basis for the

determination), and which shall set forth the names of the municipalities which are proposed to be initial members of the joint agency, and shall cause notice of such determination to be given to the presiding officer of the governing board of the municipality who shall thereupon appoint in writing one commissioner of the joint agency.

Any two or more commissioners so named may file with the Secretary of State an application signed by them setting forth (i) the names of all the proposed member municipalities; (ii) the name and official residence of each of the commissioners so far as known to them; (iii) a certified copy of the appointment evidencing their right to office; (iv) a statement that each governing board of each respective municipality appointing a commissioner has made the aforesaid determination; (v) the desire that a joint agency be organized as a public body and a body corporate and politic under this Chapter; and (vi) the name which is proposed for the joint agency.

The application shall be subscribed and sworn to by such commissioners before an officer or officers authorized by the laws of the State to administer and certify oaths.

The Secretary of State shall examine the application and, if he finds that the name proposed for the joint agency is not identical with that of any other corporation of this State or of any agency or instrumentality thereof, or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded as herein provided, the joint agency shall constitute a public body and a body corporate and politic under the name proposed in the application. The Secretary of State shall make and issue to the commissioners executing the application a certificate of incorporation pursuant to this Chapter under the seal of the State, and shall record the same with the application. The certificate shall set forth the names of the member municipalities.

In any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract of the joint agency, the joint agency, in the absence of establishing fraud in the premises, shall be conclusively deemed to have been established in accordance with the provisions of this Chapter upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible in evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof.

Notice of the issuance of such certificate shall be given to all of the proposed member municipalities by the Secretary of State. If a commissioner of any such municipality has not signed the application to the Secretary of State and such municipality does not notify the Secretary of State of the appointment of a commissioner within forty (40) days after receipt of such notice, such municipality shall be deemed to have elected not to be a member of the joint agency. As soon as practicable after the expiration of such forty (40) day period, the Secretary of State shall issue a new certificate of incorporation, if necessary, setting forth the names of those municipalities which have elected to become members of the joint agency. The failure of any proposed member to become a member shall not affect the validity of the corporate existence of the joint agency.

(b) After the creation of a joint agency, any other municipality may become a member thereof upon application to such joint agency after the adoption of a resolution or ordinance by the governing board of the municipality setting forth the determination and finding prescribed in paragraph (a) of this Section 159B-9, and authorizing said municipality to participate, and with the unanimous consent of the members of the joint agency evidenced by the resolutions of their respective governing bodies. Any municipality may withdraw from a joint agency, provided, however, that all contractual rights acquired and obligations incurred while a municipality was a member shall remain in full force and effect.

(c) The joint agency shall consist of a board of commissioners appointed by the respective governing boards of the municipalities which are members of the joint agency. Each municipality shall appoint one commissioner who may, at the discretion of the municipality, be an officer or employee of the municipality, the appointment to be made by resolution or ordinance. Each commissioner shall have not less than one vote and may have in addition thereto such additional votes as the members of the joint agency shall determine. Each commissioner shall serve at the pleasure of the governing board by which he was appointed. Each appointed commissioner before entering upon his duties shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of his office faithfully and impartially, and a record of each such oath shall be filed with the governing board of the appointing municipality and spread upon its minutes.

(d) The board of commissioners of the joint agency shall annually elect one of the commissioners as chairman, another as vice-chairman, and another person or persons, who may but need not be commissioners, as treasurer, secretary, and, if desired, assistant secretary. The office of treasurer may be held by the secretary or assistant secretary. The board of commissioners may also appoint such additional officers as it deems necessary. The secretary or assistant secretary of the joint agency shall keep a record of the proceedings of the joint agency, and the secretary shall be the custodian of all records, books, documents and papers filed with the joint agency, the minute book or journal of the joint agency and its official seal. Either the secretary or the assistant secretary of the joint agency may cause copies to be made of all minutes and other records and documents of the joint agency and may give certificates under the official seal of the joint agency to the effect that such copies are true copies, and all persons dealing with the joint agency may rely upon such certificates.

(e) A majority of the commissioners of a joint agency then in office shall constitute a quorum. A vacancy in the board of commissioners of the joint agency shall not impair the right of a quorum to exercise all the rights and perform all the duties of the joint agency. Any action taken by the joint agency under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each such resolution shall take effect immediately and need not be published or posted. A majority of the votes which the commissioners present are entitled to cast shall be necessary and sufficient to take any action or to pass any resolution, provided that such commissioners present are entitled to cast a majority of the votes of all commissioners of the board.

(f) No commissioner of a joint agency shall receive any compensation for the performance of his duties hereunder, provided, however, that each

commissioner may be paid his necessary expenses incurred while engaged in the performance of such duties.

"§ 159B-10. *Executive committee-composition, powers and duties, terms.*—The board of commissioners of a joint agency may create an executive committee of the board of commissioners. The board may provide for the composition of the executive committee so as to afford, in its judgment, fair representation of the member municipalities. The executive committee shall administer the business of the board of commissioners during intervals between the board's meetings in accordance with its rules, motions or resolutions. The terms of office of the members of the executive committee and the method of filling vacancies therein shall be fixed by the rules of the board of commissioners of the joint agency.

"§ 159B-11. *General powers of joint agencies.*—Each joint agency shall have all of the rights and powers necessary or convenient to carry out and effectuate the purposes and provisions of this Chapter, including, but without limiting the generality of the foregoing, the rights and powers:

(1) To adopt by-laws for the regulation of the affairs and the conduct of its business, and to prescribe rules, regulations and policies in connection with the performance of its functions and duties;

(2) To adopt an official seal and alter the same at pleasure;

(3) To maintain an office at such place or places as it may determine;

(4) To sue and be sued in its own name, and to plead and be impleaded;

(5) To receive, administer and comply with the conditions and requirements respecting any gift, grant or donation of any property or money;

(6) To acquire by purchase, lease, gift, or otherwise, or to obtain options for the acquisition of, any property, real or personal, improved or unimproved, including an interest in land less than the fee thereof;

(7) To sell, lease, exchange, transfer or otherwise dispose of, or to grant options for any such purposes with respect to, any real or personal property or interest therein;

(8) To pledge or assign any money, rents, charges, or other revenues and any proceeds derived by the joint agency from the sales of property, insurance or condemnation awards;

(9) To issue bonds of the joint agency for the purpose of providing funds for any of its corporate purposes;

(10) To study, plan, finance, construct, reconstruct, acquire, improve, enlarge, extend, better, own, operate and maintain, one or more projects and to pay all or any part of the costs thereof from the proceeds of bonds of the joint agency or from any other funds made available to the joint agency;

(11) To authorize the construction, operation or maintenance of any project or projects by any person, firm or corporation, including political subdivisions and agencies of any state, or of the United States;

(12) To acquire by lease, purchase or otherwise an existing project or a project under construction;

(13) To sell or otherwise dispose of any project or projects;

(14) To fix, charge and collect rents, rates, fees and charges for electric power or energy and other services, facilities and commodities sold, furnished or supplied through any project;

(15) To generate, produce, transmit, deliver, exchange, purchase, or sell for resale only, electric power or energy, and to enter into contracts for any or all such purposes;

(16) To negotiate and enter into contracts for the purchase, sale, exchange, interchange, wheeling, pooling, transmission or use of electric power and energy with any municipality in this State or any other state owning electric distribution facilities, any electric membership corporation, any public utility, and any state, federal or municipal agency which owns electric generation, transmission or distribution facilities in this State or any other state;

(17) To make and execute contracts and other instruments necessary or convenient in the exercise of the powers and functions of the joint agency under this Chapter, including contracts with persons, firms, corporations and others;

(18) To apply to the appropriate agencies of the State, the United States or any state thereof, and to any other proper agency for such permits, licenses, certificates or approvals as may be necessary, and to construct, maintain and operate projects in accordance with such licenses, permits, certificates or approvals, and to obtain, hold and use such licenses, permits, certificates and approvals in the same manner as any other person or operating unit of any other person;

(19) To employ engineers, architects, attorneys, real estate counselors, appraisers, financial advisors and such other consultants and employees as may be required in the judgment of the joint agency and to fix and pay their compensation from funds available to the joint agency therefor; and

(20) To do all acts and things necessary, convenient or desirable to carry out the purposes, and to exercise the powers granted to the joint agency herein.

No joint agency shall undertake any project required to be financed, in whole or in part, with the proceeds of bonds without the approval of a majority of its members. Before undertaking any project, a joint agency shall, based upon engineering studies and reports, determine that such project is required to provide for the projected needs for power and energy of its members from and after the date the project is estimated to be placed in normal and continuous operation and for a reasonable period of time thereafter. Prior to or simultaneously with granting a certificate of public convenience and necessity for any such project the North Carolina Utilities Commission, in a proceeding instituted pursuant to Section 159B-24 of this Chapter, shall approve such determination. In determining the future power requirements of the members of a joint agency, there shall be taken into account the following:

(1) The economies and efficiencies to be achieved in constructing on a large scale facilities for the generation and transmission of electric power and energy;

(2) Needs of the joint agency for reserve and peaking capacity and to meet obligations under pooling and reserve sharing agreements reasonably related to its needs for power and energy to which the joint agency is or may become a party;

(3) The estimated useful life of such project;

(4) The estimated time necessary for the planning, development, acquisition, or construction of such project and the length of time required in advance to obtain, acquire or construct additional power supply for the members of the joint agency;

(5) The reliability and availability of existing alternative power supply sources and the cost of such existing alternative power supply sources.

A determination by the joint agency approved by the North Carolina Utilities Commission based upon appropriate findings of the foregoing matters shall be conclusive as to the appropriateness of a project to provide the needs of the members of a joint agency for power and energy unless a party to the proceeding aggrieved by the determination of said Commission shall file notice of appeal pursuant to Article V of Chapter 62 of the General Statutes of North Carolina.

Nothing herein contained shall prevent a joint agency from undertaking studies to determine whether there is a need for a project or whether such project is feasible.

"§ 159B-12. *Sale of capacity and output by a joint agency.*—Any municipality which is a member of the joint agency may contract to buy from the joint agency power and energy required for its present or future requirements, including the capacity and output of one or more specified projects. As the creation of a joint agency is an alternative method whereby a municipality may obtain the benefits and assume the responsibilities of ownership in a project, any such contract may provide that the municipality so contracting shall be obligated to make the payments required by the contract whether or not a project is completed, operable or operating and notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of a project or the power and energy contracted for, and that such payments under the contract shall not be subject to any reduction whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the joint agency or any other member of the joint agency under the contract or any other instrument. Any contract with respect to the sale or purchase of capacity or output of a project entered into between a joint agency and its member municipalities may also provide that if one or more of such municipalities shall default in the payment of its or their obligations with respect to the purchase of said capacity or output, then in that event the remaining member municipalities which are purchasing capacity and output under the contract shall be required to accept and pay for and shall be entitled proportionately to and may use or otherwise dispose of the capacity or output which was to be purchased by the defaulting municipality.

Notwithstanding the provisions of any other law to the contrary, any such contracts with respect to the sale or purchase of capacity, output, power or energy from a project may extend for a period not exceeding fifty (50) years from the date a project is estimated to be placed in normal continuous operation; and the execution and effectiveness thereof shall not be subject to any authorizations or approvals by the State or any agency, commission or instrumentality or political subdivision thereof except as in this Chapter specifically required and provided.

Payments by a municipality under any contract for the purchase of capacity and output from a joint agency shall be made solely from the revenues derived from the ownership and operation of the electric system of said municipality and any obligation under such contract shall not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any property of the municipality or upon any of its income, receipts, or revenues, except the revenues of its electric system, and neither the faith and credit nor the taxing power of the municipality are, or may be, pledged for the payment of any obligation under any such contract. A municipality shall be obligated to fix, charge and collect

rents, rates, fees and charges for electric power and energy and other services, facilities and commodities, sold, furnished or supplied through its electric system sufficient to provide revenues adequate to meet its obligations under any such contract and to pay any and all other amounts payable from or constituting a charge and lien upon such revenues, including amounts sufficient to pay the principal of and interest on general obligation bonds heretofore or hereafter issued by the municipality for purposes related to its electric system.

Any municipality which is a member of a joint agency may furnish the joint agency with money derived solely from the ownership and operation of its electric system or facilities and provide the joint agency with personnel, equipment and property, both real and personal. Any municipality may also provide any services to a joint agency.

Any member of a joint agency may contract for, advance or contribute funds derived solely from the ownership and operation of its electric system or facilities to a joint agency as may be agreed upon by the joint agency and the member, and the joint agency shall repay such advances or contributions from proceeds of bonds, from operating revenues or from any other funds of the joint agency, together with interest thereon as may be agreed upon by the member and the joint agency.

"§ 159B-13. *Sale of excess capacity and output by a joint agency.*—A joint agency may sell or exchange the excess capacity or output of a project not then required by any of its members for such consideration and for such period and upon such other terms and conditions as may be determined by the parties to any municipality owning electric distribution facilities in this State, to any electric membership corporation or public utility authorized to do business in this State, or to any state, federal or municipal agency which owns electric generation, transmission or distribution facilities. Provided, however, that the foregoing limitations shall not apply to the temporary sale of excess capacity and energy without the State in cases of emergency or when required to fulfill obligations under any pooling or reserve sharing agreements. Provided further, however, that sales of excess capacity or output of a project to electric membership corporations, public utilities, and other persons the interest on whose securities and other obligations is not exempt from taxation by the federal government shall not be made in such amounts, for such periods of time, and under such terms and conditions as will cause the interest on bonds issued to finance the cost of a project to become taxable by the federal government.

"§ 159B-14. *Bonds of a joint agency.*—A joint agency may issue its bonds pledging to the payment thereof as to both principal and interest the revenues or any portion thereof, derived or to be derived from all or any of its projects, and any additions and betterments thereto or extensions thereof, or contributions or advances from its members. Bonds of a joint agency shall be authorized by a resolution adopted by its governing board and spread upon its minutes.

"§ 159B-15. *Issuance of bonds.*—(a) Each municipality and joint agency is hereby authorized to issue at one time or from time to time its bonds for the purpose of paying all or any part of the cost of any of the purposes herein authorized. The principal of, premium, if any, and the interest on such bonds shall be payable solely from the respective funds herein provided for such payment. The bonds of each issue shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the issuer. The bonds of each issue shall be dated and shall

mature in such amounts and at such time or times, not exceeding 50 years from their respective date or dates, as may be determined by the governing board of the issuer, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the governing board of the issuer prior to the issuance of the bonds. The governing board of the issuer shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bond, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The governing board of the issuer may also provide for the authentication of the bonds by a trustee or fiscal agent. The bonds may be issued in coupon or in fully registered form, or both, as the governing board of the issuer may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds.

(b) The proceeds of the bonds of each issue shall be used solely for the purposes for which such bonds have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the governing board of the issuer may provide in the resolution authorizing the issuance of such bonds or in any trust agreement securing the same. The municipality or joint agency may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The municipality or joint agency may also provide for the replacement of any bonds which shall have become mutilated or shall have been destroyed or lost.

(c) Bonds may be issued under the provisions of this Chapter without obtaining, except as otherwise expressly provided in Section 159B-24 of this Chapter, the consent of the State or of any political subdivision, or of any agency, commission or instrumentality of either thereof, and without any other approvals, proceedings or the happening of any conditions or things other than those approvals, proceedings, conditions or things which are specifically required by this Chapter and the provisions of the resolution authorizing the issuance of such bonds or the trust agreement securing the same.

"§ 159B-16. *Resolution or trust agreement.*—In the discretion of the governing board of the issuer, any bonds issued under the provisions of this Chapter may be secured by a trust agreement by and between the issuer and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders and of the trustee as may be reasonable and proper and not in violation of law, and may restrict the individual right of action by bondholders. The trust agreement or the resolution providing for the issuance of such bonds may contain covenants including, but not limited to, the following:

1. The pledge of all or any part of the revenues derived or to be derived from the project or projects to be financed by the bonds or from the electric system or facilities of a municipality or a joint agency.

2. The rents, rates, fees and charges to be established, maintained, and collected, and the use and disposal of revenues, gifts, grants and funds received or to be received by the municipality or joint agency.

3. The setting aside of reserves and the investment, regulation and disposition thereof.

4. The custody, collection, securing, investment, and payment of any moneys held for the payment of bonds.

5. Limitations or restrictions on the purposes to which the proceeds of sale of bonds then or thereafter to be issued may be applied.

6. Limitations or restrictions on the issuance of additional bonds; the terms upon which additional bonds may be issued and secured; or the refunding of outstanding or other bonds.

7. The procedure, if any, by which the terms of any contract with bondholders may be amended, the percentage of bonds the bondholders of which must consent thereto, and the manner in which such consent may be given.

8. Events of default and the rights and liabilities arising thereupon, the terms and conditions upon which bonds issued under this Chapter shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

9. The preparation and maintenance of a budget.

10. The retention or employment of consulting engineers, independent auditors, and other technical consultants.

11. Limitations on or the prohibition of free service to any person, firm or corporation, public or private.

12. The acquisition and disposal of property, provided that no project or part thereof shall be mortgaged by such trust agreement or resolution.

13. Provisions for insurance and for accounting reports and the inspection and audit thereof.

14. The continuing operation and maintenance of the project.

"§ 159B-17. *Revenues.*—(a) A municipality is hereby authorized to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its electric system or its interest in any joint project. For so long as any bonds of a municipality are outstanding and unpaid, the rents, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its electric system, and its interest in any joint project, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, to pay when due the principal of, premium, if any, and interest on all general obligation bonds heretofore or hereafter issued to finance additions, improvements and betterments to its electric system, and to pay any and all amounts which the municipality may be obligated to pay from said revenues by law or contract.

(b) A joint agency is hereby authorized to fix, charge, and collect rents, rates, fees and charges for electric power and energy and other services, facilities and

commodities sold, furnished or supplied through the facilities of its projects. For so long as any bonds of a joint agency are outstanding and unpaid, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its projects, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, and to pay any and all amounts which the joint agency may be obligated to pay from said revenues by law or contract.

(c) Any pledge made by a municipality or joint agency pursuant to this Chapter shall be valid and binding from the date the pledge is made. The revenues, securities, and other moneys so pledged and then held or thereafter received by the municipality or joint agency or any fiduciary shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the municipality or joint agency without regard to whether such parties have notice thereof. The resolution or trust agreement or any financing statement, continuation statement or other instrument by which a pledge is created need not be filed or recorded in any manner.

"§ 159B-18. *Trust funds.*—Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this Chapter, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Chapter. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds may provide that any of such moneys may be temporarily invested and reinvested pending the disbursements thereof in such securities and other investments as shall be provided in such resolution or trust agreement, and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulation as this Chapter and such resolution or trust agreement may provide.

"§ 159B-19. *Remedies.*—Any holder of bonds issued under the provisions of this Chapter or any of the coupons appertaining thereto, and the trustee under any trust agreements, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder, or, to the extent permitted by law, under such trust agreement or resolution authorizing the issuance of such bonds or under any agreement or other contract executed by the municipality or joint agency pursuant to this Chapter, and may enforce and compel the performance of all duties required by this Chapter or by such trust agreement or resolution to be performed by any joint agency or municipality or by any officer thereof, including the fixing, charging and collecting of rents, rates, fees and charges.

"§ 159B-20. *Status of bonds under Uniform Commercial Code.*—Whether or not the bonds and interest coupons appertaining thereto are of such form and character as to be investment securities under Article 8 of the Uniform Commercial Code as enacted in this State, all bonds and interest coupons

appertaining thereto issued under this Article are hereby made investment securities within the meaning of and for all the purposes of Article 8 of the Uniform Commercial Code as enacted in this State, subject only to the provisions of the bonds pertaining to registration.

"§ 159B-21. *Bonds eligible for investment.*—Bonds issued by a municipality or joint agency under the provisions of this Chapter are hereby made securities in which all public officers and agencies of the State and all political subdivisions, all insurance companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or any political subdivision for any purpose for which the deposit of bonds or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

"§ 159B-22. *Agreement of the State.*—The State does hereby covenant and agree with the holders of any bonds that so long as any bonds of a municipality or joint agency are outstanding and unpaid the State will not limit or alter the rights vested in such municipality or joint agency to acquire, construct, reconstruct, improve, enlarge, better, extend, own, operate and maintain its electric system or any project or interest therein, as the case may be, or to establish, maintain, revise, charge, and collect the rents, rates, fees and charges referred to in this Chapter and to fulfill the terms of any agreements made with the holders of the bonds or in any way impair the rights and remedies of the bondholders, until the bonds, together with interest thereon, interest on any unpaid installment of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders, are fully paid, met and discharged.

"§ 159B-23. *Limited liability.*—The bonds shall be special obligations of the municipality or joint agency issuing them. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the municipality or joint agency, nor shall they constitute a legal or equitable pledge, charge, lien, or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the funds which are pledged under the resolution authorizing the bonds or the trust agreement securing the bonds. Neither the faith and credit nor the taxing power of a municipality or of the State are, or may be, pledged for the payment of the principal of or interest on the bonds, and no holder of the bonds shall have the right to compel the exercise of the taxing power by the State or a municipality or the forfeiture of any of its property in connection with any default thereon. Every bond shall recite in substance that the principal of and interest on the bond is payable solely from the revenues pledged to its payment and that the municipality or joint agency is not obligated to pay the principal or interest except from such revenues.

"§ 159B-24. *Approvals and sale of bonds.*—Prior to the acquisition or the commencement of construction of any project to be financed by the issuance of bonds under the provisions of this Chapter, the participating municipalities or joint agency, as the case may be, shall first obtain a certificate of public convenience and necessity and, in the same proceeding, the approval required by Section 159B-4 hereof, in the case of the participating municipalities, or the approval required by Section 159B-11 hereof, in the case of a joint agency, from

the North Carolina Utilities Commission under such rules, regulations and procedures as the Commission may prescribe.

No municipality or joint agency shall issue any bonds pursuant to this Chapter unless and until, and only to the extent that, the issuance of such bonds is approved by the Local Government Commission. A participating municipality or joint agency shall file with the Secretary of the Local Government Commission an application for commission approval of the issuance of the bonds upon such form as the said Commission may prescribe, which form shall provide for the submission of such information as the Secretary may require concerning the proposed bond issue, the details thereof and the security therefor. Before he accepts the application, the Secretary may require the governing board or its representatives to attend a preliminary conference at which time the Secretary and his deputies may informally discuss the details of the proposed issue and the security therefor.

After an application in proper form has been filed, and after a preliminary conference if one is required, the Secretary shall notify the municipality or joint agency in writing that the application has been filed and accepted for submission to the Commission. The Secretary's statement shall be conclusive evidence that the municipality or joint agency, as the case may be, has complied with the requirements of this section with respect to the filing of an application for approval by the said Local Government Commission.

In determining whether a proposed bond issue shall be approved, the Commission may consider:

(1) The municipality's or joint agency's debt management procedures and policies.

(2) Whether the municipality or joint agency is in default with respect to any of its debt service obligations.

(3) Whether, based upon feasibility reports submitted to it, the probable revenues of the project to be financed or the revenues of the municipality's electric system, as the case may be, will be sufficient to service the proposed bonds.

The Commission may inquire into and give consideration to any other matters that it may believe to have a bearing on whether the issue should be approved except matters which are expressly required by the provisions of this Chapter to be determined by the North Carolina Utilities Commission.

The Commission shall approve the application if, upon the information and evidence it receives, it finds and determines:

(1) That, based upon engineering studies and feasibility reports submitted to it, the principal amount of the proposed bonds will be adequate and not excessive for the proposed purpose of the issue.

(2) That the municipality's or joint agency's debt management procedures and policies are good, or that reasonable assurances have been given that its debt will henceforth be managed in strict compliance with law.

(3) That the requirements of this Chapter with respect to the issuance of the bonds and the details thereof and security therefor have been, or will be, satisfied.

(4) That the issuance of the proposed bonds will effectuate the purposes and policies of this Chapter.

After considering an application, the Local Government Commission shall enter its order either approving or denying the application. An order approving

an issue shall not be regarded as an approval of the legality of the bonds in any respect.

If the Commission enters an order denying the application, the proceedings under this section shall be at an end.

At any time after the Commission approves an application for the issuance of bonds, the governing board of the issuer may adopt a bond resolution or enter into a trust agreement in accordance with the provisions of this Chapter, and may thereafter at one time, or from time to time, issue the bonds as provided herein.

Upon the filing with the Local Government Commission of a resolution of the issuer requesting that its bonds be sold, such bonds may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interest of the issuer and effectuate best the purposes of this Chapter, provided that such sale shall be approved by the issuer.

Except as herein expressly provided, bonds may be issued and sold under the provisions of this Chapter without obtaining the approval or consent of any other department, division, commission, board, bureau or agency of the State, and without any other proceeding or the happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this Chapter.

"§ 159B-25. *Refunding bonds.*—A municipality or joint agency is hereby authorized to provide by resolution for the issuance of refunding bonds of the municipality or joint agency for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this Chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the municipality or joint agency in respect to the same shall be governed by the provisions of this Chapter which relate to the issuance of bonds, insofar as such provisions may be appropriate therefor.

"§ 159B-26. *Tax exemption.*—Bonds, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation by the State or any political subdivision or any agency of either thereof, excepting inheritance or gift taxes.

"§ 159B-27. *Taxes; payments in lieu of taxes.*—A project jointly owned by municipalities or owned by a joint agency shall be exempt from property taxes; provided, however, that each municipality possessing an ownership share of a project, and a joint agency owning a project, shall, in lieu of property taxes, pay to any governmental body authorized to levy property taxes the amount which would be assessed as taxes on real and personal property of a project if such project were otherwise subject to valuation and assessment by the State Board of Assessment. Such payments in lieu of taxes shall be due and shall bear interest if unpaid, as in the cases of taxes on other property. Payments in lieu of taxes made hereunder shall be treated in the same manner as taxes for purposes of all procedural and substantive provisions of law. Power and energy derived from a municipality's ownership share in a project and power and energy sold by a joint agency shall be subject to taxes; provided, however, that the tax on power and

energy derived from a municipality's ownership share in a project shall be based on the cost of production and transmission thereof.

Except as herein expressly provided with respect to jointly owned projects or projects owned by a joint agency no other property of a municipality used or useful in the generation, transmission and distribution of electric power and energy shall be subject to payments in lieu of taxes.

"§ 159B-28. *Personnel.*—Personnel employed or appointed by a municipality to work on a joint project or for a joint agency shall have the same authority, rights, privileges and immunities (including coverage under the workmen's compensation laws) which the officers, agents and employees of the appointing municipality enjoy within the territory of that municipality, whether within or without the territory of the appointing municipality, when they are acting within the scope of their authority or in the course of their employment.

Personnel employed or appointed directly by a joint agency or by a non-profit operating agency of the participating municipalities or of the joint agency, shall be qualified for participation in the North Carolina Local Government Employees Retirement System with the same rights, privileges, obligations and responsibilities as they would have if they were employees of a municipality.

"§ 159B-29. *Dissolution of joint agencies.*—Whenever the board of commissioners of a joint agency and the governing boards of its member municipalities shall by resolution or ordinance determine that the purposes for which the joint agency was formed have been substantially fulfilled and that all bonds theretofore issued and all other obligations theretofore incurred by the joint agency have been fully paid or satisfied, such board of commissioners and governing boards may declare the joint agency to be dissolved. On the effective date of such resolution or ordinance, the title to all funds and other property owned by the joint agency at the time of such dissolution shall vest in the member municipalities of the joint agency as provided in this Chapter and the by-laws of the joint agency.

"§ 159B-30. *Annual reports.*—Each joint agency shall, following the closing of each fiscal year, submit an annual report of its activities for the preceding year to the governing boards of its member municipalities and to the North Carolina Utilities Commission. Each such report shall set forth in a form prescribed by the North Carolina Utilities Commission a complete operating and financial statement covering the operations of the joint agency during such year. The joint agency shall cause an audit of its books of record and accounts to be made at least once in each year by certified public accountant(s) and the cost thereof may be treated as a part of the cost of construction of a project or projects, or otherwise as part of the expense of administration of a project covered by such audit.

The municipalities possessing ownership interests in a project shall, following the closing of each fiscal year, submit a consolidated or combined annual report of their activities with respect to such project for the preceding year to the respective governing boards of such municipalities and to the North Carolina Utilities Commission. Each such report shall set forth in a form prescribed by the North Carolina Utilities Commission a complete operating and financial statement covering the operations of the jointly owned project during such year. The municipalities possessing ownership interests in a project shall cause an audit of the books of record and accounts relating to such project to be made at least once in each year by certified public accountant(s) and the cost thereof

may be treated as a cost of construction of the project, or otherwise as part of the expenses of the administration of the project covered by such audit.

"§ 159B-31. *Legislative consent to the application of laws of other states.*—Legislative consent is hereby given (a) to the application of the laws of other states with respect to taxation, payments in lieu of taxes, and the assessment thereof, to any municipality or joint agency created pursuant to this Chapter, which has acquired or has an interest in a project, real or personal, situated without the State, or which owns or operates a project without the State pursuant to this Chapter, and (b) to the application of regulatory and other laws of other states and of the United States to any municipality or joint agency which owns or operates a project without the State.

"§ 159B-32. *Government grants and loans.*—The governing board of any municipality or joint agency is hereby authorized to make application and to enter into contracts for and to accept grants-in-aid and loans from the federal and State governments and their agencies for planning, acquiring, constructing, expanding, maintaining and operating any project or facility, or participating in any research or development program, or performing any function which such municipality or joint agency may be authorized by general or local law to provide or perform.

In order to exercise the authority granted by this section, the governing board of any municipality or joint agency may:

(1) Enter into and carry out contracts with the State or federal government or any agency or institution thereof under which such government, agency or institution grants financial or other assistance to the municipality or joint agency;

(2) Accept such assistance or funds as may be granted or loaned by the State or federal government with or without such a contract;

(3) Agree to and comply with any reasonable conditions which are imposed upon such grants or loans;

(4) Make expenditures from any funds so granted.

AN ACT TO PROVIDE FOR THE SAFETY AND HEALTH OF MINERS IN THE STATE OF NORTH CAROLINA, TO PROVIDE FOR THE ENFORCEMENT AND ADMINISTRATION OF THIS ACT, AND TO PROVIDE AUTHORIZATION TO ENTER INTO AN AGREEMENT BETWEEN THE STATE AND THE FEDERAL GOVERNMENT.

The General Assembly of North Carolina enacts:

Section 1. Short title and legislative purpose. (a) This act shall be known as the Mine Safety and Health Act of North Carolina.

(b) Legislative findings and purpose:

(1) The General Assembly finds that the burden of operators and miners of this State's mines resulting from personal injuries and illnesses arising out of work situations is substantial; that the prevention of these injuries and illnesses is an important objective of the government of this State; that the greatest hope in attaining this objective lies in programs of research, engineering, education, and enforcement, and in earnest cooperation of the federal and state governments, operators, and miners.

(2) The General Assembly of North Carolina declares it to be its purpose and policy through the exercise of its powers to assure so far as possible every worker in North Carolina's mines safe and healthful working conditions and to preserve our human resources:

(i) by encouraging operators and miners in their effort to reduce the number of occupational safety and health hazards in mines and to stimulate and assist operators and miners to institute new programs and to perfect existing programs for providing safe and healthful working conditions through technical assistance and consultation;

(ii) by recognizing that operators and miners have separate but interdependent responsibilities and rights with respect to achieving safe and healthful working conditions;

(iii) by authorizing the commissioner to develop occupational safety and health standards applicable to mines giving consideration to the needs of operators and miners and to adopt standards promulgated from time to time by the federal government;

(iv) by providing occupational health criteria which will assure insofar as practicable that no miner will suffer diminished health, functional capacity, or life expectancy as a result of his work experience in a mine;

(v) by providing education and training programs to increase the number and competence of personnel engaged in the field of occupational safety and health;

(vi) by providing an effective enforcement program which shall include a prohibition against giving advance notice of a mine inspection;

(vii) by providing for appropriate reporting procedures with respect to occupational safety and health which will help achieve the objectives of this act

and accurately describe the nature of the occupational safety and health problems in mines;

(viii) by providing for research and technical assistance in the field of occupational safety and health in mines and by developing innovative methods, techniques, and approaches for dealing with occupational safety and health problems in mines; and

(ix) by authorizing the commissioner to enter into agreements and contracts with public and private agencies, including agencies of the United States government, organizations, and individuals in order to carry out the ends and purposes of this act.

(c) The General Assembly of North Carolina appoints the North Carolina Department of Labor as the designated agency to administer the Mine Safety and Health Act of North Carolina.

Sec. 2. Definitions. In this act, unless the context otherwise requires:

(a) The term "Accident" means an unexpected event resulting in injury to, illness of, or death of a person or persons as a result of mining operations and any mine explosion, mine ignition, mine fire, mine inundation, mine cave-in, or other event which could have readily resulted in serious physical harm.

(b) The term "Advisory Council" shall mean the advisory council or body authorized to be established under this act.

(c) The term "Agent" means any person charged by the operator with responsibility for the operation of all or part of a mine or supervision of the miners in a mine, and for the purposes of this act includes contractors, subcontractors, or independent contractors employed by the operator to perform any work or services at, in, or on the mine.

(d) The term "Commissioner" means the Commissioner of Labor of North Carolina.

(e) The term "Director" means the person authorized under Section 19 of this act and appointed by the commissioner for the purpose of assisting in the administration of this act.

(f) The term "Imminent Danger" means the existence of any condition or practice in a mine which could reasonably be expected to cause death or serious physical harm immediately to any miner if such condition or practice is not abated at once.

(g) The term "Mine" means an area of land and all private ways and roads appurtenant thereto, structures, facilities, machinery, tools, equipment, shafts, slopes, tunnels, excavations, and other property, real or personal, placed or constructed on, under, or above the surface of such land by any person, used in, or to be used in, or resulting from (including the reclamation of mined areas or the storage of materials in mined areas), or to facilitate the work of exploring for, developing of, or extracting by any means or method in such area all minerals, inorganic and organic, from their natural deposits. The term "mine" also includes all mineral processing and milling facilities except those used in the processing of source materials as defined in the Atomic Energy Act of 1954, as amended.

(h) The term "Miner" means any individual, other than an operator or an agent, working in or about a mine.

(i) The term "Operator" means an individual, partnership, association, corporation, firm, subsidiary of a corporation, or other organization owning, operating, leasing, controlling, or supervising a mining operation.

(j) The term "State" means the State of North Carolina.

Sec. 3. Coverage. Each mine shall be subject to the provisions of this act, and each operator of such mine shall comply with all standards, rules, regulations, orders, and notices adopted or issued under this act. The operator of such mine shall be responsible for the health and safety of all miners in a mine and shall assure insofar as practicable conditions of work and places of work free from hazards that are causing or are likely to cause death or serious physical harm.

Sec. 4. Safety and health standards. (a) The commissioner shall develop, adopt, revise, and promulgate safety and health standards for the purpose of the protection of life, the promotion of safety and health, and the prevention of "accidents" in mines which are subject to this act. In the development of safety and health standards, the commissioner shall consult with the Advisory Council, interested federal agencies, appropriate representatives of other State agencies, appropriate representatives of mine operators and miners, and other interested persons and organizations whose participation would further the purposes of this act.

(b) In developing and promulgating safety standards pursuant to this section, the commissioner shall include standards with respect to the training of miners in first aid, safety, the proper use of rescue equipment available within mines, and periodic evacuation drills and disaster procedure training.

(c) The Division of Health Services of the Department of Human Resources shall have primary responsibility for research and the recommendation of health standards to the commissioner to effectuate the purposes of this act, and nothing in this subsection shall affect the authority of the commissioner with respect to the promulgation and enforcement of both safety and health standards.

(d) The procedures utilized for the adoption and promulgation of safety and health standards, including notice and public hearings, shall be in accordance with the Administrative Procedure Act of North Carolina as the same appears in Chapter 150A of the General Statutes.

Sec. 5. Modification of safety and health standards. Upon petition by an operator, a representative of miners, or a miner, the commissioner may modify the application of any safety and health standard to a mine if the commissioner determines that an alternative method of protecting the miners will guarantee the same measure of protection afforded the miners by the standard, or will enhance the level of safety and health provided by that standard. Upon receipt of such petition the commissioner shall give public notice thereof and give notice to the operator, the representative of miners, or the miner in the affected mine, as appropriate, and shall cause such investigation to be made as he deems appropriate. Such investigation shall provide an opportunity for a public hearing, at the request of such operator, representative of the miners, or miner to enable the operator, the representative of miners, or miner in such mine or any interested party to present information relating to the modification of such standard. The commissioner shall issue a decision incorporating his findings of fact therein and send a copy thereof to the operator, the representative of the

miners, or miner as appropriate. Any such hearing shall be of record and shall be subject to judicial review in accordance with the Administrative Procedure Act of North Carolina as the same appears in Chapter 150A of the General Statutes.

Sec. 6. Advisory Council. (a) The commissioner shall appoint an advisory council consisting of seven members to assist him in the development of safety and health standards for mines which are subject to this act and to advise him on matters relating to safety and health in such mines. Said advisory council shall include three members expressly qualified by experience and affiliation to present the viewpoint of operators of such mines, three persons similarly qualified to present the viewpoint of workers in such mines, and a chairman. The members of the advisory council shall serve at the pleasure of the commissioner and shall have no specific term of office.

(b) The advisory council shall hold not fewer than two meetings during each calendar year, and said meetings shall be open to the public. The commissioner shall furnish to the advisory council such secretarial, clerical, and other services as he deems necessary to conduct its business.

(c) The members of the advisory council shall be compensated for travel expenses and per diem as authorized by the Advisory Budget Commission in accordance with those amounts paid to State boards under Chapter 138 of the General Statutes.

(d) The commissioner may from time to time select representatives of professional organizations of technicians, professional persons specializing in occupational safety and health, and representatives of State agencies who by experience and affiliation are qualified to present the viewpoint of operators of mines and workers in mines to assist the advisory council in performing its duties. Such persons, except State employees, selected for temporary purposes may be paid such per diem and travel expenses for attending meetings as may be fixed by the Advisory Budget Commission and recommended by the commissioner.

Sec. 7. Inspections and investigations. (a) The commissioner through the director shall make as many inspections and investigations in mines each year as are deemed necessary to effectively and accurately fulfill the requirements of:

(1) obtaining, utilizing, and disseminating information relating to health and safety conditions, the causes of "accidents" and causes of illnesses and physical impairments originating in such mines,

(2) gathering information with respect to the necessity for health and safety standards,

(3) determining whether an imminent danger exists,

(4) determining whether or not there is compliance with safety and health standards or with any notice, order, or decision issued under this act.

(5) In carrying out the requirements of (4) of this subsection, no advance notice of an inspection shall be provided to any mine operator, official, miner, representative of the miners, or other person, except that the commissioner or director may authorize the giving of advance notice only when such notice is essential to the effectiveness of the inspection.

(b) For the purpose of making any inspection or investigation under this act, the commissioner or his authorized representative shall have a right of entry to, upon, or through any mine at reasonable times.

(c) For the purpose of making any investigation of any "accident" relating to safety and health in a mine, the commissioner may, after notice, hold

hearings, and may issue subpoenas for the attendance and testimony of persons and the production of relevant documents, and administer oaths in any investigation conducted by him. In case of contumacy or refusal to obey a subpoena served upon any person under this section, the general court of justice, superior court division, of the county in which such person is found or resides or transacts business, upon application by the commissioner and after notice to such person, shall have jurisdiction to determine whether such person shall be punished as for contempt of court.

(d) In the event of an "accident" occurring in a mine, the operator shall notify the commissioner or the director thereof at such time as may be required and shall take appropriate measures to prevent the destruction of any evidence which would assist in investigating the cause or causes thereof. In the event of any "accident" occurring in a mine where rescue and recovery work is necessary, the commissioner through the director shall take whatever action he deems appropriate to protect the life of any person, and he may, if he deems it appropriate, supervise and direct the rescue and recovery activity in such mine.

(e) In the event of any "accident" occurring in a mine, the commissioner through the director may issue such orders as he deems appropriate to insure the safety of any person in the mine, and the operator of such mine shall obtain the approval of the commissioner or his authorized representative in consultation with appropriate federal representatives, when feasible, of any plan to recover any person in the mine or to recover the mine or to return affected areas of the mine to normal.

(f) Whenever any miner or representative of the miners has reasonable grounds to believe that a violation of a safety or health standard exists, or that an imminent danger exists, such miner or representative of the miners may request an inspection by giving notice to the commissioner or the director of such violation or danger. Any such notice shall be reduced to writing, shall set forth with reasonable particularity the grounds for the notice, and shall show the name of the miner, be signed by the miner or representative of the miners, and a copy shall be provided the operator or his agent no later than at the time of inspection, except that, upon request of the person giving such notice, his name and the names of individual miners referred to therein shall not appear in such copy. If, after receipt of such notification, the commissioner finds that there are reasonable grounds to believe a violation may exist, a special inspection shall be made as soon as practicable to determine if, in fact, such violation or danger does exist under the provisions of this act.

(g) At the commencement of any inspection of a mine by the commissioner or his authorized representative, under subsection (a)(3) or subsection (a)(4) of this section, the authorized representative of the miners at the mine at the time of such inspection shall be given an opportunity to accompany the commissioner or his authorized representative on such inspection, to inform the commissioner or his authorized representative of conditions and practices in the mine, without loss or deduction in pay. Where there is no authorized representative of the miners, the commissioner or his authorized representative shall have the right to consult with a reasonable number of miners concerning matters of safety and health in the work place.

Sec. 8. Findings, notices, and orders. (a)(1) If, upon any inspection of a mine, the commissioner or his authorized representative finds that an imminent danger exists, he shall determine the area throughout which such danger exists,

and thereupon shall issue forthwith an order requiring the operator of the mine or his agent to cause immediately all persons, except as provided in subsection (d) of this section, to be withdrawn from, and to be prohibited from entering, such area until the commissioner or his authorized representative determines such imminent danger no longer exists.

(2) If, upon any inspection of a mine, the commissioner or his authorized representative finds that an imminent danger exists with respect to the condition or manner of use of any equipment, machinery, article, or apparatus, he shall thereupon issue an order requiring the operator or his agent to cause immediately such equipment, machinery, article, or apparatus to be withdrawn from, and to be prohibited from, use or operation until the commissioner or his authorized representative determines that such imminent danger no longer exists.

(3) As a result of any investigation of any "accident" or as a result of any other investigation or tests performed, the commissioner or his authorized representative may cause to be withdrawn and prohibited from use or operation in any mine any equipment, machinery, article, or apparatus the use of which is likely to cause serious physical harm or an "accident" until the commissioner or his authorized representative determines that such equipment, machinery, article, or apparatus has been repaired, modified, reconditioned, or altered in such manner that "accidents" or serious physical harm will thereafter be avoided.

(b) If, upon any inspection of a mine, the commissioner or his authorized representative finds that there has been a violation of any safety and health standard but the violation has not created an imminent danger, he shall issue a notice to the operator or his agent fixing a reasonable time for the abatement of the violation. If, upon the expiration of the period as originally fixed or subsequently extended, the commissioner or his authorized representative finds that the violation has not been totally abated, and if he also finds that the period of time should not be further extended, he shall find the extent of the area affected by the violation and shall promptly issue an order requiring the operator of such mine or his agent to cause immediately all persons, except as provided in subsection (d) of this section, to be withdrawn from, and to be prohibited from entering, such area until the commissioner or his authorized representative determines that the violation has been abated.

(c) If, upon any inspection of a mine, the commissioner or his authorized representative finds that there has been a repeated violation of a safety or health standard which could reasonably be expected to result in serious physical harm to any miner, he shall issue forthwith an order requiring the operator of the mine or his agent to cause immediately all persons, except as provided in subsection (d) of this section, to be withdrawn from, and to be prohibited from entering, such area until the commissioner or his authorized representative determines that the violation has been abated.

(d) The following persons may enter, upon approval of the commissioner or his authorized representative, any area of a mine subject to an order issued under this section:

(1) Any person whose presence in such area is necessary, in the judgement of the operator or the commissioner or his authorized representative, to eliminate the condition described in the order;

(2) A public official whose official duties require him to enter such area;

(3) A representative of the miners in such mine who, in the judgement of the operator or the commissioner, or his authorized representative, is qualified to make mine examinations or who is accompanied by such a person and whose presence in such area is necessary for the investigation of the condition described in the order;

(4) A consultant to any of the foregoing.

(e) Notices and orders issued pursuant to this section shall contain a detailed description of the conditions or practices which cause and constitute an imminent danger or a violation of any safety or health standard and where appropriate, a description of the area of the mine from which persons must be withdrawn and prohibited from entering, and a description of the equipment, machinery, article, or apparatus which shall be withdrawn and prohibited from use or operation.

(f) A notice or order issued pursuant to this section may be modified, vacated, or terminated upon review by the commissioner or his authorized representative.

Sec. 9. Issuance and delivery of notices, orders, and decisions. (a) All notices or orders issued under Section 8 shall be in writing, signed by the commissioner or his authorized representative, and shall be given promptly to the operator of the mine.

(b) In order to insure prompt compliance with all notices, orders, or decisions issued under this act, the commissioner or his authorized representative may deliver such notices, orders, or decisions to an agent of the operator, and such agent shall immediately take appropriate measures to insure compliance with such notice, order, or decision.

(c) Each operator of a mine shall file with the commissioner the name and address of such mine and the name and address of the operator of the mine. Any revisions in such names or addresses shall be promptly filed with the commissioner. Each operator of a mine shall designate a responsible official, and shall file the name and address of said official with the commissioner, as the principal officer in charge of safety and health at such mine, and such official shall receive a copy of any notice, order, or decision issued under this act affecting such mine. In any case, where the mine is subject to the control of any person not directly involved in the daily operations of the mine, there shall be filed with the commissioner the name and address of such person and the name and address of a principal official who shall have overall responsibility for the conduct of an effective safety and health program at any mine subject to the control of such person, and such official shall receive a copy of any notice, order, or decision issued affecting any such mine. The mere designation of a safety and health official under this subsection shall not be construed as making such official subject to any penalty under this act.

Sec. 10. Review by the commissioner. (a) An operator issued a notice or order pursuant to the provisions of Sections 8 and 9 of this act may apply to the commissioner for review of the notice or order within 30 days of receipt thereof or within 30 days of its modification.

(1) The applicant, at the same time, shall send a copy of such application to the representative of the miners, if any, in the mine or all affected miners.

(2) Upon a receipt of such application, the commissioner shall cause such investigations to be made as he deems appropriate. Such investigations shall provide an opportunity for a public hearing, at the request of the operator or the

representative of the miners in such mine or affected miners, to enable the operator or the representative of the miners in such mine or affected miners to present information relating to the issuance and continuance of such notice or order or the modification, vacation, or termination thereof.

(3) The operator and the representative of the miners, if any, or affected miners shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any such hearing shall be of record and shall be subject to the rules of evidence applicable in the district and superior courts of this State. Interested parties shall have an opportunity to appear, present evidence, and examine witnesses.

(b) Upon receiving the report of such investigation, the commissioner shall make findings of fact, and he shall issue a written decision, incorporating therein an order vacating, affirming, modifying, or terminating any notice or order issued.

(c) In view of the urgent need for prompt decision of matters submitted to the commissioner under this section, action shall be taken as promptly as practicable, consistent with adequate consideration of the issues involved.

(d) All notices and orders issued under this act shall be stayed while such notice or order is under review, except that orders issued under Section 8(a) shall not be stayed.

Sec. 11. Judicial review. Any final order or decision issued by the commissioner under this act shall be subject to judicial review in accordance with the Administrative Procedure Act of North Carolina as the same appears in Chapter 150A of the General Statutes.

Sec. 12. Injunctions. The commissioner through the director may institute a civil action for relief, including a permanent or temporary injunction, restraining order, or any other appropriate order in the superior court of the county in which a mine is located or in which the operator of such mine has his principal office, whenever such operator or his agent (a) violates or fails or refuses to comply with any final order or decision issued under this act, or (b) interferes with, hinders, or delays the commissioner in carrying out the provisions of this act, or (c) refuses to admit the commissioner or his authorized representative to the mine, or (d) refuses to permit the inspection of the mine, or the investigation of an accident or occupational illness occurring in, or connected with, such mine, or (e) refuses to furnish any information or report requested by the commissioner in furtherance of the provisions of this act.

Sec. 13. Mandatory reporting. Under such regulations as he may prescribe, the commissioner shall require that:

(a) Operators of mines which are subject to this act submit, at least annually and at such other times as he deems necessary, and in such form as he may prescribe, reports of "accidents", injuries, occupational disease, and related data, and the commissioner through the director shall compile, analyze, and publish, either in summary or detailed form, the information obtained; and all information, reports, orders, or findings, obtained or issued under this act may be published and released to any interested person, and shall be made available for public inspection.

(b) All "accidents" shall be investigated by the operator or his agent to determine the cause and the means of preventing a recurrence. Records of such "accidents" and investigations shall be kept, and the information shall be made readily available for inspection by the commissioner or his authorized

representative. Such records shall include man-hours worked and shall be reported for periods determined by the commissioner, but at least annually.

AN ACT TO ALLOW INCOME TAX DEDUCTIONS FOR EXPENSES ACTUALLY INCURRED FOR THE CARE OF DEPENDENTS NECESSARY FOR GAINFUL EMPLOYMENT.

The General Assembly of North Carolina enacts:

Section 1. Article 4 of Subchapter I, Chapter 105 of the General Statutes, is hereby amended by adding a new subsection (26) at the end of G.S. 105-147, to read as follows:

"(26)a. In the case of an individual who maintains a household which includes as a member one or more qualifying individuals, there shall be allowed as a miscellaneous deduction an amount for employment-related expenses as defined in subsection b.2. not to exceed four hundred dollars ($400.00) during any one month.

In the case of such expenses for services outside the taxpayer's household incurred for the care of a qualifying individual described in b.1.(a) below, the amount allowed during any one month shall not exceed one hundred dollars ($100.00) per qualifying individual, subject, however, to the four hundred dollar ($400.00) limitation set out above.

b. For the purposes of this subsection:

1. The term 'qualifying individual' means:
   (a) a dependent of the taxpayer who is under the age of 15 and with respect to whom the taxpayer is entitled to a deduction under G.S. 105-149(5);
   (b) a dependent of the taxpayer who is physically or mentally incapable of caring for himself; or
   (c) the spouse of the taxpayer, if the spouse is physically or mentally incapable of caring for himself or herself.

2. The term 'employment-related expenses' means amounts paid for expenses for household service and for the care of a qualifying individual, but only if such expenses are incurred to enable the taxpayer to be gainfully employed.

3. (a) For the purposes of this subsection, an individual shall be treated as maintaining a household for any period only if over half of the cost of maintaining the household during such period is furnished by such individual.
   (b) In the case of a married person living with his or her spouse and such spouse is maintaining the household, the deduction provided for herein shall be allowed for employment-related expenses in connection with any qualifying individuals, except as limited herein, of the spouse not maintaining the household.

c. Income Limitation. If the adjusted gross income of the taxpayer exceeds eighteen thousand dollars ($18,000) for the taxable year during which the expenses are incurred, the amount of the employment-related expenses incurred

during any month of such year which may be taken into account under this section shall (after the application of subsections d.3.) be further reduced by that portion of one-half of the excess of the adjusted gross income over eighteen thousand dollars ($18,000) which is properly allocable to such month. For purposes of the preceding sentence, if the taxpayer is married during any period of the taxable year, there shall be taken into account the combined adjusted gross incomes of the taxpayer and his spouse for such period.

d. 1. If the taxpayer is married and living with his spouse for any period during the taxable year, there shall be taken into account employment-related expenses incurred during any month of such period only if:

(a) both spouses are gainfully employed on a substantially full time basis, or

(b) the spouse is a qualifying individual described in subsection (b)(1)c.

2. No deduction shall be allowed under this subsection for any amount paid by the taxpayer to an individual bearing a relationship to the taxpayer described in G.S. 105-149(5) (relating to definition of 'dependent'), if that individual resides in the taxpayer's household when the service is performed or is a spouse of the taxpayer.

3. In the case of employment-related expenses incurred during any taxable year solely with respect to a qualifying individual (other than an individual who is also described in subsection (26)b.1.(a)), the amount of such expenses which may be taken into account for purposes of this section shall be reduced:

(a) if such individual is described in subsection (26)b.1.(b), by the amount by which the sum of:

(i) such individual's adjusted gross income for such taxable year, and

(ii) the disability payments received by such individual during such year, exceeds one thousand dollars ($1000), or

(b) in the case of a qualifying individual described in subsection (26)b.1.(c), by the amount of disability payments received by such individual during the taxable year.

For purposes of this paragraph, the term 'disability payment' means a payment (other than a gift) which is made on account of the physical or mental condition of an individual and which is not included in gross income.

e. If a husband and wife are living together at the end of the taxable year, no deduction under this subsection shall be allowed unless they file a combined return for the year.

f. No deduction shall be allowed under this subsection unless the taxpayer completes and attaches to his return the necessary form or forms as may be required by the Secretary of Revenue, nor shall any deduction be allowed under G.S. 105-147(11) for amounts claimed under this subsection."

Sec. 2. G.S. 105-148 is amended by repealing subsection (5) thereof in its entirety.

"§ 62-10. *Number, appointment and terms of commissioners; chairmen; vacancies; compensation; practice of law prohibited.*—(a) The North Carolina Utilities Commission shall consist of seven commissioners who shall be appointed by the Governor subject to confirmation by the General Assembly in joint session. The names of commissioners to be appointed by the Governor shall be submitted by the Governor to the General Assembly for confirmation by the General Assembly on or before May 1 of the year in which the terms for which the appointments are to be made are to expire. Upon failure of the Governor to submit names as herein provided, the Lieutenant Governor and Speaker of the House jointly shall submit the names of a like number of commissioners to the General Assembly on or before May 15 of the same year for confirmation by the General Assembly. Regardless of the way in which names of commissioners are submitted, confirmation of commissioners must be accomplished prior to adjournment of the then current session of the General Assembly. This subsection shall be subject to the provisions of subsection (c) of this section.

(b) The terms of the commissioners now serving shall expire at the conclusion of the term for which they were appointed which shall remain as before with two regular eight-year terms expiring on July 1 of each fourth year after July 1, 1965, and the fifth term expiring on July 1 of each eighth year after July 1, 1963. The terms of office of utilities commissioners thereafter shall be eight years commencing on July 1 of the year in which the predecessor terms expired, and ending on July 1 of the eighth year thereafter.

(c) In order to increase the number of commissioners to seven, the names of two additional commissioners shall be submitted to the General Assembly on or before May 27, 1975, for confirmation by the General Assembly as provided in G.S. 62-10(a). The commissioners so appointed and confirmed shall serve new

terms commencing on July 1, 1975, one of which shall be for a period of two years (with the immediate successor serving for a period of six years), and one of which shall be for a period of two years.

Thereafter, the terms of office of the additional commissioners shall be for eight years as provided in G.S. 62-10(b).

(d) A commissioner in office shall continue to serve until his successor is duly confirmed and qualified but such holdover shall not affect the expiration date of such succeeding term.

(e) On July 1, 1965, and every four years thereafter, one of the commissioners shall be designated by the Governor to serve as chairman of the commission for the succeeding four years and until his successor is duly confirmed and qualifies.

(f) In case of death, incapacity, resignation or vacancy for any other reason in the office of any commissioner prior to the expiration of his term of office, the name of his successor shall be submitted by the Governor within four weeks after the vacancy arises to the General Assembly for confirmation by the General Assembly. Upon failure of the Governor to submit the name of the successor, the Lieutenant Governor and Speaker of the House jointly shall submit the name of a successor to the General Assembly within six weeks after the vacancy arises. Regardless of the way in which names of commissioners are submitted, confirmation of commissioners must be accomplished prior to the adjournment of the then current session of the General Assembly. If the General Assembly is not in session and the appointment is deemed urgent by the Governor, the commissioner may be appointed and serve on an interim basis pending confirmation by the General Assembly.

(g) The salary of each commissioner shall be the same as that fixed from time to time for judges of the superior court except that the commissioner designated as chairman shall receive one thousand dollars ($1,000) additional per annum.

(h) The prohibition of the practice of law by judges provided in G.S. 84-2 shall also apply to all of the commissioners."

Sec. 4. Article 4 of Chapter 62 of the General Statutes is hereby amended by adding a new section to be designated G.S. 62-60.1, and to read as follows:

The chairman of the commission insofar as practicable shall assign the members to panels in such fashion that each member sits a substantially equal number of times with each other member and that each member sits a substantially equal number of times on different types of proceedings. The chairman shall designate the presiding commissioner of all panels in a rotating manner.

(b) Any order or decision made unanimously by a panel of three commissioners shall constitute the order or decision of the commission, except as otherwise provided in this Chapter; provided, however, that upon motion of any three commissioners not sitting on the panel, made within 10 days of issuance of such order or decision of the panel, with notice to parties of record, the order or decision of the panel shall thereby be stayed and the full commission shall review the order or decision of the panel and shall within 30 days of said motion either affirm or modify the order or decision of the panel or remand the matter to the panel for further proceedings; provided that the

foregoing shall not limit the right of parties to seek review of such order or decision under G.S. 62-90.

(c) In the event an order or decision of the panel of three is not made unanimously, such order or decision shall be a recommended order only subject to review by the full commission, with all commissioners eligible to participate in the final arguments and decision. Review shall take place in accordance with the provisions of G.S. 62-78 and the commission shall decide the matter in controversy and make appropriate order or decision thereon within 60 days of the date of the recommended order. If within the filing period specified by the panel no exception has been filed by a party, or if the commission within the same period has not advised the parties that it will conduct a review upon its own motion, the recommended order or decision shall become the final order or decision of the commission. Nothing in this section shall amend or repeal the provisions of G.S. 62-134.

(d) This section shall become effective July 1, 1975, and shall not affect the utilization of or the procedures outlined for utilization of a hearing commissioner or a hearing examiner as provided for elsewhere in Chapter 62."

Sec. 5. G.S. 62-76(b) is hereby deleted in its entirety.

Sec. 6. G.S. 62-81(a), as the same appears in the 1974 Cumulative Supplement to Volume 2B, is hereby amended as follows:

"(b) In matters where the total annual revenue requested or where the total annual revenue increase requested is less than fifty thousand dollars ($50,000), even though all or a substantial portion of the rate structure is being initially established or is under review, the chairman of the commission may refer the matter to a panel of three commissioners, or to a hearing commissioner or to a hearing examiner for hearing."

Sec. 7. G.S. 62-82(a), as the same appears in the 1974 Cumulative Supplement to Volume 2B, is hereby amended as follows:

Sec. 8. G.S. 62-134 is hereby amended by adding a new subsection (e) to read as follows:

"(e) Notwithstanding the provisions of this Article, upon application by any public utility for permission and authority to increase its rates and charges based solely upon the increased cost of fuel used in the generation or production of electric power, the commission shall suspend such proposed increase for a period not to exceed 90 days beyond the date of filing of such application to increase rates. Upon motion of the commission or application of any person having an interest in said rate, the commission shall set for hearing any request for decrease in rates or charges based solely upon a decrease in the cost of fuel. The commission shall promptly investigate applications filed pursuant to provisions of this subsection and shall hold a public hearing within 30 days of

the date of the filing of the application to consider such application, and shall base its order upon the record adduced at the hearing, such record to include all pertinent information available to the commission at the time of hearing. The order responsive to an application shall be issued promptly by the commission but in no event later than 90 days from the date of filing of such application. A proceeding under this subsection shall not be considered a general rate case. All monthly fuel adjustment rate increases based solely upon the increased cost of fuel, as to each public utility, as presently approved by the commission shall fully terminate effective September 1, 1975, except that the same shall be earlier terminated as to each such public utility upon the effective date of any final order of the commission under this section; provided, however, that the termination date of September 1, 1975, shall not apply to any public utility which has filed an application under this subsection on or before July 1, 1975, and where the commission has not issued a final order by September 1, 1975."

If such a symbol is found indicating that the prisoner suffers from one of those conditions, the officer must make a reasonable effort to have appropriate medical care provided.

AN ACT TO PROVIDE FOR AND ESTABLISH ELECTION AND APPOINTMENT PROCEDURES FOR MEMBERS OF THE CITY OF CLINTON SCHOOL ADMINISTRATIVE UNIT.

The General Assembly of North Carolina enacts:

Section 1. Board of education composition for the Clinton City School Administrative Unit. The Board of Education for the City of Clinton School Administrative Unit (hereinafter referred to as board) shall continue to be composed of the present five appointed members whose acts shall be afforded all legal force and effect until a new board, as created by this act, shall be duly qualified, as hereinafter defined.

It is the purpose of this act to create a board eventually composed of five members with the three such members having been elected at large on a nonpartisan basis by the end of the 1978 primary elections and with the remaining two such board members having been appointed, all as hereinafter set forth in this and subsequent sections.

All board members whether elected or appointed shall serve individual four-year terms after 1978 with each such member's term, whether arising prior to or subsequent to 1978, being determined and limited as hereinafter noted and explained.

Sec. 2. Election and appointment; qualifications. The present board is to consist of five appointed members, as noted in Section 1, and these members shall continue to serve as presently constituted until 1976 when two board positions shall be elected by public election, to replace two of the existing board members. Such election shall be conducted at the same time of and in conjunction with the election of Sampson County School Board members, as

provided in G.S. 115-19. Subsequent to such election and immediately upon the qualification of the two newly elected board members, the five board members constituting said board of education prior to the 1976 election shall be required to agree, or in lieu thereof to draw lots, whereby the following results are attained: Two such board members shall be retired from the board; one such board member shall be appointed to serve a four-year term identical to that of the two newly elected members; and the two remaining original board members (those occupying board seats prior to 1976) shall be appointed to serve two-year appointed terms. The board shall thereupon consist of two elected members serving four-year terms, one member serving a four-year appointive term and two members serving two-year appointive terms.

The board, thus constituted, shall continue to serve until 1978 when one board membership position shall be determined by public election and such elected member shall replace one of the board members earlier appointed for a two-year term. Such election shall be conducted at the same time of and in conjunction with the election of Sampson County School Board members, as hereinabove noted. Subsequent to such election and immediately upon the qualification of the newly elected board member the board shall appoint one member to replace the remaining member who had been appointed in 1976 for a two-year term and the one member, so appointed in 1978, shall be appointed for a four-year term. The board shall thereupon consist of one member elected for a four-year term and whose term will expire in 1982, two members elected in 1976 whose terms will expire in 1980, one member appointed in 1976 whose appointive term will end in 1980, and one newly appointed member whose term shall expire in 1982.

The system of board representation shall thereafter continue, using the elective and appointive process hereinabove described, to the end that one member is appointed and one member is elected in one biennium and two members are elected and one member appointed in the succeeding biennium.

Those persons who shall be elected members of the board and those persons who shall be appointed members of the board must qualify by taking the oath of office on or before the second Monday in June next succeeding their election or appointment, as the case may be, or as soon thereafter as possible, but in any event no later than the first Monday of July next succeeding their election or appointment. A failure to qualify within that time shall constitute a vacancy which shall be filled as set out in G.S. 115-24.

Notwithstanding any provision contained within this section that might be construed to the contrary, nothing herein shall prevent a duly qualified board from appointing one of its members whose term terminates, as heretofore explained, to succeed himself for a new appointive term.

All board members whether elected or appointed shall continue to serve with all legal authority until their successors shall be duly qualified, as hereinabove required.

Sec. 3. Eligibility for voting and board membership. Any individual qualified to vote in a Sampson County general election, as by law provided, and who is a registered resident of that legally defined geographical area now or hereafter encompassed by the Clinton City School Administrative Unit shall be eligible to vote in all elections required by this act. Provided, however, that such residents shall be required to comply with all reasonable rules or regulations formulated by the Sampson County Board of Elections regarding special

registration for proof of residency as a prerequisite to the right to vote guaranteed herein.

Eligibility for board membership shall be limited only as set forth in G.S. 115-25.

Sec. 4. County board of elections to control election procedures. The Sampson County Board of Elections, under the direction of the State Board of Elections, shall make all necessary provisions for elections as herein required, and shall exercise all powers, duties and responsibilities in conducting such elections as set forth in Chapter 163 of the North Carolina General Statutes. Said county board of elections shall supervise and control the definite establishment of the geographical area encompassed by the City of Clinton School Administrative Unit, as now or hereafter legally defined, and shall supervise and control a special election district for such school's administrative unit. The Sampson County Board of Elections shall further supervise, control and actively assist in setting up and maintaining a special voter registration system for said city administrative unit. Except as otherwise provided herein, the election of board of education members shall be conducted according to the provisions of Chapter 163 of the North Carolina General Statutes governing primary elections.

Sec. 5. Board member death or resignation. All vacancies in the membership of the board by death, resignation, or other causes shall be filled by appointment by the remaining members of the board, of a person to serve the remainder of the term left unfilled as the result of such vacancy.

Sec. 6. Organization of board. At the first meeting of the new board held subsequent to new board membership qualification such board shall organize by electing one of their members as chairman for a period of one year, or until his or her successor is elected and qualified. The chairman shall preside at all board meetings, and in the event of his absence or sickness, the board may appoint one of their members temporary chairman. The superintendent of the city administrative unit shall be ex officio secretary to the board and he or she shall keep the minutes of all board meetings but shall have no vote. Provided that in the event of a vacancy in said superintendency, the board may elect one of its members or some other school official to serve temporarily as secretary to the board.

Sec. 7. Nonconflicting retention of general and special laws or acts. This act is to be in addition to and not in substitution of Chapter 115 of the North Carolina General Statutes and any other general or special acts relating directly or indirectly to the City of Clinton School Administrative Unit and all such general or special acts are to remain in full force and effect except to the extent that they are in direct conflict with the provisions of this act.

Sec. 8. Object of board structure. The appointive aspect of this act was designed and perpetuated for the purpose of insuring that existing and future board members shall be required to make every reasonable effort to appoint new board members, as allowed by this act, which new appointed board member, when compared to board members then serving, fairly represents the racial, ethnic and sexual composition of the geographical area encompassed by the Clinton City School Administrative Unit.

Sec. 9. Effective dates of act. This act shall be in full force and effect from and after its ratification.

Any foreclosure proceeding instituted pursuant to this section shall be deemed a proceeding *in rem* and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded as a substantial mistake or omission. The town council's determination of such actual costs shall be deemed conclusive. Upon amendment as provided by this subsection, the petition shall be deemed effective as if originally submitted with the amended costs set forth therein. Provided, however, any anticipated costs set forth in the approved petition which shall have been determined under any schedule of charges approved by the town council shall, for the purpose of this section, be deemed the actual costs of providing such service.

Section 1. The General Statutes of North Carolina are hereby amended by the addition of a new Chapter 31B to read as follows:

"Chapter 31B.

"§ 31B-1. *Right to renounce succession.*—(a) A person who succeeds to a property interest as:

(1) heir, or
(2) next of kin, or
(3) devisee, or

or the attorney in fact of any of the above may renounce in whole or in part the right of succession to any property or interest therein, including a future interest, by filing a written instrument under the provisions of this Chapter. Provided, however, there shall be no right of partial renunciation if the decedent or donee of the power expressly so provided in the instrument creating the interest.

(b) In no event shall the persons who succeed to the renounced interest receive from the renouncement a greater share than the renouncer would have received.

(c) The instrument shall (1) describe the property or interest renounced, (2) declare the renunciation and extent thereof, (3) be signed and acknowledged by the person authorized to renounce.

"§ 31B-2. *Time and place of filing.*—(a) An instrument renouncing a present interest shall be filed not later than seven months after the death of the decedent or the donee of the power.

(b) An instrument renouncing a future interest shall be filed not later than six months after the event by which the taker of the property or interest is finally ascertained and his interest indefeasibly vested and he is entitled to possession.

(c) The renunciation shall be filed with the clerk of court of the county in which proceedings have been commenced for the administration of the estate of the deceased owner or deceased donee of the power or, if they have not been commenced, in which they could be commenced. Every renunciation provided for in this subsection shall be recorded and cross-indexed by the clerk in a record entitled 'Renunciation'. The record of renunciation shall contain:

(1) The name of the renouncer;

(2) The name of the estate affected by the renunciation;

(3) The date of the death of the decedent or donee of the power and the date of renunciation.

A copy of the renunciation shall be delivered in person or mailed by registered or certified mail to any personal representative, or other fiduciary of the decedent or donee of the power. If the property interest renounced includes any proceeds of a life insurance policy being renounced pursuant to G.S. 31B-1(a)(5) the person renouncing shall mail, by registered or certified mail, a copy of the renunciation to the insurance company issuing the policy.

(d) If real property or an interest therein is renounced, a copy of the renunciation shall also be filed for recording in the office of the register of deeds of all counties wherein any part of the interest renounced is situated. "§ 31B-3. *Effect of renunciation.*—Unless the decedent or donee of the power has otherwise provided in the instrument creating the interest, the property or interest renounced devolves as if the renouncer had predeceased the decedent or,

if the renouncer is designated to take under a power of appointment exercised by a testamentary instrument, as if the renouncer had predeceased the donee of the power. A future interest that takes effect in possession or enjoyment after the termination of the estate or interest renounced takes effect as if the renouncer had predeceased the decedent or the donee of the power. A renunciation relates back for all purposes to the date of the death of the decedent or the donee of the power.

"§ 31B-4. *Waiver and bar.*—(a) The right to renounce property or an interest therein is barred by

(1) an assignment, conveyance, encumbrance, pledge, or transfer of the property or interest, or a contract therefor by the person authorized to renounce,

H. B. 74 CHAPTER 427

AN ACT TO ESTABLISH A HEALTH CARE LIABILITY REINSURANCE EXCHANGE.

The General Assembly of North Carolina enacts:

Section 1. Chapter 58 of the General Statutes of North Carolina is amended by adding a new Article thereto as follows:

"Article 18C.

"North Carolina Health Care Liability Reinsurance Exchange.

"§ 58-173.29. *Declarations and purpose of the Article.*—It is hereby declared by the General Assembly of North Carolina that the availability of health care liability insurance for physicians and surgeons, dentists, nurses, nurse

anesthetists, hospitals and others engaged in the healing practicing arts is necessary for the economic welfare of the State and that without such insurance health care services may be severely curtailed; and that while the need for such insurance is increasing, the supply is not adequate and is likely to become less adequate in the future; and that present plans to provide adequate health care liability insurance in North Carolina have not been sufficient to meet the needs of our citizens. It is further declared that the State has an obligation to provide an equitable method whereby every insurer licensed to write general liability insurance in North Carolina be required to meet this market demand. It is the purpose of this Article to define this obligation and provide a mandatory program to assure an adequate supply of health care liability insurance coverages in the State of North Carolina.

"§ 58-173.30. *Scope.*—This Article shall apply to all kinds of health care liability insurance for physicians and surgeons, dentists, nurses, nurse anesthetists, hospitals and others engaged in the healing practicing arts which is designed to afford protection against liability that may arise from rendering or failing to render services of a professional nature.

"§ 58-173.31. *Construction.*—This Article shall be liberally construed to effect the purposes of this Article which shall constitute aid and guide to interpretation.

"§ 58-173.32. *Definitions.*—As used in this Article:

(5) 'Company' means each member of the Exchange.

(6) 'Person' means every natural person, firm, partnership, association, corporation or government or agency thereof.

(7) 'Plan of operation' means the plan of operation approved pursuant to the provisions of this Article.

liability arising out of the ownership, operation, maintenance and use of a motor vehicle as defined in G.S. 20-4.01.

(10) 'Health care liability insurance' means insurance against legal liability of the insured caused by injury arising out of the rendering of, or failure to render, health care services by the insured, or by any person for whose acts or omissions such insured is legally responsible.

"§ 58-173.33. *North Carolina Health Care Liability Reinsurance Exchange; creation; membership.*—(1) There is created a nonprofit unincorporated legal entity to be known as the North Carolina Health Care Liability Reinsurance Exchange consisting of all insurers licensed to write and engaged in writing within this State general liability insurance or any component thereof except town and county mutual insurance associations and assessable mutual companies as authorized by G.S. 58-77(5)b, G.S. 58-77(5)d and G.S. 58-77(7)b. Every such insurer, as a prerequisite to further engaging in writing such insurance in this State, shall be a member of the Exchange and shall be bound by the rules of operation thereof as provided for in this Article and as promulgated by the Board of Governors. No company may withdraw from membership in the Exchange unless it ceases to write general liability insurance in this State or ceases to be licensed to write such insurance.

(2) The Exchange shall be under the immediate supervision of the Commissioner and shall be subject to applicable provisions of the insurance laws of this State.

"§ 58-173.34. *Obligations after termination of membership.*—Any company whose membership in the Exchange has been terminated by withdrawal shall, nevertheless, with respect to its business prior to midnight of the effective date of such termination continue to be governed by this Article.

"§ 58-173.35. *Insolvency.*—Any unsatisfied net liability to the Exchange of any insolvent member shall be assumed by and apportioned among the remaining members in the Exchange in the same manner in which assessments or gain are apportioned by the Exchange. The Exchange shall have all rights allowed by law in behalf of the remaining members against the estate or funds of such insolvent for sums due the Exchange in accordance with this Article.

"§ 58-173.36. *Merger, consolidation or cession.*—When a member has been merged or consolidated into another insurer, or has ceded its entire general liability insurance business in the State to another insurer, such company or its successor in interest shall remain liable for all obligations hereunder and such company and its successor in interest and the other insurers with which it has been merged or consolidated shall continue to participate in the Exchange according to the rules of operation.

"§ 58-173.37. *General obligations of insurers.*—Except as otherwise provided in this Article all insurers as a prerequisite to the further engaging in this State in the writing of general liability insurance or any component thereof shall accept and insure any applicant therefor who is an eligible risk if cession of the particular coverage and coverage limits applied for are permitted in the Exchange. All such insurers shall equitably share the results of any health care liability insurance business ceded to and through the Exchange and shall be bound by the acts of their agents in accordance with the provision of this Article. No insurer shall impose upon any of its agents, solely on account of ceded business received from such agents, any quota or matching requirement for any other insurance as a condition for further acceptance of ceded business

from such agents. Any insurer with obligations under this section may elect with approval of the Exchange to assign the underwriting, issuance of policies, and claim handling to a designated carrier approved by the Board of Governors. Assignment of these functions, however, shall not relieve an insurer of its obligation to share proportionately in the financial operation of the Exchange.

"§ 58-173.38. *General obligations of agents.*—Except as otherwise provided in this Article, no licensed agent of an insurer authorized to solicit and accept premiums for general liability insurance or any component thereof by the company he represents shall refuse on behalf of said company to accept any application from an eligible risk for health care liability insurance and to immediately bind the coverage applied for and for a period of not less than one year if cession of the particular coverage and coverage limits applied for are permitted in the Exchange, provided the application is submitted during the agent's normal business hours, at his customary place of business and in accordance with the agent's customary practices and procedures. The compensation to agents on ceded business shall not be less than the customary compensation paid on business not ceded.

"§ 58-173.39. *The Exchange; functions; administration.*—(a) The operation of the Exchange shall assure the availability of all health care liability insurance coverages to any eligible risk by means of reinsurance and the Exchange shall accept for transfer to the account of all members, the profit or loss of the business ceded in accordance with this Article, the plan of operation adopted pursuant thereto, and any amendments to either.

(b) The Exchange shall reinsure for each coverage available therein to the standard percentage of one hundred percent (100%) as follows: For the following coverages of health care liability insurance and in at least the following amounts of insurance; bodily injury and property damage liability: Per occurrence twenty-five thousand dollars ($25,000), annual aggregate seventy-five thousand dollars ($75,000).

(c) Additional ceding privileges for health care liability insurance shall be provided by the Board of Governors if there is substantial demand for a coverage or coverage limit of any component of health care liability insurance up to the following: Per occurrence one hundred thousand dollars ($100,000), annual aggregate three hundred thousand dollars ($300,000).

(d) Further additional ceding privileges for health care liability insurance shall be provided by the Board of Governors if there is substantial demand for excess coverage of health care liability insurance up to the following: per occurrence one million dollars ($1,000,000), annual aggregate one million dollars ($1,000,000).

(e) The Exchange shall require each member to adjust losses for ceded business fairly and efficiently in the same manner as other insurance losses are adjusted and to effect settlement where settlement is appropriate; however, the Exchange shall provide reasonable means whereby any insurer may elect to assign the underwriting, issuance of policies, and claim handling to a designated carrier approved by the Board of Governors. Assignment of these functions, however, shall not relieve an insurer of its obligation to share proportionately in the financial operation of the Exchange.

(f) The Exchange shall be administered by a Board of Governors. The Board of Governors shall consist of nine members having one vote each from the classifications hereinafter enumerated plus the Commissioner who shall serve *ex*

officio without vote. Each Exchange insurance company member serving on the Board shall be represented by a senior officer of the company. Not more than one company in a group under the same ownership or management shall be represented on the Board at the same time. Five members of the Board shall be selected by the member insurers, which members shall be fairly representative of the industry. To insure representative member insurers, one each shall be selected from the following groups: The American Insurance Association (or its successors), the American Mutual Insurance Alliance (or its successors), the National Association of Independent Insurers (or its successors), all other stock insurers not affiliated with the above groups, and all other nonstock insurers not affiliated with the above groups. The Commissioner of Insurance shall appoint four members of the Board who shall be fire and casualty insurance agents licensed in this State and actively engaged in writing general liability insurance in this State. The Commissioner shall select one agent from among a list of two nominees submitted by the Independent Insurance Agents of North Carolina, Inc., and one agent from among a list of two nominees submitted by the Carolinas Association of Mutual Insurance Agents, North Carolina Division. The initial term of office of said Board members shall be two years. Following completion of initial terms, successors to the members of the original Board of Governors shall be selected to serve three years. All members of the Board of Governors shall serve until their successors are selected and qualified and the Commissioner may fill any vacancy on the Board from any of the aforementioned classifications until such vacancies are filled in accordance with the provisions of this Article.

(g) The Commissioner and member companies shall provide for a Board of Governors within 30 days after ratification of this Article. If any member seat on the initial Board of Governors is not filled in accordance with this Article within such time, then, in that event the Commissioner shall appoint natural persons from any of the classifications specified in subsection (f) of this section to serve the initial term on the Board of Governors. As soon as possible after its selections, the Commissioner shall call for the initial meeting of the Board. After the Board of Governors has been selected it shall then elect from its membership a chairman and shall then meet thereafter as often as the chairman shall require or at the request of three members of the Board of Governors. The chairman shall retain the right to vote on all issues. Five members of the Board of Governors shall constitute a quorum. The same member may not serve as chairman for more than two consecutive years.

(h) The Board of Governors shall have full power and administrative responsibility for the operation of the Exchange. Such administrative responsibility shall include but not be limited to:

(1) Proper establishment and implementation of the Exchange.

(2) Employment of a manager who shall be responsible for the continuous operation of the Exchange and such other employees, officers and committees as it deems necessary.

(3) Provision for appropriate housing and equipment to assure the efficient operations of the Exchange.

(4) Promulgation of reasonable rules and regulations for the administration and operation of the Exchange and delegation to the manager of such authority as it deems necessary to insure the proper administration and operation thereof.

(i) Except as may be delegated specifically to others in the plan of operation or reserved to the members, power and responsibility for the establishment and operation of the Exchange is vested in the Board of Governors, which power and responsibility include but are not limited to the following:

(1) To sue and be sued in the name of the Exchange. No judgment against the Exchange shall create any direct liability to the individual member companies of the Exchange.

(2) To receive and record reinsurance cessions from member companies.

(3) To assess members on the basis of participation ratios established in the plan of operation to cover anticipated or incurred costs of operation and administration of the Exchange at such intervals as are established in the plan of operation.

(4) To contract for goods and services from others to assure the efficient operation of the Exchange.

(5) To hear and determine complaints of any company, agent or other interested party concerning the operation of the Exchange.

(6) To review the market for health care liability insurance throughout North Carolina to make certain that eligible risks can readily obtain such insurance and to provide in the plan of operation a reasonable means for achieving this objective. The Exchange is authorized to require all companies in a fair and equitable manner who are writers of general liability insurance in this State to appoint and license any fire and casualty agent duly licensed to write insurance in North Carolina, in such places where a market need has been demonstrated, to be their agent to write health care liability insurance.

(7) To maintain all loss, expense, and premium data relative to all risks reinsured in the Exchange, and to require each member to furnish such statistics relative to insurance reinsured by the Exchange and statistics on such insurance not reinsured in the Exchange at such times and in such form and detail as may be required.

(8) To establish fair and reasonable procedures for the sharing among the members of profit and loss on Exchange business and other costs, charges, expenses, liabilities, income, property and other assets of the Exchange and for assessing or distributing to members their appropriate shares. Such shares may be based on the member's direct written premium for general liability insurance or by any other fair and reasonable method.

(9) To receive or distribute all sums required by the operation of the Exchange.

(10) To accept all risks submitted from the companies in accordance with this Article.

(11) To establish procedures for reviewing claims practices of member companies to the end that claims to the account of the Exchange will be handled fairly and efficiently.

(12) To adopt and enforce all rules and to do anything else where the Board is not elsewhere herein specifically empowered which is otherwise necessary to accomplish the purpose of the Exchange and is not in conflict with the other provisions of this Article.

(j) Each member company shall authorize the Exchange to audit that part of the company's business which is written subject to the Exchange in a manner and time prescribed by the Board of Governors.

(k) The Board of Governors shall fix a date for an annual meeting and shall annually meet on that date. Twenty days' notice of such meeting shall be given in writing to all members of the Board of Governors.

(l) There shall be furnished to each member an annual report of the operation of the Exchange in such form and detail as may be determined by the Board of Governors.

(m) Each member shall furnish statistics in connection with insurance subject to the Exchange as may be required by the Exchange. Such statistics shall be furnished at such time and in such form and detail as may be required but at least will include premiums, charges, expenses and losses.

"§ 58-173.40. *Plan of operation.*—(a) Within 60 days after the initial organizational meeting, the Exchange shall submit to the Commissioner, for his approval, a proposed plan of operation, consistent with the provisions of this Article, which shall provide for economical, fair and nondiscriminating administration and for the prompt and efficient provision on health care liability insurance to eligible risks. Should no plan be submitted within the aforesaid 60-day period, then the Commissioner of Insurance shall formulate and place into effect a plan consistent with the provisions of this Article.

(b) The plan of operation, unless sooner approved in writing, shall be deemed to meet the requirements of the Article if it is not disapproved by order of the Commissioner within 30 days from the date of filing. Prior to the disapproval of all or any part of the proposed plan of operation the Commissioner shall notify the Exchange in what respect the plan of operation fails to meet the specific requirements of this Article. The Exchange shall, within 30 days thereafter, submit for his approval a revised plan of operation which meets the specific requirements of this Article. In the event the Exchange fails to submit a revised plan of operation which meets the specific requirements of this Article within the aforesaid 30-day period, the Commissioner of Insurance shall enter an order accordingly and shall immediately thereafter formulate and place into effect a plan consistent with the provisions of this Article.

(c) Any revision of the proposed plan of operation or any subsequent amendments to an approved plan of operation shall be subject to approval or disapproval by the Commissioner in the manner herein provided in subsection (b) with respect to the initial plan of operation.

(d) Any order of the Commissioner with respect to the plan of operation or any revision of (or) amendment thereof shall be subject to court review as provided in G.S. 58-9.3.

(e) Upon approval of the Commissioner of the plan so submitted or the promulgation of a plan deemed approved by the Commissioner, all insurance companies licensed to write general liability insurance in this State or any component thereof as a prerequisite to further engaging in writing such insurance shall formally subscribe to and participate in the plan so approved.

The plan of operation shall provide for, among other matters, the establishment of necessary facilities, the management of the Exchange, the preliminary assessment of all members for initial expenses necessary to commence operations, the assessment of members to defray losses and expenses, the distribution of gains, the standard amount one hundred percent (100%) of

coverage afforded on eligible risks which a member company may cede to the Exchange, and the procedure by which reinsurance shall be accepted by the Exchange; and establish procedure for receiving and maintaining separate statistics on all health care liability insurance written by each member company; and shall further provide that:

(1) Members of the Board of Governors shall receive reimbursement from the Exchange for their actual and necessary expenses incurred on Exchange business, en route to perform Exchange business, and while returning from Exchange business plus a per diem allowance of twenty-five dollars ($25.00) a day which may be waived.

(2) In order to obtain a transfer of business to the Exchange effective when the binder or policy or renewal thereof first becomes effective, the company must within 30 days of the binding or policy effective date notify the Exchange of the identification of the insured, the coverage and limits afforded, classification data, and premium. The Exchange shall accept risks at other times on receipt of necessary information, but such acceptance shall not be retroactive. The Exchange shall accept renewal business after the member on underwriting review elects to again cede the business.

"§ 58-173.41. *No limit on cessions - compulsory cessions.*—Upon receipt by the company of a risk which it does not elect to retain, the company shall follow such procedures for ceding the risk as are established by the plan of operation. A company may cede to the Exchange one hundred percent (100%) of its health care liability insurance business in North Carolina. In order to prevent significant adverse selection resulting from cessions to the Exchange, the Board of Governors upon a finding of significant adverse selection shall require one hundred percent (100%) ceding by all members of the coverages on any of the separate eligible risk categories enumerated in G.S. 58-173.32(4). There shall be a presumption that significant adverse selection exists if for any period of one year or more the result from dividing the losses incurred by the premiums earned on business ceded to the Exchange is in excess of one hundred and five percent (105%) of the result of dividing the losses incurred by the premiums earned on business retained by the members.

"§ 58-173.42. *Approval of rates.*—The premium rates that may be charged on all health care liability insurance, including premiums ceded to the health care liability reinsurance exchange established by this Article, shall be established from time to time by the Commissioner of Insurance on the basis of the latest available statistical data submitted by rating bureaus or insurers authorized to write general liability insurance in this State. Every rating bureau authorized to engage in rate making or insurer licensed in this State to write general liability insurance coverages may submit proposed changes in rates or classifications to the extent necessary to produce rates and classifications which are reasonable, adequate, not unfairly discriminatory and in the public interest, or the Commissioner upon his own motion, may upon the latest available statistical data, order a reduction or increase in rates. Any premium rate change shall be established by the commissioner only after due notice and hearing as provided in G.S. 58-9.2 and with full rights of appeal as provided in G.S. 58-9.4. The rate so established by the commissioner shall be reasonable, adequate, not excessive, not unfairly discriminatory and in the public interest. Such rates shall not be deemed unreasonable, inadequate, excessive, unfairly discriminatory or not in

the public interest if they are adequate to defray the total cost of the Exchange System and if they make adequate provision for premium rates for the future which will provide for anticipated losses, anticipated loss adjustment expenses, other anticipated expenses attributable to the selling and servicing of this line of insurance, and a fair and reasonable underwriting profit. The determination of a fair and reasonable underwriting profit shall take into consideration earnings from the investment of unearned premium reserves and loss reserves on North Carolina business. Every rating method, schedule, classification, submitted to the commissioner for approval shall be deemed approved, if the commissioner within 60 days after submission, has not issued a notice of hearing on the matter.

"§ 58-173.43. *Termination of insurance.*—No member may terminate insurance to the extent that cession of a particular type of coverage and limits is available under the provision of this Article except for the following reasons:

(1) Nonpayment of premium when due to the insurer or producing agent.

(2) The named insured has become a nonresident of this State and would not otherwise be entitled to insurance on submission of new application under this Article.

(3) The license of a named insured to practice his profession is in a state of suspension or has been revoked.

"§ 58-173.44. *Hearings; review.*—(a) Any applicant for a policy from any carrier, any person insured under such a policy, any member of the Exchange and any agent duly licensed to write health care liability insurance, may request a formal hearing and ruling by the Board of Governors of the Exchange on any alleged violation of or failure to comply with the plan of operation or the provisions of this Article or any alleged improper act or ruling of or in the case of a member directly affecting him as to coverage or premium or in the case of a member directly affecting its assessment, and in the case of an agent, any matter affecting his appointment to a carrier or his account therewith. The request for hearing must be made within 15 days after the date of the alleged violation or improper act or ruling. The hearing shall be held within 15 days after the receipt of the request. The hearing may be held by any panel of the Board of Governors consisting of not less than three members thereof, and the ruling of a majority of the panel shall be deemed to be the ruling of the Board, unless the full Board on its own motion shall modify or rescind the action of the panel.

(b) Any formal ruling by the Board of Governors may be appealed to the Commissioner by filing notice of appeal with the Exchange and Commissioner within 30 days after issuance of the ruling.

(c) The Commissioner shall hear the matter de novo and issue an order approving the action or decision, disapproving the action or decision, or directing the Board of Governors to act in accordance with the ruling of the Commissioner.

(d) Any aggrieved person or organization, any member of the Exchange or the Exchange may request a public hearing and ruling by the Commissioner on the provisions of the plan of operation, rules, regulations or policy forms approved by the Commissioner. The request for hearing shall specify the matter or matters to be considered. The hearing shall be held within 30 days after receipt of the request. The Commissioner shall give public notice of the hearing and the matter or matters to be considered not less than 15 days in advance of the hearing date.

(e) In any hearing held pursuant to this section by the Board of Governors or the Commissioner, the Board or the Commissioner, as the case may be, shall issue a ruling or order within 30 days after the close of the hearing.

(f) All rulings or orders of the Commissioner under this section shall be subject to judicial review as provided in Article 2 of Chapter 58 of the General Statutes.

"§ 58-173.45. *Examination of the Exchange annual report.*—The Exchange shall be subject to examination and regulation by the Commissioner. The Board of Governors shall submit to the Commissioner, not later than March 30 of each year, a financial report for the preceding calendar year in a form approved by the Commissioner and a report of its activities during the preceding calendar year.

"§ 58-173.46. *Tax exemptions.*—The Exchange shall be exempt from payment of all fees and all taxes levied by this State or any of its subdivisions, except ad valorem taxes.

Sec. 2. Severability. If any provision or part of this Article or application thereof is held invalid, the invalidity shall not affect other provisions, parts or application of the Article which can be given effect without the invalid provisions or application, and to this end the provisions of this Article are severable.

Sec. 3. This act shall be in full force and effect upon its ratification.

In the General Assembly read three times and ratified, this the 28th day of May, 1975.

CHAPTER 434

AN ACT TO ESTABLISH POLICY FOR STATE AGENCIES TO PERFORM ENERGY CONSUMPTION ANALYSES ON MAJOR CONSTRUCTION OR RENOVATION OF BUILDINGS.

The General Assembly of North Carolina enacts:

Section 1. (a) The General Assembly hereby finds:

(1) that State-owned and assisted facilities have a significant impact on the State's consumption of energy;

(2) that energy conservation practices adopted for the design, construction, and utilization of these facilities will have a beneficial effect on the State's overall supply of energy;

(3) that the cost of the energy consumed by these facilities over the life of the facilities must be considered, in addition to the initial cost of constructing such facilities; and

(4) that the cost of energy is significant and facility designs must take into consideration the total life-cycle cost, including the initial construction cost, and the cost, over the economic life of the facility, of the energy consumed, and of operation and maintenance of the facility as it affects energy consumption.

(b) The General Assembly declares that it is the policy of the State of North Carolina to insure that energy conservation practices are employed in the design of State-owned and assisted facilities. To this end the General Assembly encourages State agencies to analyze the cost of energy consumption of each facility constructed or each major facility constructed or renovated, over its economic life, in addition to the initial construction or renovation cost.

Sec. 2. For purposes of this act:

(a) The term "State agency" means the State of North Carolina or any board, bureau, commission, institution, or other agency of the State, or any board or governing body of a political subdivision of the State, or an agency, commission, or authority of a political subdivision of the State.

(b) The term "facility" means any building or facility on which construction is initiated six months or more after the effective date of this act.

(c) The term "major facility" means any building or facility of 40,000 or more gross square feet on which construction or renovation is initiated six months or more after the effective date of this act, and wherein significant energy demands will exist.

(d) The term "State facility" or "major State facility" means a facility constructed, or a major facility constructed or renovated, by a State agency.

(e) The term "State-assisted facility" or "major State-assisted facility" means a facility constructed, or major facility constructed or renovated, in whole or in part with State funds or with funds guaranteed or insured by a State agency.

(f) The term "initial cost" means the required cost necessary to construct a facility or construct or renovate a major facility.

(g) The term "economic life" means the projected or anticipated useful life of a facility.

(h) The term "life-cycle cost" means the cost of a facility including its initial cost, and the cost, over the economic life of the facility, of the energy consumed and of operation and maintenance of the facility as it affects energy consumption.

(i) The term "energy consumption analysis" means the evaluation of all energy consuming systems and components by demand and type of energy, including the internal energy load imposed on a facility by its occupants, equipment and components, and the external energy load imposed on the facility by climatic conditions.

Sec. 3. (a) The General Assembly authorizes and directs that State agencies shall carry out the construction of State facilities, and the construction and renovation of major State facilities, under their jurisdiction or programs for the construction of State-assisted facilities and the construction and renovation of major State-assisted facilities in such a manner as to further the policy declared herein, insuring that life-cycle cost analyses and energy conservation practices are employed in new State-owned and assisted facilities and in new or renovated major State-owned and assisted facilities.

(b) Each State agency having jurisdiction over any State-owned or assisted facilities' construction program shall evaluate each project, and if consistent with good architectural, engineering, and economic practice, require life-cycle cost analysis. Nothing in this act shall deprive or limit any State agency which has review authority over design or construction plans from requiring a life-cycle cost analysis.

(c) This life-cycle cost analysis shall include but not be limited to such elements as:

(1) the coordination, orientation and positioning of the facility on its physical site;

(2) the amount and type of fenestration employed in the facility;

(3) thermal characteristics of materials, and the amount of insulation incorporated into the facility design;

(4) the variable occupancy and operating conditions of the facility, including illumination levels;

(5) architectural features which affect energy consumption; and

(6) an energy consumption analysis of the major facility's heating, ventilating, and air-conditioning system, lighting system, and all other energy-consuming systems. The energy consumption analysis of the operation of energy-consuming systems in the major facility should include but not be limited to:

a. the comparison of two or more system alternatives;

b. the simulation or engineering evaluation of each system over the entire range of operation of the major facility for a year's operating period; and

c. the engineering evaluation of the energy consumption of component equipment in each system considering the operation of such components at other than full or rated outputs.

(d) The life-cycle cost analysis performed for each major facility shall provide but not be limited to the following information:

(1) the initial estimated cost of each energy-consuming system being compared and evaluated;

(2) the estimated annual operating cost of all utility requirements;

(3) the estimated annual cost of maintaining each energy-consuming system; and

(4) the average estimated replacement cost for each system expressed in annual terms for the economic life of the major facility.

(e) The life-cycle cost analysis shall be certified by a registered architect or registered professional engineer, or by both architect and engineer, particularly qualified by training and experience for the type of work involved, and in conformance with the provisions of G.S. 133-1.1.

(f) Provided, however, that in order to protect the integrity of historic buildings, no provision of this Chapter shall be interpreted to require such analysis with respect to any property eligible for, nominated to, or entered on the National Register of Historic Places, pursuant to the National Historic Preservation Act of 1966, P.L. 89-665; any historic building located within an historic district as provided in Chapters 160A or 153A of the North Carolina General Statutes; any historic building listed, owned, or under the jurisdiction of an historic properties commission as provided in G.S. Chapters 160A or 153A; nor any State-owned or State-assisted historic property.

(g) Selection of the optimum system or combination of systems to be incorporated into the design of the major facility shall be based on the life-cycle cost analysis over the economic life of the facility.

Sec. 4. The chief executives of all State agencies, as defined in this act, shall be responsible for dissemination and effective performance of the policy established herein.

Sec. 5. The provisions of this act shall not apply to municipalities or counties, nor to any agency or department of any municipality or county.

Sec. 6. This act shall become effective July 1, 1975.

In the General Assembly read three times and ratified, this the 29th day of May, 1975.

(c) To be eligible for classification as a resident for tuition purposes, a person must establish that his or her presence in the State currently is, and during the requisite 12-month qualifying period was, for purposes of maintaining a bona fide domicile rather than of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education.

(d) An individual shall not be classified as a resident for tuition purposes and, thus, not rendered eligible to receive the in-State tuition rate, until he or she has provided such evidence related to legal residence and its duration as may be required by officials of the institution of higher education from which the individual seeks the in-State tuition rate.

(e) When an individual presents evidence that the individual has living parent(s) or court-appointed guardian of the person, the legal residence of such

parent(s) or guardian shall be prima facie evidence of the individual's legal residence, which may be reinforced or rebutted relative to the age and general circumstances of the individual by the other evidence of legal residence required of or presented by the individual; provided, that the legal residence of an individual whose parents are domiciled outside this State shall not be prima facie evidence of the individual's legal residence if the individual has lived in this State the five consecutive years prior to enrolling or re-registering at the institution of higher education at which resident status for tuition purposes is sought.

(f) In making domiciliary determinations related to the classification of persons as residents or non-residents for tuition purposes, the domicile of a married person, irrespective of sex, shall be determined, as in the case of an unmarried person, by reference to all relevant evidence of domiciliary intent. (g) Any non-resident person, irrespective of sex, who marries a legal resident of this State or marries one who later becomes a legal resident, may, upon becoming a legal resident of this State, accede to the benefit of the spouse's immediately precedent duration as a legal resident for purposes of satisfying the 12-month durational requirement of this section.

(h) No person shall lose his or her resident status for tuition purposes solely by reason of serving in the armed forces outside this State.

(i) A person who, having acquired bona fide legal residence in North Carolina, has been classified as a resident for tuition purposes but who, while enrolled in a State institution of higher education, loses North Carolina legal residence, shall continue to enjoy the in-State tuition rate for a statutory grace period. This grace period shall be measured from the date on which the culminating circumstances arose that caused loss of legal residence and shall continue for 12 months; provided, that a resident's marriage to a person domiciled outside of North Carolina shall not be deemed a culminating circumstance even when said resident's spouse continues to be domiciled outside of North Carolina; and provided, further, that if the 12-month period ends during a semester or academic term in which such a former resident is enrolled at a State institution of higher education, such grace period shall extend, in addition, to the end of that semester or academic term."

The cost of acquiring or constructing a new building, or reconstructing, enlarging, or renovating an existing building, shall include the cost of all real property and interests in real property, and all plants, works, appurtenances, structures, facilities, furnishings, machinery, and equipment, necessary or useful in connection therewith; financing charges; the cost of plans, specifications, studies, reports, and surveys; legal expenses; and all other costs necessary or incidental to the construction, reconstruction, enlargement, or renovation.

No contract for the purchase of a site shall be executed nor any funds expended therefor without the approval of the board of county commissioners as to the amount to be spent for the site; and in case of a disagreement between a board of education and a board of county commissioners as to the amount to be spent for the site, the procedure provided in G.S. 115-88 shall, insofar as the same may be applicable, be used to settle the disagreement.

Appropriations in the Capital Outlay Fund shall be funded by revenues made available for capital outlay purposes by the State Board of Education and the board of county commissioners, supplemental taxes levied by or on behalf of the administrative unit pursuant to a local act or Article 14 of this Chapter, the proceeds of the sale of capital assets, the proceeds of claims against fire and casualty insurance policies, and other sources.

(g) Other funds shall include appropriations for such purposes funded from such sources as may be prescribed by the uniform budget format.

"§ 115-84. *Preparation and submission of budget and budget message.*—(a) Before the close of each fiscal year, the superintendent shall prepare a budget for the ensuing year for consideration by the board of education. The budget shall comply in all respects with the limitations imposed by G.S. 115-89.

(b) The budget, together with a budget message, shall be submitted to the board of education not later than May 1. The budget and budget message should, but need not, be submitted at a formal meeting of the board. The budget message should contain a concise explanation of the educational goals fixed by the budget for the budget year, should set forth the reasons for stated changes from the previous year in program goals, programs, and appropriation levels, and should explain any major changes in educational or fiscal policy.

"§ 115-85. *Filing and publication of the budget; budget hearing.*—(a) On the same day that he submits the budget to the board of education, the superintendent shall file a copy of it in his office where it shall remain available for public inspection until the budget resolution is adopted. He may also publish a statement in a newspaper qualified under G.S. 1-597 to publish legal advertisements in the county that the budget has been submitted to the board of education, and is available for public inspection in the office of the

superintendent of schools. The statement should also give notice of the time and place of the budget hearing authorized by subsection (b) of this section.

(b) Before submitting the budget to the board of county commissioners, the board of education may hold a public hearing at which time any persons who wish to be heard on the school budget may appear.

"§ 115-86. *Approval of budget; submission to county commissioners; commissioners action on budget.*—(a) Upon receiving the budget from the superintendent and following the public hearing authorized by G.S. 115-85(b), if one is held, the board of education shall consider the budget, make such changes therein as it deems advisable, and submit the entire budget as approved by the board of education to the board of county commissioners not later than May 15, or such later date as may be fixed by the board of county commissioners.

(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format.

(c) The board of county commissioners shall have full authority to call for, and the board of education shall have the duty to make available to the board of county commissioners upon request, all books, records, audit reports, and other information bearing on the financial operation of the administrative unit.

(d) Nothing in this Article shall be construed to place a duty on the board of commissioners to fund a deficit incurred by an administrative unit through failure of the unit to comply with the provisions of this Article or rules and regulations issued pursuant hereto, or to provide moneys lost through misapplication of moneys by a bonded officer, employee or agent of the administrative unit when the amount of the fidelity bond required by the board of education was manifestly insufficient.

"§ 115-87. *Apportionment of county appropriations among administrative units.*—If there is more than one administrative unit in a county, all appropriations by the county to the Local Current Expense Funds of the units, except appropriations funded by supplemental taxes levied less than county-wide pursuant to a local act or Article 14 of this Chapter, must be apportioned according to the membership of each unit. County appropriations are properly apportioned when the dollar amount obtained by dividing the amount so appropriated to each unit by the total membership of the unit is the same for each unit. The 'total membership' of the administrative unit is the unit's projected average daily membership for the budget year to be determined by and certified to the unit and the board of county commissioners by the State Board of Education.

"§ 115-88. *Procedure for resolution of dispute between board of education and board of county commissioners.*—(a) If the board of education determines that the amount of money appropriated to the Local Current Expense Fund, or the Capital Outlay Fund, or both, by the board of county commissioners is not sufficient to support a system of free public schools, the chairman of the board of education and the chairman of the board of county commissioners shall arrange a joint meeting of the two boards to be held within seven days after the day of the county commissioners' decision on the school appropriations. At the joint

meeting, the entire school budget shall be considered carefully and judiciously, and the two boards shall make a good faith attempt to resolve the differences that have arisen between them.

(b) If no agreement is reached at the joint meeting of the two boards, either board may refer the dispute to the clerk of superior court for arbitration within three days after the day of the joint meeting. The clerk shall render his decision on the matters in disagreement within 10 days after the day of the referral. The clerk of the superior court shall have the authority to subpoena or issue any orders necessary to have appear before him any member of a board of education and any member of a board of commissioners involved in the dispute and to require that the records of either board be presented to him for the purpose of arbitration of the issues.

(c) Within 10 days after the date of award, either board may appeal the clerk's award to the Superior Court Division of the General Court of Justice. The court shall find the facts as to the amount of money necessary to maintain a system of free public schools, and the amount of money needed from the county to make up this total. Either board has the right to have the issues of fact tried by a jury. When a jury trial is demanded, the cause shall be set for the first succeeding term of the superior court in the county, and shall take precedence over all other business of the court. However, if the judge presiding certifies to the Chief Justice of the Supreme Court, either before or during the term, that because of the accumulation of other business, the public interest will be best served by not trying the cause at the term next succeeding the appeal, the Chief Justice shall immediately call a special term of the superior court for the county, to convene as soon as possible, and assign a judge of the superior court or an emergency judge to hold the court, and the cause shall be tried at this special term. The issue submitted to the jury shall be what amount of money is needed from sources under the control of the board of county commissioners to maintain a system of free public schools.

All findings of fact in the superior court, whether found by the judge or a jury, shall be conclusive. When the facts have been found, the court shall give judgment ordering the board of county commissioners to appropriate a sum certain to the administrative unit, and to levy such taxes on property as may be necessary to make up this sum when added to other revenues available for the purpose.

(d) If an appeal is taken to the Appellate Division of the General Court of Justice, and if such an appeal would result in a delay beyond a reasonable time for levying taxes for the year, the judge shall order the board of county commissioners to appropriate to the administrative unit for deposit in the Local Current Expense Fund a sum of money sufficient when added to all other moneys available to that fund to equal the amount of this fund for the previous year. All papers and records relating to the case shall be considered a part of the record on appeal.

(e) If, in an appeal taken pursuant to this section, the final judgment of the General Court of Justice is rendered after the due date prescribed by law for property taxes, the board of county commissioners is authorized to levy such supplementary taxes as may be required by the judgment, notwithstanding any other provisions of law with respect to the time for doing acts necessary to a property tax levy. Upon making a supplementary levy under this subsection, the board of county commissioners shall designate the person who is to compute and

prepare the supplementary tax receipts and records for all such taxes. Upon delivering the supplementary tax receipts to the tax collector, the board of county commissioners shall proceed as provided in G.S. 105-321.

The due date of supplementary taxes levied under this subsection is the date of the levy, and the taxes may be paid at par or face amount at any time before the one hundred and twentieth day after the due date. On or after the one hundred and twentieth day and before the one hundred and fiftieth day from the due date there shall be added to the taxes interest at the rate of two percent (2%). On or after the one hundred and fiftieth day from the due date, there shall be added to the taxes, in addition to the two percent (2%) provided above, interest at the rate of three-fourths of one percent (3/4 of 1%) per 30 days or fraction thereof until the taxes plus interest have been paid. No discounts for prepayment of supplementary taxes levied under this subsection shall be allowed.

"§ 115-89. *The budget resolution; adoption, limitations, tax levy, filing.*—(a) After the board of county commissioners has made its appropriations to the administrative unit, or after the appeal procedure set out in G.S. 115-88 has been concluded, the board of education shall adopt a budget resolution making appropriations for the budget year in such sums as the board may deem sufficient and proper. The budget resolution shall conform to the uniform budget format established by the State Board of Education.

(b) The following directions and limitations shall bind the board of education in adopting the budget resolution:

(1) If the county budget ordinance allocates appropriations to the administrative unit pursuant to G.S. 115-86(b), the school budget resolution shall conform to that allocation. The budget resolution may be amended to change allocated appropriations only in accordance with G.S. 115-90.

(2) Subject to the provisions of G.S. 115-86(d), the full amount of any lawful deficit from the prior fiscal year shall be appropriated.

(3) Contingency appropriations in a fund may not exceed five percent (5%) of the total of all other appropriations in that fund. Each expenditure to be charged against a contingency appropriation shall be authorized by resolution of the board of education, which resolution shall be deemed an amendment to the budget resolution, not subject to G.S. 115-86(b) and G.S. 115-90(b), setting up or increasing an appropriation for the object of expenditure authorized. The board of education may authorize the superintendent to authorize expenditures from contingency appropriations subject to such limitations and procedures as it may prescribe. Any such expenditure shall be reported to the board of education at its next regular meeting and recorded in the minutes.

(4) Sufficient funds to meet the amounts to be paid during the fiscal year under continuing contracts previously entered into shall be appropriated.

(5) The sum of estimated net revenues and appropriated fund balances in each fund shall be equal to appropriations in that fund.

(6) No appropriation may be made that would require the levy of supplemental taxes pursuant to a local act or Article 14 of this Chapter in excess of the rate of tax approved by the voters, or the expenditure of revenues for purposes not permitted by law.

(7) In estimating revenues to be realized from the levy of school supplemental taxes pursuant to a local act or Article 14 of this Chapter,

the estimated percentage of collection may not exceed the percentage of that tax actually realized in cash during the preceding fiscal year, or if the tax was not levied in the preceding fiscal year, the percentage of the general county tax levy actually realized in cash during the preceding fiscal year.

(8) Amounts to be realized from collection of supplemental taxes levied in prior fiscal years shall be included in estimated revenues.

(9) No appropriation may be made to or from the Capital Outlay Fund to or from any other fund, except as permitted by G.S. 115-90(d).

(c) If the administrative unit levies its own supplemental taxes pursuant to a local act, the budget resolution shall make the appropriate tax levy in accordance with the local act, and the board of education shall notify the county or city that collects the levy in accordance with G.S. 159-14.

(d) The budget resolution shall be entered in the minutes of the board of education, and within five days after adoption, copies thereof shall be filed with the superintendent, the school finance officer and the county finance officer. The board of education shall file a copy of the budget as approved and a copy of the budget resolution with the Controller of the State Board of Education.

"§ 115-90. *Amendments to the budget resolution; budget transfers.*—(a) Subject to the provisions of subsection (b) of this section, the board of education may amend the budget resolution at any time after its adoption in any manner, so long as the resolution, as amended, continues to satisfy the requirements of G.S. 115-82 and G.S. 115-89.

(b) If the board of county commissioners allocates part or all of its appropriations pursuant to G.S. 115-86(b), the board of education must obtain the approval of the board of county commissioners for an amendment to the budget that (i) increases or decreases expenditures from the Capital Outlay Fund for projects listed in G.S. 115-83(f)(1) or (2), or (ii) increases or decreases the amount of county appropriation allocated to a purpose or function by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the board of county commissioners: provided, that at its discretion, the board may in its budget ordinance specify a lesser percentage, so long as such percentage is not less than ten percent (10%).

(c) The board of education may by appropriate resolution authorize the superintendent to transfer moneys from one appropriation to another within the same fund, subject to such limitations and procedures as may be prescribed by the board of education or State or federal law or regulations. Any such transfers shall be reported to the board of education at its next regular meeting and shall be entered in the minutes.

(d) The board of education may amend the budget to transfer money to or from the Capital Outlay Fund to or from any other fund, with the approval of the board of county commissioners, to meet emergencies unforeseen and unforeseeable at the time the budget resolution was adopted. When such an emergency arises, the board of education may adopt a resolution requesting approval from the board of commissioners for the transfer of a specified amount of money to or from the Capital Outlay Fund to or from some other fund. The resolution shall state (i) the nature of the emergency, (ii) why the emergency was not foreseen and was not foreseeable when the budget resolution was adopted, (iii) what specific objects of expenditure will be added or increased as a result of the transfer, and (iv) what objects of expenditure will be eliminated or

reduced as a result of the transfer. A certified copy of this resolution shall be transmitted to the board of county commissioners for their approval and to the boards of education of all other school administrative units in the county for their information. The board of commissioners shall act upon the request within 30 days after it is received by the clerk to the board of commissioners or the chairman of the board of commissioners, after having afforded the boards of education of all other administrative units in the county an opportunity to comment on the request. The board of commissioners may either approve or disapprove the request as presented. Upon either approving or disapproving the request, the board of commissioners shall forthwith so notify the board of education making the request and any other board of education that exercised its right to comment thereon. Upon receiving such notification, the board of education may proceed to amend the budget resolution in the manner indicated in the request. Failure of the board of county commissioners to act within the time allowed for approval or disapproval shall be deemed approval of the request. The time limit for action by the board of county commissioners may be extended by mutual agreement of the board of county commissioners and the board of education making the request. A budget resolution amended in accordance with this subsection need not comply with G.S. 115-87.

"§ 115-91. *Interim budget.*—In case the adoption of the budget resolution is delayed until after July 1, the board of education shall make interim appropriations for the purpose of paying salaries and the usual ordinary expenses of the administrative unit for the interval between the beginning of the fiscal year and the adoption of the budget resolution. Interim appropriations so made and expended shall be charged to the proper appropriations in the budget resolution.

"Part 3. Fiscal Control.

"§ 115-95. *School finance officer.*—Each administrative unit shall have a school finance officer who shall be appointed or designated by the superintendent of schools and approved by the board of education, with the school finance officer serving at the pleasure of the superintendent. The duties of school finance officer may be conferred on any officer or employee of the administrative unit or, upon request of the superintendent; with approval by the board of education and the board of county commissioners, on the county finance officer. In counties where there is more than one school administrative unit, the duties of finance officer may be conferred on any one officer or employee of the several administrative units by agreement between the affected superintendents with the concurrence of the affected board of education and the board of county commissioners. The position of school finance officer is hereby declared to be an office that may be held concurrently with other appointive (but not elective) offices pursuant to Article VI, Section 9 of the Constitution.

"§ 115-96. *Duties of school finance officer.*—(a) The school finance officer shall be responsible to the superintendent for:

(1) Keeping the accounts of the administrative unit in accordance with generally accepted principles of governmental accounting, the rules and regulations of the State Board of Education, and the rules and regulations of the Local Government Commission;

(2) Giving the preaudit certificate required by G.S. 115-99.2;

(3) Signing and issuing all checks, drafts, and State warrants by the

administrative unit, investing idle cash, and receiving and depositing all moneys accruing to the administrative unit;

(4) Preparing and filing a statement of the financial condition of the administrative unit as often as requested by the superintendent, and when requested in writing, with copy to the superintendent, by the board of education or the board of county commissioners;

(5) Performing such other duties as may be assigned to him by law, by the superintendent, or by rules and regulations of the State Board of Education and the Local Government Commission.

All references in other portions of the General Statutes or local acts to school treasurers, county treasurers, or other officials performing any of the duties conferred by this section on the school finance officer shall be deemed to refer to the school finance officer.

(b) The State Board of Education has authority to issue rules and regulations having the force of law governing procedures for the disbursement of money allocated to the administrative unit by or through the State. The Local Government Commission has authority to issue rules and regulations having the force of law governing procedures for the disbursement of all other moneys allocated or accruing to the administrative unit. The State Board of Education and the Local Government Commission may inquire into and investigate the internal control procedures of an administrative unit with respect to moneys under their respective jurisdictions, and may require any modifications in internal control procedures which may be necessary or desirable to prevent embezzlements or mishandling of public moneys.

"§ 115-97. *Allocation of revenues to the administrative unit by the county.*—Revenues accruing to the administrative unit by virtue of Article IX, Section 7 of the Constitution and taxes levied by or on behalf of the administrative unit pursuant to a local act or Article 14 of this Chapter shall be remitted to the school finance officer by the officer having custody thereof within 10 days after the close of the calendar month in which the revenues were received or collected. Revenues appropriated to the administrative unit by the board of county commissioners from general county revenues shall be made available to the school finance officer by such procedures as may be mutually agreeable to the board of education and the board of county commissioners, but if no such agreement is reached, these funds shall be remitted to the school finance officer by the county finance officer in monthly installments sufficient to meet its lawful expenditures from the county appropriation until the county appropriation to the administrative unit is exhausted. Each installment shall be paid not later than 10 days after the close of each calendar month. When revenue has been appropriated to the administrative unit by the board of county commissioners from funds which carry specific restrictions binding upon the county as recipient, the board of commissioners must inform the administrative unit in writing of those restrictions.

"§ 115-98. *Provision for disbursement of State money.*—The deposit of money in the State Treasury to the credit of administrative units shall be made in monthly installments and additionally as necessary, at such time and in such a manner as may be most convenient for the operation of the public school system. Before an installment is credited, the school finance officer shall certify to the Controller of the State Board of Education the expenditures to be made by the administrative unit from the State Public School Fund during the

month. This certification shall be filed on or before the fifth day following the end of the month preceding the period in which the expenditures will be made. The Controller shall determine whether the moneys requisitioned are due the administrative unit, and upon determining the amount due, shall cause the requisite amount to be credited to the administrative unit. Upon receiving notice from the State Treasurer of the amount placed to the credit of the administrative unit, the finance officer may issue State warrants up to the amount so certified.

The Controller may withhold money for payment of salaries for administrative officers of administrative units if any report required to be filed with State school authorities is more than 30 days overdue.

Money in the State Public School Fund and State bond moneys shall be released only on warrants drawn on the State Treasurer, signed by such local official as may be required by the Controller of the State Board of Education.

"§ 115-99. *Facsimile signatures.*—The board of education may provide by appropriate resolution for the use of facsimile signature machines, signature stamps, or similar devices in signing checks and drafts and in signing the preaudit certificate on contracts or purchase orders. The board shall charge the finance officer or some other bonded officer or employee with the custody of the necessary machines, stamps, plates, or other devices, and that person and the sureties on his official bond are liable for any illegal, improper, or unauthorized use of them.

"§ 115-99.1. *Accounting system.*—(a) System required. Each administrative unit shall establish and maintain an accounting system designed to show in detail its assets, liabilities, equities, revenues, and expenditures. The system shall also be designed to show appropriations and estimated revenues as established in the budget resolution as originally adopted and subsequently amended.

(b) Basis of accounting. Administrative units shall use the modified accrual basis of accounting in recording transactions.

(c) Encumbrance systems. Except as otherwise provided in this subsection, no administrative unit is required to record or show encumbrances in its accounting system. The Local Government Commission, in consultation with the State Board of Education, shall establish regulations, based on total membership of the administrative unit or some other appropriate criterion, setting forth which units are required to maintain an accounting system that records and shows the encumbrances outstanding against each category of expenditure appropriated in the budget resolution. Any other administrative unit may record and show encumbrances in its accounting system.

(d) Commission regulations. The Local Government Commission, in consultation with the State Board of Education, may prescribe rules and regulations having the force of law as to:

(1) Features of accounting systems to be maintained by administrative units.

(2) Bases of accounting, including identifying in detail the characteristics of a modified accrual basis and identifying what revenues are susceptible to accrual.

(3) Definitions of terms not clearly defined in this Article.

These rules and regulations may be varied according to the size of the

administrative unit, or according to any other criteria reasonably related to the purpose or complexity of the financial operations involved.

"§ 115-99.2. *Budgetary accounting for appropriations.*—(a) Incurring obligations. No obligation may be incurred by an administrative unit unless the budget resolution includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with this subsection. The certificate, which shall be signed by the finance officer, shall take substantially the following form:

'This instrument has been preaudited in the manner required by the School Budget and Fiscal Control Act. (date)
(Signature of finance officer)'.

An obligation incurred in violation of this subsection is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this subsection.

(b) Disbursements. When a bill, invoice, or other claim against an administrative unit is presented, the finance officer shall either approve or disapprove the necessary disbursement. The finance officer may approve the claim only if (1) he determines the amount to be payable and (2) the budget resolution includes an appropriation authorizing the expenditure and either (i) an encumbrance has been previously created for the transaction or (ii) an unencumbered balance remains in the appropriation sufficient to pay the amount to be disbursed. A bill, invoice, or other claim may not be paid unless it has been approved by the finance officer or, under subsection (c) of this section, by the board of education.

(c) Board of education approval of bills, invoices, or claims. The board of education may, as permitted by this subsection, approve a bill, invoice, or other claim against the administrative unit that has been disapproved by the finance officer. It may not approve a claim for which no appropriation appears in the budget resolution, or for which the appropriation contains no encumbrance and the unencumbered balance is less than the amount to be paid. The board of education shall approve payment by formal resolution stating the board's reasons for allowing the bill, invoice, or other claim. The resolution shall be entered in the minutes together with the names of those voting in the affirmative. The chairman of the board or some other member designated for this purpose shall sign the certificate on the check or draft given in payment of the bill, invoice, or other claim. If payment results in a violation of law, each member of the board voting to allow payment is jointly and severally liable for the full amount of the check or draft given in payment.

(d) Payment. An administrative unit may not pay a bill, invoice, salary, or other claim except by a check or draft on an official depository, by a bank wire transfer from an official depository, or by a warrant on the State Treasurer. Except as provided in this subsection each check or draft on an official depository shall bear on its face a certificate signed by the finance officer (or signed by the chairman or some other member of the board pursuant to

subsection (c) of this section). The certificate shall take substantially the following form:

'This disbursement has been approved as required by the
School Budget and Fiscal Control Act.
(Signature of finance officer).'

No certificate is required on payroll checks or drafts or on State warrants.

(e) Penalties. If an officer or employee of an administrative unit incurs an obligation or pays out or causes to be paid out any funds in violation of this section, he and the sureties on his official bond are liable for any sums so committed or disbursed. If the finance officer gives a false certificate to any contract, agreement, purchase order, check, draft, or other document, he and the sureties on his official bond are liable for any sums illegally committed or disbursed thereby.

"§ 115-99.3. *Fidelity bonds.*—(a) The finance officer shall give a true accounting and faithful performance bond with sufficient sureties in an amount to be fixed by the board of education, not less than ten thousand dollars ($10,000) nor more than two hundred fifty thousand dollars ($250,000). This bond shall cover (i) the faithful performance of all duties placed on the finance officer by or pursuant to law and (ii) the faithful accounting for all funds in his custody except State funds placed to the credit of the administrative unit by the State Treasurer. The premium on the bond shall be paid by the administrative unit.

(b) The State Board of Education shall provide for adequate and appropriate bonding of school finance officers and such other employees as it deems appropriate with respect to the disbursement of State funds. When it requires such bonds, the State Board of Education is authorized to place the bonds and pay the premiums thereon.

(c) The treasurer of each individual school and all other officers, employees and agents of each administrative unit who have custody of public school money in the normal course of their employment or agency shall give a true accounting bond with sufficient sureties in an amount to be fixed by the board of education. The premiums on these bonds shall be paid by the administrative unit. Instead of individual bonds, an administrative unit may provide for a blanket bond to cover all officers, employees, and agents of the administrative unit required to be bonded, except the finance officer. The finance officer may be included within the blanket bond, if the blanket bond protects against risks not protected against by the individual bond.

"§ 115-99.4. *Investment of idle cash.*—(a) An administrative unit may deposit at interest or invest all or part of the cash balance of any fund. The finance officer shall manage investments subject to whatever restrictions and directions the board of education may impose. The finance officer shall have the power to purchase, sell, and exchange securities on behalf of the board of education. The investment program shall be so managed that investments and deposits can be converted into cash when needed.

(b) Moneys may be deposited at interest in any bank or trust company in this State in the form of certificates of deposit or such other forms of time deposit as the Local Government Commission may approve. Investment deposits shall be secured as provided in G.S. 115-99.5(b).

(c) Moneys may be invested in the following classes of securities, and no others:

(1) Obligations of the United States of America.
(2) Obligations of any agency or instrumentality of the United States of America if the payment of interest and principal of such obligations is fully guaranteed by the United States of America.
(3) Obligations of the State of North Carolina.
(4) Bonds and notes of any North Carolina local government or public authority, subject to such restrictions as the Secretary of the Local Government Commission may impose.
(5) Shares of any savings and loan association organized under the laws of this State and shares of any federal savings and loan association having its principal office in this State, to the extent that the investment in such shares is fully insured by the United States of America or an agency thereof or by any mutual deposit guaranty association authorized by the Commissioner of Insurance of North Carolina to do business in North Carolina pursuant to Article 7A of Chapter 54 of the General Statutes.
(6) Obligations maturing no later than 18 months after the date of purchase of the Federal Intermediate Credit Banks, the Federal Home Loan Banks, the Federal National Mortgage Association, the Banks for Cooperatives, and the Federal Land Banks.
(7) Any form of investment allowed by law to the State Treasurer.
(8) Any form of investment allowed by G.S. 159-30 to local governments and public authorities.

(d) Investment securities may be bought, sold, and traded by private negotiation, and administrative units may pay all incidental costs thereof and all reasonable costs of administering the investment and deposit program. Securities and deposit certificates shall be in the custody of the finance officer who shall be responsible for their safekeeping and for keeping accurate investment accounts and records.

(e) Interest earned on deposits and investments shall be credited to the fund whose cash is deposited or invested. Cash of several funds may be combined for deposit or investment if not otherwise prohibited by law; and when such joint deposits or investments are made, interest earned shall be prorated and credited to the various funds on the basis of the amounts thereof invested, figured according to an average periodic balance or some other sound accounting principle. Interest earned on the deposit or investment of bond funds shall be deemed a part of the bond proceeds.

(f) Registered securities acquired for investment may be released from registration and transferred by signature of the finance officer.

(g) It is the intent of this act that the foregoing provisions of this section shall apply only to those funds received by the school administrative unit as required by G.S. 115-97. The county finance officer shall be responsible for the investment of all county funds allocated to the school administrative unit prior to such county funds actually being remitted to the school finance officer as provided by G.S. 115-97.

"§ 115-99.5. *Selection of depository; deposits to be secured.*—(a) Each board of education shall designate as the official depositories of the administrative unit one or more banks or trust companies in this State. It shall be unlawful for any money belonging to an administrative unit or an individual school to be deposited in any place, bank, or trust company other than an official depository, except as permitted by G.S. 115-99.4(b).

(b) Money on deposit in an official depository or deposited at interest pursuant to G.S. 115-99.4(b) shall be fully secured by deposit insurance, surety bonds, or investment securities of such nature, in such amounts, and in such manner, as may be prescribed by rule or regulation of the Local Government Commission. When deposits are secured in accordance with this subsection, no public officer or employee may be held liable for any losses sustained by an administrative unit because of the default or insolvency of the depository.

"§ 115-99.6. *Daily deposits.*—Except as otherwise provided by law, all moneys collected or received by an officer, employee or agent of an administrative unit or an individual school shall be deposited in accordance with this section. Each officer, employee and agent of an administrative unit or individual school whose duty it is to collect or receive any taxes or other moneys shall deposit his collections and receipts daily. If the board of education gives its approval, deposits shall be required only when the moneys on hand amount to as much as two hundred fifty dollars ($250.00), but in any event a deposit shall be made on the last business day of the month. All deposits shall be made with the finance officer or in an official depository. Deposits in an official depository shall be immediately reported to the finance officer or individual school treasurer by means of a duplicate deposit ticket. The finance officer may at any time audit the accounts of any officer, employee or agent collecting or receiving any taxes or other moneys, and may prescribe the form and detail of these accounts. The accounts of such an officer, employee or agent shall be audited at least annually.

Upon such notification, the officer shall comply with the law within 30 days, except as to the sale of securities not eligible for investment which shall be sold within nine months at a price to be approved by the Secretary. The Local Government Commission may extend the time for sale of ineligible securities, but no one extension may cover a period of more than one year.

"§ 115-99.8. *Annual independent audit.*—Each administrative unit shall have its accounts and the accounts of individual schools therein audited as soon as possible after the close of each fiscal year by a certified public accountant or by an accountant certified by the Local Government Commission as qualified to audit local government accounts. Each officer, employee and agent of the administrative unit having custody of public money or responsibility for keeping records of public financial or fiscal affairs shall produce all books and records requested by the auditor and shall divulge such information relating to fiscal affairs as he may request. If any member of a board of education or any other public officer, employee or agent shall conceal, falsify, or refuse to deliver or divulge any books, records, or information, with an intent thereby to mislead the auditor or impede or interfere with the audit, he is guilty of a misdemeanor and upon conviction thereof may be fined not more than one thousand dollars ($1,000), or imprisoned for not more than one year, or both, in the discretion of the court.

The State Auditor, in consultation with the State Board of Education, shall have authority to prescribe the manner in which funds disbursed by administrative units by warrants on the State Treasurer shall be audited.

Special funds of individual schools shall be deposited in an official depository of the administrative unit in special accounts to the credit of the individual school, and shall be paid only on checks or drafts signed by the principal of the school and the treasurer. The board of education may, in its discretion, waive the requirements of this section for any school which handles less than three hundred dollars ($300.00) in any school year.

(b) Nothing in this section shall prevent the board of education from requiring that all funds of individual schools be deposited with and accounted for by the school finance officer. If this is done, these moneys shall be disbursed and accounted for in the same manner as other school funds except that the check or draft shall not bear the certificate of preaudit.

(c) For the purposes of this section, 'special funds of individual schools' includes by way of illustration and not limitation funds realized from gate receipts of interscholastic athletic competition, sale of school annuals and newspapers, and dues of student organizations.

"§ 115-99.10. *Proceeds of insurance claims.*—Moneys paid to an administrative unit pursuant to contracts of insurance against loss of capital assets through fire or casualty shall be used to repair or replace the damaged asset, or if the asset is not repaired or replaced, placed to the credit of the Capital Outlay Fund for appropriation at some future time.

"§ 115-99.11. *School food services.*—Until July 1, 1978, an administrative unit may, in the discretion of the board of education, treat receipts and disbursements associated with school food services as special funds of individual schools or as part of the budget of the administrative unit. Effective July 1, 1978, school food services shall be included in the budget of each administrative unit and the State Board of Education shall provide for school food services in the uniform budget format required by G.S. 115-83.

Fines and forfeitures shall be apportioned according to the projected average daily membership of each administrative unit as determined by and certified to the administrative units and the board of county commissioners by the State Board of Education pursuant to G.S. 115-87."

However, the foregoing time limitation shall not apply to any election held in a unit, district, or other school area which is larger or smaller than the unit, district, or area in which the prior election was held, or to any election held for a different purpose than the prior election."

H. B. 421 CHAPTER 438

AN ACT TO AMEND G.S. 44A-4 AND G.S. 20-77 TO PROVIDE NOTICE AND OPPORTUNITY FOR HEARING PRIOR TO LIEN SALES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 44A-4 is hereby amended to read as follows:

"(a) Enforcement by sale. If the charges for which the lien is claimed under this Article remain unpaid or unsatisfied for 30 days following the maturity of the obligation to pay any such charges, the lienor may enforce the lien by public or private sale as provided in this section. The lienor may bring an action on the debt in any court of competent jurisdiction at any time following maturity of the obligation. Failure of the lienor to bring such action within a 180-day period following the commencement of storage shall constitute a waiver of any right to collect storage charges which accrue after such period.

The owner or person with whom the lienor dealt may at any time following the maturity of the obligation bring an action in any court of competent jurisdiction as by law provided. If in any such action the owner or other party requests immediate possession of the property and pays the amount of the lien asserted into the clerk of the court in which such action is pending or posts bond for double such amount, the clerk shall issue an order to the lienor to relinquish possession of the property to the owner or other party.

(b) Notice and hearing. (1) If the property upon which the lien is claimed is a motor vehicle that is required to be registered, the lienor following the expiration of the 30-day period provided by subsection (a) shall give notice to the Department of Motor Vehicles that a lien is asserted and sale is proposed and shall remit to the department a fee of two dollars ($2.00). The Department of Motor Vehicles shall issue notice by registered or certified mail, return receipt requested, to the person having legal title to the property, if reasonably ascertainable, and to the person with whom the lienor dealt if different. Such notice shall state that a lien has been asserted against specific property and shall identify the lienor, the date that the lien arose, the general nature of the services performed and materials used or sold for which the lien is asserted, the amount of the lien, and that the lienor intends to sell the property in satisfaction of the lien. The notice shall inform the recipient that the recipient has the right to a judicial hearing at which time a determination will be made as to the validity of the lien prior to a sale taking place. The notice shall further state that the recipient has a period of 10 days from the date of receipt in which to notify the department by registered or certified mail, return receipt requested, that a hearing is desired and that if the recipient wishes to contest the sale of his property pursuant to such lien, the recipient should notify the department that a hearing is desired and the department shall notify lienor. The notice shall state the required information in simplified terms and shall contain a form whereby the recipient may notify the department that a hearing is desired by the return of such form to the department. Failure of the recipient to notify the department within 10 days of the receipt of such notice that a hearing is desired shall be deemed a waiver of the right to a hearing prior to sale of the property against which the lien is asserted, the department shall notify the lienor, and the lienor may proceed to enforce the lien by public or private sale as provided in this section and the department shall transfer title to the property pursuant to such sale. If the department is notified within the 10-day period provided above that a hearing is desired prior to sale, the lien may be enforced by sale as provided in this section and the department will transfer title only pursuant to the order of a court of competent jurisdiction.

(2) If the property upon which the lien is claimed is other than a motor vehicle required to be registered, the lienor following the expiration of the 30-day period provided by subsection (a) shall issue notice to the person having legal title to the property, if reasonably ascertainable, and to the person with whom the lienor dealt if different by registered or certified mail, return receipt requested. Such notice shall state that a lien has been asserted against specific property and shall identify the lienor, the date that the lien arose, the general nature of the services performed and materials used or sold for which the lien is asserted, the amount of the lien, and that the lienor intends to sell the property in satisfaction of the lien. The notice shall inform the recipient that the recipient has the right to a judicial hearing at which time a determination will be made as to the validity of the lien prior to a sale taking place. The notice shall further state that the recipient has a period of 10 days from the date of receipt in which to notify the lienor by registered or certified mail, return receipt requested, that a hearing is desired and that if the recipient wishes to contest the sale of his property pursuant to such lien, the recipient should notify the lienor that a hearing is desired. The notice shall state the required information in simplified terms and shall contain a form whereby the recipient may notify

the lienor that a hearing is desired by the return of such form to the lienor. Failure of the recipient to notify the lienor within 10 days of the receipt of such notice that a hearing is desired shall be deemed a waiver of the right to a hearing prior to sale of the property against which the lien is asserted and the lienor may proceed to enforce the lien by public or private sale as provided in this section. If the lienor is notified within the 10-day period provided above that a hearing is desired prior to sale, the lien may be enforced by sale as provided in this section only pursuant to the order of a court of competent jurisdiction.

(c) Private sale. Sale by private sale may be made in any manner that is commercially reasonable. Not less than 30 days prior to the date of the proposed private sale, the lienor shall cause notice to be mailed, as provided in subsection (f) hereof, to the person having legal title to the property, if reasonably ascertainable, to the person with whom the lienor dealt if different, and to each secured party or other person claiming an interest in the property who is actually known to the lienor or can be reasonably ascertained. Notices provided pursuant to subsection (b) hereof shall be sufficient for these purposes if such notices contain the information required by subsection (f) hereof. The lienor shall not purchase, directly or indirectly, the property at private sale and such a sale to the lienor shall be voidable.

(d) Request for public sale. If an owner, the person with whom the lienor dealt, any secured party, or other person claiming an interest in the property notifies the lienor prior to the date upon or after which the sale by private sale is proposed to be made, that public sale is requested, sale by private sale shall not be made. After request for public sale is received, notice of public sale must be given as if no notice of sale by private sale had been given.

(e) Public sale. (1) Not less than 20 days prior to sale by public sale the lienor:

a. Shall cause notice to be mailed to the person having legal title to the property if reasonably ascertainable, to the person with whom the lienor dealt if different, and to each secured party or other person claiming an interest in the property who is actually known to the lienor or can be reasonably ascertained, provided that notices provided pursuant to subsection (b) hereof shall be sufficient for these purposes if such notices contain the information required by subsection (f) hereof; and

b. Shall advertise the sale by posting a copy of the notice of sale at the courthouse door in the county where the sale is to be held and by publishing notice of sale once per week for two consecutive weeks in a newspaper of general circulation in the same county.

(2) A public sale must be held on a day other than Sunday and between the hours of 10:00 a.m. and 4:00 p.m.:

(5) The place of the sale;
(6) If a private sale the date upon or after which the sale is proposed to be made, or if a public sale the date and hour when the sale is to be held.

(g) Damages for noncompliance. If the lienor fails to comply substantially with any of the provisions of this section, the lienor shall be liable to the person having legal title to the property or any other party injured by such noncompliance in the sum of one hundred dollars ($100.00), together with a reasonable attorney's fee as awarded by the court. Damages provided by this section shall be in addition to actual damages to which any party is otherwise entitled."

Sec. 2. G.S. 20-77 is hereby amended by deleting the second paragraph of subsection (d) and inserting in lieu thereof the following: "Any vehicle which remains unclaimed after report is made to the Department may be sold by such operator or landowner in accordance with the provisions relating to the enforcement of liens and the application of proceeds of sale of Article 1 of Chapter 44A."

H. B. 1063 **CHAPTER 479**

AN ACT TO EXTEND THE DEADLINE FOR PROVIDING SANITARY SEWER SERVICE TO CERTAIN ANNEXED AREAS IN THE TOWN OF GRIFTON.

Whereas, pursuant to the provisions of Part II, Article 4a, Chapter 160A of the General Statutes, and by ordinance effective on the 19th day of August, 1974, the Town of Grifton annexed certain outlying areas described in such annexation ordinance;

Whereas, subsequent to the annexation of August 19, 1974, the town was informed by the North Carolina Environmental Management Commission and the United States Environmental Protection Agency that additional sewer service to annexed property owners could be provided only on a regional basis by the Contentnea Metropolitan Sewage District in order to receive State and federal sewage treatment facilities funding;

Whereas, though the preliminary application for federal and State funding of the Contentnea Metropolitan Sewage District has been approved by the Environmental Management Commission and Environmental Protection Agency, it is questionable whether contracts will be let for construction by August 19, 1975, and the requirements of G.S. 160A-37 thereby complied with;

Whereas, the town is in need of more time, not to exceed an additional year, to provide sewer service to these annexed areas due to the unforeseeable delays in obtaining State and federal funding approval; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Notwithstanding the provisions of G.S. 160A-37(h) relating to the proper time for bringing actions thereunder, any persons owning property in the territory annexed by the Town of Grifton by the ordinance effective on August 19, 1974, may apply for a writ of mandamus against the town under the provisions of G.S. 160A-37(h) not earlier than two years from and not later than 27 months from the effective date of the annexation.

Sec. 2. This act shall apply to the Town of Grifton only.

Sec. 3. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 4th day of June, 1975.

"Regulatory Powers.

"Sec. 8-1. *Subdivisions; require installation of improvements.* In connection with subdivision or platting controls, the board of commissioners may require the improvement and grading of streets and the construction and installation of street pavements, curbs, gutters, sidewalks, and water, sewer, surface-water drainage and other utility mains as a condition precedent to approval of the plat. The requirements may provide for tentative approval of the plat previous to such improvement and installation, but any such tentative approval shall not be entered on the plat. The requirements may provide that in lieu of completion of the work and installations prior to final approval of the plat, the board may accept a bond, in an amount and with surety and conditions satisfactory to it, providing for and securing to the town the actual construction and installation of the improvements and utilities within a period specified by the board and expressed in the bond. The town is empowered to enforce the bond by all appropriate legal and equitable remedies. Requirements adopted hereunder may be applied throughout the area over which the town is authorized by law to exercise platting or subdivision controls.

"Sec. 8-2. *Removal of offensive matter; charges a lien.* The city council may by ordinance establish a procedure whereby city forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter from any property upon failure of the owner or occupant after 10 days' notice to do so. In such event, the cost of such cleaning, cutting, and removal shall become a lien upon the particular property and may thereafter be collected either by suit in the name of the city or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs, and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes, as provided in G.S. 160A-193.

"Sec. 8-3. *Alternative condemnation procedures.* In exercising the power of eminent domain for any public purpose, if negotiations for the purchase of land or rights in land are unsuccessful the town may in its discretion use the procedures of Article 2 of Chapter 40 of the General Statutes or Article 9 of Chapter 136 of the General Statutes, or the procedures of any other general law, charter or local act applicable to the town. As contained in Article 9 of Chapter 136 of the General Statutes, all reference to 'Board of Transportation' shall be deemed to mean 'Town of Grifton'; all reference to the 'Chairman of the Board of Transportation' or 'Director of Highways' shall be deemed to mean 'Mayor of the Town of Grifton'; all references to authority or persons or agencies connected therewith shall be deemed to refer to the Town of Grifton.

Provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c) unless the exercise of such power of eminent domain is either

consented to by the owner of the property to be acquired by the town, or otherwise first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation.

"Chapter IX.

"Claims Against the Town.

"Sec. 9-1. *Presentation of claims; suit upon claims.* (a) All claims or demands against the Town of Grifton arising in tort or in contract shall be presented to the board of commissioners in writing, signed by the claimant, his attorney or agent, within ninety days after the claim or demand is due or the cause of action accrues, and no suit or action shall be brought thereon within thirty days or after the expiration of twelve months from the time said claim or demand is so presented. Unless the claim or demand is so presented within ninety days after the cause of action accrues, and unless suit is brought within twelve months thereafter, any action thereon is barred.

(b) No action shall be instituted against the town on account of damages to or compensation for real property taken or used by the town for any public purpose, or for the ejectment of the town therefrom, or to remove a cloud upon the title thereof, unless, within two years after such alleged use, the owner, his executor, administrator, guardian, or next friend, shall have given notice in writing to the board of commissioners of the claims, stating in the notice the date that the alleged use commenced, a description of property alleged to have been used, and the amount of the damage or compensation claimed.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of his incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within three years after the happening or the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given on his behalf within six months after termination of the incapacity, or within three years after the happening or the infliction of the injury complained of, whichever is the longest period. The town may at any time request the appointment of a next friend to represent any person having a potential claim against the town and known to be suffering from physical or mental incapacity.

"Sec. 9-2. *Settlement of claims.* The board of commissioners may authorize the town attorney to settle claims against the town for (1) personal injuries or damages to property when the amount involved does not exceed the sum of one hundred dollars ($100.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred and (2) the taking of small portions of private property which are needed for the rounding of corners at intersections of streets, when the amount involved in any such settlement does not exceed five hundred dollars ($500.00) and does not exceed the actual loss sustained. Settlement of a claim by the town attorney pursuant to this section shall constitute a complete release of the town from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of.

"Chapter X.

"Charter Amendments.

"Sec. 10-1. *Incorporation of amendments.* As soon as possible after the adjournment of each General Assembly, the town attorney shall present to the board of commissioners a summary of all local and general laws relating to the property, affairs, and government of the Town of Grifton that were enacted by such General Assembly, whether or not amending in terms of this Charter. After considering the recommendations of the town attorney, the board may provide for incorporation of such laws into this Charter."

Sec. 2. The purpose of this act is to revise the Charter of the Town of Grifton and to consolidate herein certain acts concerning the property, affairs, and government of the town. It is intended to continue without interruption those provisions of prior acts which are consolidated into this act, so that all rights and liabilities that have accrued are preserved and may be enforced.

Sec. 3. This act shall not be deemed to repeal, modify, nor in any manner to affect any of the following acts, portions of acts, or amendments thereto, whether or not such acts, portions of acts, or amendments are expressly set forth herein:

Sec. 4. The following act, having served the purpose for which enacted, and having been consolidated into this act, is hereby repealed: Chapter 812, Session Laws 1969.

No provision of this act is intended, nor shall be construed, to affect in any way any rights or interests (whether public or private):

(a) Now vested or accrued, in whole or in part, the validity of which might be sustained or preserved by reference to any provisions of law repealed by this act;

(b) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken (including the adoption of ordinances or resolutions) pursuant to or within the scope of any provision of law repealed by this act.

Sec. 5. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

(a) The repeal herein of any act repealing such law, or

(b) Any provision of this act that disclaims an intention to repeal or affect enumerated or designated laws.

Sec. 6. (a) All existing ordinances and resolutions of the Town of Grifton, and all existing rules or regulations of departments or agencies of the Town of Grifton, not inconsistent with the provisions of this act, shall continue in full force and effect until repealed, modified or amended.

(b) No action or proceeding of any nature (whether civil or criminal, judicial or administrative, or otherwise) pending at the effective date of this act by or against the Town of Grifton or any of its departments or agencies shall be abated or otherwise affected by the adoption of this act.

Sec. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the

invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 8. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 9. This act shall be effective upon its ratification.

In the General Assembly read three times and ratified, this the 4th day of June, 1975.

S. B. 673 CHAPTER 482

AN ACT TO AMEND G.S. 147-69.1 IN ORDER TO ALLOW STATE GOVERNMENT OFFICIALS TO INVEST IDLE FUNDS IN CERTIFICATES, SHARES, OR DEPOSITS IN SAVINGS AND LOAN ASSOCIATIONS.

The General Assembly of North Carolina enacts:

Section 1. The first paragraph of G.S. 147-69.1 is repealed and a new paragraph substituted for it to read as follows:

"It shall be the duty of the State Treasurer, with assistance of the Director of the Budget, on or before the tenth day of each calendar month, and upon request of the Governor or the Council of State at any other time, to carefully analyze the amount of cash in the General Fund and in all special funds credited to any special purpose designated by the General Assembly or held to meet the budgets or appropriations for maintenance and permanent improvements of the several institutions, boards, departments, commissions, agencies, persons or corporations of the State. Upon the completion of this analysis the State Treasurer shall determine when in his opinion, the cash in any such funds is in excess of the amount required to meet the current needs and demands on such funds, and report his findings to the Governor and the Council of State. The

Governor and the State Treasurer, acting jointly, with the approval of the Council of State, are hereby authorized to invest such excess funds:

(1) In bonds, notes, certificates of indebtedness and bills of the United States of America or in obligations which are fully guaranteed by the United States of America; or

(2) In bonds, notes and other obligations of the Federal Intermediate Credit Banks, the Federal Home Loan Banks, the Federal National Mortgage Association, Banks for Cooperatives, and the Federal Land Banks; or

(3) In bonds and notes of the State of North Carolina; or

(4) In certificates of deposit issued by banks or official depositories within the State of North Carolina, yielding a return at rates not less than those available on United States treasury bonds, notes, certificates of indebtedness or bills of comparable maturities; or

(5) In savings certificates, investment certificates, shares of or deposits in any savings and loan association organized under the laws of this State and savings certificates, investment certificates, shares of or deposits in any federal savings and loan association having its principal office in this State, to the extent that the investment in such certificates, shares or deposits is fully insured by the United States of America or an agency thereof or by any mutual deposit guaranty association authorized by the Administrator of the Savings and Loan Division of the State to do business in North Carolina pursuant to Article 7A of Chapter 54 of the General Statutes, so long as those certificates, shares or deposits yield a return at rates not less than those available on United States treasury bonds, notes, certificates of indebtedness, or bills of comparable maturities.

Notwithstanding the above, if such rates on United States treasury bonds, notes, certificates of indebtedness or bills of comparable maturity are higher than the rates banks or savings and loan associations are permitted to pay by federal or State statutes or regulations and if in the judgment of the Governor and the Council of State it would benefit the economy of the State, such excess funds may be invested in certificates of deposit issued by banks or official depositories within the State of North Carolina at the maximum rate that banks are permitted to pay by federal or State statutes or regulations, or such excess funds may be invested in savings certificates, investment certificates, shares of or deposits in savings and loan associations in the State of North Carolina at the maximum rate that savings and loan associations are permitted to pay by federal or State statutes or regulations. The said funds shall be invested so that in the judgment of the Governor and the State Treasurer they may be readily converted into money at such time as the money will be needed. The interest received on all such deposits and the income from such investments, unless otherwise required by law, shall be paid into the State's General Fund; provided, however, that on and after July 1, 1961, all interest accruing on the monthly balance of the Highway Fund shall be paid to the State Highway Fund."

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 4th day of June, 1975.

Sec. 4. This act shall become effective January 1, 1976.

In the General Assembly read three times and ratified, this the 5th day of June, 1975.

CHAPTER 487

AN ACT TO PERMIT COUNTIES TO ASSIST IN THE FINANCING OF IMPROVEMENTS TO RURAL SUBDIVISION AND RESIDENTIAL STREETS AND TO LEVY SPECIAL ASSESSMENTS THEREFOR.

The General Assembly of North Carolina enacts:

Section 1. G.S. 153A-185 as the same appears in Replacement Volume 3C of the General Statutes is amended by adding thereto a new paragraph (4), to read as follows:

"(4) constructing, reconstructing, paving, widening, installing curbs and gutters, and otherwise building and improving streets, as provided in G.S. 153A-205."

Sec. 2. A new G.S. 153A-205 is enacted, to read as follows:

"§ 153A-205. *Improvements to subdivision and residential streets.*—(a) A county may finance the local share of the cost of improvements made under the supervision of the Department of Transportation and Highway Safety to subdivision and residential streets that are a part of the State maintained system located in the county and outside of a city and shall levy and collect pursuant to the procedures of Article 9 of Chapter 153A of the General Statutes special assessments against benefited property to recoup that portion of the costs financed by the county. The local share is that share required by policies of the Secondary Roads Council, and may be paid by the county from funds not otherwise limited as to use by law. Land owned, leased, or controlled by a railroad company is exempt from such assessments to the same extent that it would be exempt from street assessments of a city under G.S. 160A-222. No project may be commenced under this section unless it has been approved by the Department of Transportation and Highway Safety.

(b) A county may finance the local share of the cost of improvements made under the supervision of the Department of Transportation and Highway Safety to subdivision and residential streets located in the county and outside of a city in order to bring those streets up to the standards of the Secondary Roads Council so that they may become a part of the State maintained system and shall levy and collect pursuant to the procedures of Article 9 of Chapter 153A of the General Statutes special assessments against benefited property to recoup that portion of the costs financed by the county. The local share is that share required by policies of the Secondary Roads Council, and may be paid by the county from funds not otherwise limited as to use by law. Land owned, leased, or controlled by a railroad company is exempt from such assessments to the same extent that it would be exempt from street assessments of a city under G.S. 160A-222. No project may be commenced under this section unless it has been approved by the Department of Transportation and Highway Safety.

(c) Before a county may finance all or a portion of the cost of improvements to a subdivision or residential street, it must receive a petition for the improvements signed by at least seventy-five percent (75%) of the owners of property to be assessed, who must represent at least seventy-five percent (75%) of all the lineal feet of frontage of the lands abutting on the street or portion thereof to be improved. The petition shall state that portion of the cost of the improvement to be assessed, which shall be the local share required by policies of the Secondary Roads Council.

Property owned by the United States shall not be included in determining the lineal feet of frontage on the improvement, nor shall the United States be included in determining the number of owners of property abutting the improvement. Property owned by the State of North Carolina shall be included in determining frontage and the number of owners only if the State has consented to assessment as provided in G.S. 153A-189. Property owned, leased, or controlled by railroad companies shall be included in determining frontage and the number of owners to the extent the property is subject to assessment under G.S. 160A-222. Property owned, leased, or controlled by railroad companies that is not subject to assessment shall not be included in determining frontage or the number of owners.

No right of action or defense asserting the invalidity of street assessments on grounds that the county did not comply with this subsection in securing a valid petition may be asserted except in an action or proceeding begun within 90 days after the day of publication of the notice of adoption of the preliminary assessment resolution.

(d) This section is intended to provide a means of assisting in financing improvements to subdivision and residential streets that are on the State highway system or that will, as a result of the improvements, become a part of the system. By financing improvements under this section, a county does not thereby acquire or assume any responsibility for the street or streets involved, and a county has no liability arising from the construction of such an improvement or the maintenance of such a street. Nothing in this section shall be construed to alter the conditions and procedures under which State system streets or other public streets are transferred to muncipal street systems pursuant to G.S. 136-66.1 and G.S. 136-66.2 upon annexation by, or incorporation of, a muncipality."

Sec. 3. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 5th day of June, 1975.

S. B. 166 CHAPTER 488

AN ACT TO REQUIRE COMPLIANCE OF SUBDIVISION STREETS WITH MINIMUM STANDARDS OF THE SECONDARY ROADS COUNCIL.

The General Assembly of North Carolina enacts:

Section 1. Chapter 136 of the General Statutes is hereby amended by adding a new section to be numbered G.S. 136-102.6 and to read as follows:

"§ 136-102.6. *Compliance of subdivision streets with minimum standards of the Secondary Roads Council required of developers.*—(a) The owner of a tract or parcel of land which is subdivided from and after the date this act becomes effective into two or more lots, building sites, or other divisions for sale or building development for residential purposes, where such subdivision includes a new street or the changing of an existing street, shall record a map or plat of the subdivision with the register of deeds of the county in which the land is located. The map or plat shall be recorded prior to any conveyance of a portion of said land, by reference to said map or plat.

(b) The right-of-way of any new street or change in an existing street shall be delineated upon the map or plat with particularity and such streets shall be

designated to be either public or private. Any street designated on the plat or map as public shall be conclusively presumed to be an offer of dedication to the public of such street.

(c) The right-of-way and design of streets designated as public shall be in accordance with the minimum right-of-way and construction standards established by the Secondary Roads Council for acceptance on the State Highway System. If a municipal or county subdivision control ordinance is in effect in the area proposed for subdivision, the map or plat required by this section shall not be recorded by the register of deeds until after it has received final plat approval by the municipality or county, and until after it has received a Certificate of Approval by the Division of Highways as herein provided as to those streets regulated in subsection (g). The Certificate of Approval may be issued by a District Engineer of the Division of Highways of the Department of Transportation.

(d) The right-of-way and construction plans for such public streets in residential subdivisions, including plans for street drainage, shall be submitted to the Division of Highways for review and approval, prior to the recording of the subdivision plat in the office of the register of deeds. The plat or map required by this act shall not be recorded by the register of deeds without a Certificate of Approval by the Division of Highways of the plans for the public street as being in accordance with the minimum standards of the Secondary Roads Council for acceptance of the subdivision street on the State Highway System for maintenance. The Certificate of Approval shall not be deemed an acceptance of the dedication of such streets on the subdivision plat or map. Final acceptance by the Division of Highways of such public streets and placing them on the State Highway System for maintenance shall be conclusive proof that the streets have been constructed according to the minimum standards of the Secondary Roads Council.

(e) No person or firm shall place or erect any utility in, over, or upon the existing or proposed right-of-way of any street in a subdivision to which this section applies, except in accordance with the Division of Highway's POLICIES AND PROCEDURES FOR ACCOMMODATING UTILITIES ON HIGHWAY RIGHTS-OF-WAY, until the Division of Highways has given written approval of the location of such utilities. Written approval may be in the form of exchange of correspondence until such times as it is requested to add the street or streets to the State System, at which time an Encroachment Agreement furnished by the Division of Highways must be executed between the owner of the utility and the Division of Highways. The right of any utility placed or located on a proposed or existing subdivision public street right-of-way shall be subordinate to the street right-of-way, and the utility shall be subject to regulation by the Board of Transportation. Utilities are defined as electric power, telephone, television, telegraph, water, sewage, gas, oil, petroleum products, steam, chemicals, drainage, irrigation, and similar lines. Any utility installed in a subdivision street not in accordance with the Division of Highways Accommodation Policy, and without prior approval by the Division of Highways, shall be removed or relocated at no expense to the Division of Highways.

(f) Prior to entering any agreement or any conveyance with any prospective buyer, the developer and seller shall prepare and sign, and the buyer of the subject real estate shall receive and sign an acknowledgement of receipt of a

separate instrument known as the Subdivision Streets Disclosure Statement (hereinafter referred to as Disclosure Statement). Said Disclosure Statement shall fully and completely disclose the status (whether public or private) of the street upon which the house or lot fronts. If the street is designated by the developer and seller as a public street, the developer and seller shall certify that the right-of-way and design of the street has been approved by the Division of Highways, and that the street has been or will be constructed by the developer and seller in accordance with the standards for subdivision streets adopted by the Secondary Roads Council for acceptance on the Highway System. If the street is designated by the developer and seller as a private street, the developer and seller shall include in the Disclosure Statement an explanation of the consequences and responsibility as to maintenance of a private street, and shall fully and accurately disclose the party or parties upon whom responsibility for construction and maintenance of such street or streets shall rest, and shall further disclose that the street or streets will not be constructed to minimum standards, sufficient to allow their inclusion on the State Highway System for maintenance. The Disclosure Statement shall contain a duplicate original which shall be given to the buyer. Written acknowledgement of receipt of the Disclosure Statement by the buyer shall be conclusive proof of the delivery thereof.

(g) The provisions of this section shall apply to all subdivisions located outside municipal corporate limits. As to subdivisions inside municipalities, this section shall apply to all proposed streets or changes in existing streets on the State Highway System as shown on the comprehensive plan for the future development of the street system made pursuant to G.S. 136-66.2, and in effect at the date of approval of the map or plat.

AN ACT TO PROVIDE AN ADDITIONAL TAX EXEMPTION FOR HEMOPHILIACS.

Whereas, there are at least 450 individuals in North Carolina who are significantly affected by hemophilia, physically, emotionally, economically and socially; and

Whereas, hemophilia is a catastrophic illness that places a heavy strain on the individual, and his family, to the extent that the total cost of the illness is immeasurable; and

Whereas, according to the National Hemophilia Foundation, the cost of medical treatment alone for the average hemophiliac ranges from five thousand dollars ($5,000) to twenty thousand dollars ($20,000) per year, a cost most families cannot meet; and

Whereas, it is therefore desirable that such persons be given additional relief from taxation; Now, therefore,

Eligible hemophiliacs shall be those who submit to the Division of Health Services of the Department of Human Resources a certificate from a physician or county health department, certifying that their condition is medically characterized as moderate or severe in the case of deficiencies of Factor VIII or Factor IX, or in the case of deficiencies in Factors I - VII or Factors X - XIII certifying that their condition causes physical or financial conditions similar to those resulting from Factor VIII or Factor IX deficiencies; and who attach a supporting statement to their North Carolina Income Tax Return, including verification that said certificate has been obtained and submitted to the Division of Health Services of the Department of Human Resources.

An additional exemption of one thousand dollars ($1,000) is allowed in addition to all other exemptions provided by law, for each dependent (as defined in subdivision (a)5 above), who is a hemophiliac meeting the criteria set out in the above paragraph."

AN ACT TO PROVIDE FOR CONTINUING REVIEW OF GOVERNMENTAL OPERATIONS BY THE GENERAL ASSEMBLY.

The General Assembly of North Carolina enacts:

Section 1. A new Article 13 is added to Chapter 120 of the General Statutes of North Carolina to read as follows:

"ARTICLE 13.

"'Joint' Legislative Commission on Governmental Operations.

"§ 120-70.1. *Purpose.*—The rapid increase in the functions and costs of State government and the complexity of agency operations deeply concerns the General Assembly. Members of the General Assembly have the ultimate responsibility for making public policy decisions and deciding on appropriations of public monies. Knowledge of the public service needs being met, having evidence as to whether previous policy and appropriations have resulted in expected program benefits, and data on how State government reorganization has affected agency operations is most important.

Legislative examination and review of public policies, expenditures and reorganization implementation as an integral part of legislative duties and responsibilities should be strengthened. For the purpose of performing such continuing examination and evaluation of State agencies, their actual effectiveness in programming and in carrying out procedures under reorganization, the General Assembly herein provides for the continuing review of operations of State government.

"§ 120-70.2. *Definition.*—For the purposes of this act, program evaluation is defined as: An examination of the organization, programs, and administration of State government to ascertain whether such functions (1) are effective, (2) continue to serve their intended purposes, (3) are efficient, and (4) require modification or elimination.

"§ 120-70.3. *Commission established.*—There is hereby established the Joint Legislative Commission on Governmental Operations, hereinafter called the commission, which shall conduct evaluative studies of the programs, policies, practices and procedures of the various departments, agencies, and institutions of State government.

"§ 120-70.4. *Appointment of members.*—The commission shall consist of 10 members. The President of the Senate shall appoint five members of the Senate, and the Speaker of the House of Representatives shall appoint five members of the House. Vacancies created by resignation or otherwise shall be filled by the original appointing authority. Members shall serve two-year terms beginning and ending on January 15 of the odd-numbered years, except that initial appointments shall begin on July 1, 1975. Members shall not be disqualified from completing a term of service on the commission because they fail to run or are defeated for re-election. Resignation or removal from the General Assembly shall constitute resignation or removal from membership on the commission. The terms of the initial members of the commission shall expire January 15, 1977.

"§ 120-70.5. *Organization of the commission.*—The chairman of the commission shall be elected from among the membership of the commission and shall serve for a term of one year, ending on the first day of July each year.

"§ 120-70.6. *Powers and duties of the commission.*—The commission shall have the following powers:

(1) To conduct program evaluation studies of the various components of State agency activity as they relate to:

a. service benefits of each program relative to expenditures;
b. achievement of program goals;
c. use of indicators by which the success or failure of a program may be gauged; and
d. conformity with legislative intent.

(2) To study legislation which would result in new programs with statewide implications for feasibility and need. These studies may be jointly conducted with the Fiscal Research Division of the Legislative Services Commission.

(3) To study on a continuing basis the implementation of State government reorganization with respect to:

a. improvements in administrative structure, practices and procedures;
b. the relative effectiveness of centralization and decentralization of management decisions for agency operation;
c. opportunities for effective citizen participation; and
d. broadening of career opportunities for professional staff.

(4) To make such studies and reports of the operations and functions of State government as it deems appropriate or upon petition by resolution of either the Senate or the House of Representatives.

(5) To produce routine written reports of findings for general legislative and public distribution. Special attention shall be given to the presentation of findings to the appropriate committees of the Senate and the House of Representatives. If findings arrived at during a study have a potential impact on either the finance or appropriations deliberations, such findings shall immediately be presented to the committees. Such reports shall contain recommendations for appropriate executive action and when legislation is considered necessary to effect change, draft legislation for that purpose may be included. Such reports as are submitted shall include but not be limited to the following matters:

a. ways in which the agencies may operate more economically and efficiently;
b. ways in which agencies can provide better services to the State and to the people; and
c. areas in which functions of State agencies are duplicative, overlapping, or failing to accomplish legislative objectives, or for any other reason should be redefined or redistributed.

(6) To devise a system, in cooperation with the Fiscal Research Division of the Legislative Services Commission, whereby all new programs authorized by the General Assembly incorporate an evaluation component. The results of such evaluations may be made to the Appropriations Committees at the beginning of each regular session.

"§ 120-70.7. *Additional powers.*—The commission, while in the discharge of official duties, shall have access to any paper or document, and may compel the attendance of any State official or employee before the commission or secure any evidence under the provisions of G.S. 120-19.

"§ 120-70.8. *Compensation and expenses of commission members.*—Members of the commission shall receive subsistence and travel allowances at the rates set

forth in G.S. 120-3.1 for General Assembly members. The commission shall be funded by the Legislative Services Commission from appropriations made to the General Assembly for that purpose.

"§ 120-70.9. *Commission staffing.*—(a) The commission shall use available secretarial employees of the General Assembly, or may employ, and may remove, such professional and clerical employees as the commission deems proper. The chairman may assign and direct the activities of the employees of the commission, subject to the advice of the commission.

(b) The employees of the commission shall receive salaries that shall be fixed by the Legislative Services Commission and shall receive travel and subsistence allowances fixed by G.S. 138-6 and G.S. 138-7, when such travel is approved by the chairman, subject to the advice of the commission. The employees of the commission shall not be subject to the Executive Budget Act or to the State Personnel Act.

(c) The commission may use employees of the Fiscal Research Division of the Legislative Services Commission.

(d) The commission shall assure that sufficient funds are available within its appropriations before employing professional and clerical employees."

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 6th day of June, 1975.

"Sec. 7-2. *Sale or lease of utility systems.* The board of councilmen shall not sell or lease the town electric system, the town water system, the town sewerage system, or any other utility system which the town owns or may hereafter own, unless such sale or lease and the terms thereof be approved by a majority of the qualified voters who vote thereon in an election held not earlier than six months preceding such sale or lease; provided, this section shall not be deemed to prohibit the board of councilmen from selling or exchanging particular utility lines, or minor portions of any utility system, located outside the corporate limits, in its discretion and without approval of the voters.

"Sec. 7-3. *Fiscal procedures.* All elective and appointive officials having responsibilities pertaining to fiscal matters shall be governed by G.S. Chapter 159, G.S. Chapter 105, Subchapter II (The Machinery Act), and any other general laws dealing with fiscal affairs.

"Sec. 7-4. *Enforcement of privilege license taxes.* In addition to any other civil or criminal remedy available to enforce the collection of privilege license taxes, the tax collector may employ the remedies of levy upon personal property, attachment and garnishment, in the manner of and subject to the limitations provided in North Carolina General Statutes.

"Division 2. Street and Sidewalk Improvements.

"Sec. 7-5. *Authority to assess for improvements.* In addition to any authority which is now or may hereafter be granted by general law to the town for making street and sidewalk improvements, the town board is hereby authorized to make such improvements and to assess fifty percent of the total cost thereof against abuttting property owners in accordance with the provisions of this Chapter, without the necessity of a petition of property owners.

"Sec. 7-6. *Authority to order repairs, etc., and make assessment therefor.* In addition to any authority which is now or may hereafter be granted by general law to the town for making sidewalk improvements, the town council is hereby authorized to order to be made or to make sidewalk improvements or repairs according to standards and specifications of the town, and to assess fifty percent of the total cost thereof against abutting property owners, without the necessity of a petition of property owners.

"Sec. 7-7. *Assessment procedure.* In ordering street or sidewalk improvements or sidewalk repairs, without a petition and assessing fifty percent of the cost thereof under authority of this Chapter, the town council shall follow the procedure provided by the General Statutes relating to street and sidewalk assessments, except those provisions relating to the petition of property owners and the sufficiency thereof.

"Sec. 7-9. *Exemption of corner lots.* The board of councilmen shall have authority to exempt from assessment for street improvements for corner lots one hundred fifty feet of the frontage of any side of a corner lot when street improvements are installed along both sides of such lot.

"Division 3. Water and Sewer Assessments.

"Sec. 7-10. *Authority to levy by alternate methods.* In addition and as alternatives to the method provided in the General Statutes of North Carolina for assessing the costs of water and sewer lines and laterals, the board of councilmen of the Town of Edenton, North Carolina, if in its opinion it would be more equitable to do so, hereby is authorized in its discretion to levy any such assessments according to either of the following methods: (1) equally against each of the lots capable of being served by such line or lines, or (2) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the governing body annually between the first days of January and July of each year, may determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost of any portion thereof during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It also may include the anticipated increase in labor and materials costs based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such line shall not be made until after the particular assessment project has been completed. The purpose of this division is to distribute more equitably the cost of the installation of water and sewer lines throughout the town; to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights-of-way also may be assessed as a part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation costs at the time of the completion of the project, such costs may be assessed separately when they are determined.

If a lot or parcel of land used for a single-family residential purpose is assessed under this section and the lot or parcel of land is subdivided into additional lots for single-family occupancy, the board of councilmen may assess the additional lots or parcels of land into which the original parcel of land is from time to time divided on the basis of the average cost as determined under the provisions of this section at the time the owner of the additional lot requests the utility service. Such assessment shall be made only after the owner of the newly created lot or lots has requested water or sewer service and an assessment against his

property or has paid the amount of the assessment in cash. In the absence of such request or payment, the service shall be withheld from the property.

If a lot or parcel of land is used for any purpose other than for single-family occupancy, the board of councilmen may assess the lot or parcel of land used for such other purpose in an amount equal to the multiple of the assessment for a single-family lot by the nearest number of times that the area so used is divisible by twenty thousand feet but in no case shall the assessment be less than the assessment which would be made against a single-family dwelling lot.

"Sec. 7-11. *Exemption of corner lots.* The board of councilmen shall have authority to exempt from assessment for water and sewer extensions for corner lots one hundred fifty feet of the frontage of any side of a corner lot when water and sewer extensions are installed along both sides of such lot.

"ARTICLE 8.

"Miscellaneous.

"Sec. 8-1. *Notice of injury before suit against town.* No action for damages against the Town of Edenton of any character whatever, to either person or property, shall be instituted unless within 90 days after the happening or infliction of the injury complained of, the complainant, his executors or administrators, shall have given notice to the board of councilmen of such injury in writing, stating in such notice the date and place of the happening or infliction of such injury, the manner of such injury, the character of such injury and the amount of damages claimed therefor, but this shall not prevent any time of limitation prescribed by law from commencing to run at the date of the happening or infliction of such injury, or in any manner interfere with its running.

"Sec. 8-2. *General laws apply.* All questions arising in the administration of the government of the Town of Edenton and not provided for in this charter, shall be governed by the laws of the State, and nothing in this charter shall be deemed as limiting any powers given to municipal corporations by the Constitution and Laws of North Carolina."

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 6th day of June, 1975.

H. B. 445 CHAPTER 492

AN ACT TO AMEND ARTICLE 2A OF CHAPTER 45 TO PROVIDE NOTICE AND HEARING PRIOR TO MORTGAGE FORECLOSURE SALES.

The General Assembly of North Carolina enacts:

Section 1. Part 2 of Article 2A of Chapter 45 of the General Statutes is hereby amended by designating the present Section 45-21.16 as Section 45-21.16A and by amending Subsection (1) thereof to read as follows:

"(1) Describe the instrument pursuant to which the sale is held, by identifying the original mortgagors and recording data, and if different from the original mortgagors shall list the record owner of the property as reflected on the records of the register of deeds not more than 10 days prior to posting the notice, who may be identified as present owners, and may reflect the owner not reflected on the records if known."

And by amending Subsection (3) thereof to read as follows:

"(3) Describe the real property (including improvements thereon) to be sold in such a manner as is reasonably calculated to inform the public as to what is being sold, which description may be in general terms and incorporate the description as used in the instrument containing the power of sale by reference thereto. Any property described in the instrument containing the power of sale which is not being offered for sale should also be described in such a manner as to enable prospective purchasers to determine what is and what is not being offered for sale."

Sec. 2. Part 2 of Article 2A of Chapter 45 of the General Statutes is hereby amended by adding a new section to be designated 45-21.16 at the beginning thereof to read as follows:

"§ 45-21.16. *Notice and hearing.*—(a) The mortgagee or trustee granted a power of sale under a mortgage or deed of trust who seeks to exercise such power of sale shall serve upon each party entitled to notice under this section a notice of hearing. The notice shall specify a time and place for a hearing before the clerk of court and shall be served not less than 10 days prior to the date of such hearing. The notice shall be served in any manner provided by the Rules of Civil Procedure for the service of summons, or may be served by actual delivery by registered or certified mail, return receipt requested; provided, that in those instances in which service by publication would be authorized, service may be made by posting a notice in a conspicuous place and manner upon the property for a period of not less than 10 days before the date of the hearing.

(b) Notice of hearing shall be sent to:

(1) Any person to whom the security interest instrument itself directs notice to be sent in case of default.

(2) To any person obligated to repay the indebtedness against whom the holder thereof intends to assert liability therefor, and any such person not notified shall not be liable for any deficiency remaining after the sale.

(3) To the record owner or owners (including owners in tenancy by the entirety) of the real estate at the time of the giving of the notice.

(c) Notice shall be in writing and shall state in a manner reasonably calculated to make the party entitled to notice aware of the following:

(1) The particular real estate security interest being foreclosed, with such a description as is necessary to identify the real property, including the date, original amount, and book and page of the security instrument.

(2) The name and address of the holder of the security instrument, and if different from the original holder, his name and address.

(3) The nature of the default claimed.

(4) The fact, if such be the case, that the secured creditor has accelerated the maturity of the debt.

(5) Any right of the debtor to pay the indebtedness or cure the default if such is permitted, the date by which such payment may be made or cure effected, the amount to pay or steps necessary to cure by such date, and to whom payment should be made or notice of cure given.

(6) The date, time and place when and where the real estate will be sold, unless the obligation is earlier satisfied.

(7) The right of the debtor (or other party served) to appear before the Clerk of Court at a time and on a date specified, at which appearance he shall be afforded the opportunity to show cause as to why the foreclosure

should not be allowed to be held. The notice shall contain a statement that if the debtor does not intend to contest the creditor's allegations of default, that the debtor does not have to appear at the hearing and that his failure to attend the hearing will not affect his right to pay the indebtedness and thereby prevent the proposed sale, or to attend the actual sale, should he elect to do so.

(8) That if the foreclosure sale is consummated the purchaser will be entitled to possession of the real estate as of the date of delivery of his deed, and that the debtor, if still in possession, can then be evicted.

(9) That the debtor should keep the trustee or mortgagee notified in writing of his address so that he can be mailed copies of the notice of foreclosure setting forth the terms under which the sale will be held, and notice of any postponements or resales.

(d) The hearing provided by this section shall be held before the clerk of court in the county where the land, or any portion thereof, is situated. Upon such hearing, the clerk shall consider the evidence of the parties and may consider in addition to other forms of evidence required or permitted by law, affidavits and certified copies of documents. If the clerk finds the existence of (1) valid debt of which the party seeking to foreclose is the holder, (2) default, (3) right to foreclose under the instrument, and (4) notice to those entitled to such under subsection (b), then the clerk shall further find that the mortgagee or trustee can proceed under the instrument, and the mortgagee or trustee can give notice of and conduct a sale pursuant to the provisions of this Article. The act of the clerk in so finding or refusing to so find is a judicial act and may be appealed to the judge of the district or superior court having jurisdiction at any time within 10 days after said act. If an appeal is taken from the clerk's findings, the clerk shall stay the foreclosure pending appeal, providing that the clerk shall as a condition of staying the foreclosure require that the appealing party post a bond with sufficient surety to protect the prevailing party from any probable loss by reason of delay in the foreclosure.

(e) In the event of an appeal, either party may demand that the matter be heard at the next succeeding term of the court to which the appeal is taken which convenes ten or more days after the hearing before the clerk, and such hearing shall take precedence over the trial of other cases except cases of exceptions to homesteads and appeals in summary ejectment actions, provided the presiding judge may in his discretion postpone such hearing if the rights of the parties or the public in any other pending case require that such case be heard first. In those counties where no term of court is scheduled within 30 days from the date of hearing before the clerk, either party may petition the resident superior court judge or chief district court judge, who shall be authorized to hear the appeal.

(f) Waiver of the right to notice and hearing provided herein shall not be permitted except as set forth herein. At any time subsequent to service of the notice of hearing provided above, the clerk, upon the request of the mortgagee or trustee, shall mail to all other parties entitled to notice of such hearing a form by which such parties may waive their rights to the hearing. Upon the return of the forms to the clerk bearing the signatures of each such party and that of a witness to each such party's signature (which witness shall not be an agent or employee of the mortgagee or trustee), the clerk in his discretion may dispense

with the necessity of a hearing and proceed to issue the order authorizing sale as set forth above."

Sec. 3. G.S. 45-21.17 is hereby amended to read as follows:

"§ 45-21.17. *Posting and publishing notice of sale of real property.*—In addition to complying with such provisions with respect to posting or publishing notice of sale as are contained in the security instrument,

(a) Notice of sale of real property shall

(1) Be posted, at the courthouse door in the county in which the property is situated, for 20 days immediately preceding the sale.

(2) And in addition thereto,

a. If a newspaper qualified for legal advertising is published in the county, the notice shall be published in such a newspaper once a week for at least two successive weeks; but

b. If no such newspaper is published in the county, then notice shall be published once a week for at least two successive weeks in a newspaper having a general circulation in the county.

c. In addition to the newspaper advertisement under (a) or (b) above, the clerk may in his discretion, on application of any interested party, authorize such additional advertisement as in the opinion of the clerk will serve the interest of the parties, and permit the charges for such further advertisement to be taxed as a part of the costs of the foreclosure.

(b) When the notice of sale is published in a newspaper,

(1) The period from the date of the first publication to the date of the last publication, both dates inclusive, shall not be less than seven days, including Sundays, and

(2) The date of the last publication shall be not more than ten days preceding the date of the sale.

(c) When the real property to be sold is situated in more than one county, the provisions of Subsections (a) and (b) shall be complied with in each county in which any part of the property is situated.

(d) The notice of sale shall be mailed at least 20 days prior to the date of sale to each party entitled to notice of the hearing provided by G.S. 45-21.16 whose address is known to the trustee or mortgagee and in addition shall also be mailed to any party desiring a copy of the notice of sale who has complied with Subsection (e) below. Notice of the hearing required by G.S. 45-21.16 shall be sufficient to satisfy the requirement of notice under this section provided such notice contains the information required by G.S. 45-21.16A.

(e)(1) Requests for copies of notice. Any person desiring a copy of any notice of default and sale under any security instrument with power of sale upon real property may, at any time subsequent to the recordation of the security instrument and prior to the giving of notice of hearing provided for in G.S. 45-21.16, cause to be filed for record in the office of the register of deeds of the county where all or any part of the real property is situated, a duly acknowledged request for a copy of such notice of sale. This request shall be signed and acknowledged by the party making the request, shall specify the name and address of the party to whom the notice is to be mailed, shall identify the deed of trust or mortgage by stating the names of the parties thereto, the

date of recordation, and the book and page where the same is recorded, and shall be in substantially the following form:

'In accordance with the provisions of G.S. 45-21.17(e) request is hereby made that a copy of any notice of sale under the deed of trust (mortgage) recorded on _____, 19__, in Book _____, page _____, records of _____ County, North Carolina, executed by _____ as trustor (mortgagor) in which _____ is named as beneficiary (mortgagee), and _____ as trustee, be mailed to _____ at the following address: _____.

Signature: _____.'

(2) Register of deeds' duties. Upon the filing for record of such request, the register of deeds shall index in the general index of grantors the names of the trustors (mortgagors) recited therein, and the names of the persons requesting copies, with a marginal entry in the index of the book and page of the recorded security instrument to which the request refers; or upon the filing for record of such request, the register of deeds may instead of indexing such request on the general index of grantors stamp upon the face of the security instrument referred to in the request the book and page of each request for notice thereunder.

(3) Mailing notice. The mortgagee, trustee, or other person authorized to conduct the sale shall at least 20 days prior to the date of the sale cause to be deposited in the United States mail an envelope with postage prepaid containing a copy of the notice of sale, addressed to each person whose name and address are set forth in a duly recorded request therefor as specified in (1) above, directed to the address designated in such request.

(4) Effect of request on title. No request for a copy of any notice filed pursuant to this section nor any statement or allegation in any such request nor any record thereof shall affect the title to real property, or be deemed notice to any person that the person requesting copies of notice has any claim or any right, title or interest in, or lien or charge upon the property described in the deed of trust or mortgage referred to therein.

(5) Evidence of compliance and actions for failure to comply. The affidavit of the mortgagee, trustee, or other person authorized to conduct the sale that copies of the notice of sale have been mailed to all parties filing request for the same hereunder shall be deemed *prima facie* true. As to parties entitled to notice of foreclosure sale by virtue of G.S. 45-21.17(e)(1), no such party shall be permitted to attack a foreclosure on grounds that he was not mailed the notice herein provided for unless such action be brought prior to confirmation of the sale if the property is purchased by someone other than the secured party, and if bought by the secured party, unless the action is brought within six months of the date of confirmation of the sale and prior to the time the secured party sells the property to a bona fide purchaser for value. As to parties entitled to notice of foreclosure sale by virtue of G.S. 45-21.17(e)(1), no action may be brought either attacking the foreclosure or seeking damages resulting therefrom unless brought within six months of the date of confirmation of the sale, and in no case may be brought unless the party bringing the same tenders the full amount of the secured partys' investment in the property (including costs and expenses in the foreclosure action and all

accrued interest), and if on hearing it is proven that the party bringing the action received mailed notice or had actual notice of the sale before it was held (or if a resale was involved, prior to the date of the last resale), then he shall not prevail and shall be charged with such costs and expenses as are incurred in defending such action, including reasonable attorneys' fees of the defending party to be assessed by the court."

Sec. 4. Subsection (a) of G.S. 45-21.21 is hereby amended by deleting the word "six" and inserting in lieu thereof the word "twenty".

Sec. 5. Subsection (b) of G.S. 45-21.21 is hereby amended by adding a new subdivision (3) to read as follows:

S. 45-21.16 need not be complied with again but those of G.S. 45-21.16A and 45-21.17 shall be."

opportunity of a hearing prior to such foreclosure, all such sales are hereby fully validated, ratified and confirmed and shall be as effective to pass title to the real estate described therein as fully and to the same extent as if such notice and opportunity for hearing had been given, unless an action to set aside such foreclosure is commenced within one year from the date of ratification of this act."

S. B. 293 CHAPTER 493

AN ACT TO REWRITE G.S. 14-139 PERTAINING TO STARTING FIRES IN OR CAPABLE OF SPREADING TO WOODLAND UNDER PROTECTION OF THE DEPARTMENT OF NATURAL AND ECONOMIC RESOURCES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 14-139, as the same appears in the 1974 Cumulative Supplement to Volume 1B of the General Statutes, is rewritten in its entirety to read as follows:

"(a) Statement of purpose. It is the intent and purpose of this section to enact fire control provisions that are adopted to the needs and circumstances of the respective areas of North Carolina. The General Assembly hereby finds that, in certain counties designated in subsection (b) of this section and which have organic soils associated with large expanses of forests with highly flammable fuel types, forest fires are likely to result from the unusual hazard which exists during land clearance operations, and the General Assembly hereby classifies said counties as subject to the provisions of subsection (b). The General Assembly further finds that, in the remaining counties designated in subsection (c) of this section, forest fires are not as likely to result from unusual hazards that exist during land clearance operations, and the General Assembly hereby classifies said counties as subject to the provisions of subsection (c).

(b) It shall be unlawful for any person, firm or corporation to willfully start, or cause to be started, any fire, in any of the areas of woodlands under the protection of the Department of Natural and Economic Resources or within 500 feet of any such protected area without first having obtained from the Secretary of the Department of Natural and Economic Resources, or his duly authorized

agent, a permit to start and burn such fire in the above mentioned protected areas.

It shall be unlawful for any person, firm or corporation to willfully burn any debris, stumps, brush or other inflammable material accumulated as a result of ground clearance activities without having first received a special burning permit from the Secretary of the Department of Natural and Economic Resources, or his duly authorized agent, and such special permit shall be granted by the secretary or his duly authorized agent, only if he has personally inspected the site of the proposed burning, and has assessed the conditions which might endanger protected woodlands as a result of such burning. The secretary, or his duly authorized agent, shall be empowered to prohibit all brush burning and burning of other debris capable of spreading fire to protected woodlands regardless of the distance such burning operation may be from the said woodlands, when it is determined that hazardous fire conditions exist.

If a fire is discovered burning in any area subject to this subsection under any conditions which are considered by the Secretary of the Department of Natural and Economic Resources, or his duly authorized agent, to be hazardous to the protected forest in the vicinity, the secretary, or any duly authorized agent, is hereby empowered to enter upon the lands where such burning is occurring and, at their option, to extinguish such fires constituting a danger to adjoining woodlands.

The provisions of this subsection shall apply only to the counties of Dare, Hyde, Tyrrell and Washington.

(c) It shall be unlawful for any person, firm or corporation to start or cause to be started any fire or ignite any material in any of the areas of woodland under the protection of the Department of Natural and Economic Resources or within 500 feet of any such protected area, during the hours starting at midnight and ending at 4:00 p.m. without first obtaining from the Secretary of the Department of Natural and Economic Resources, or his duly authorized agent, a permit to start or cause to be started any fire or ignite any material in such above mentioned protected areas.

The provisions of this subsection shall not apply to the counties of Dare, Hyde, Tyrrell and Washington.

(d) During periods of hazardous forest fire conditions or during air pollution episodes declared by competent authority pursuant to Article 21B of Chapter 143 of the General Statutes of North Carolina, the Secretary of the Department of Natural and Economic Resources is authorized to cancel all permits and special burning permits covered by this section and to prohibit all brush pile burning, the burning of other debris and the starting of any fires in any of the woodlands under the protection of the Department of Natural and Economic Resources or capable of spreading to any such protected area, without regard to the distance from such fires to such woodlands.

The secretary, or his duly authorized agent, may refuse to issue a permit when the burning to be conducted under this section is in violation of rules and regulations governing the control of air pollution adopted by competent authority under Article 21B of Chapter 143 of the General Statutes of North Carolina. If a fire is discovered burning in any area subject to this section under any conditions which are considered by the Secretary of the Department of Natural and Economic Resources, or his duly authorized agent, to be in violation of rules and regulations governing the control of air pollution adopted

by competent authority under Article 21B of Chapter 143 of the General Statutes of North Carolina, the secretary, or any duly authorized agent, is hereby empowered to enter upon the lands where such burning is occurring and, at their option, to extinguish such fires which are in violation of said rules and regulations.

This section shall not apply to any fires started, or caused to be started, within 100 feet of an occupied dwelling house, if such fire shall be confined within an enclosure from which burning material may not escape, or within a protected area upon which a watch is being maintained and which is provided with adequate fire protection equipment.

No charge shall be made for the granting of any permit or special burning permit required by this section.

(e) Any person, firm or corporation violating any of the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars ($50.00) or imprisoned for a period of not more than 30 days, or both, in the discretion of the court. The penalties imposed by this section shall be separate and apart and not in lieu of any civil or criminal penalties which may be imposed by Section 143-215.114 of Article 21B of Chapter 143 of the General Statutes. Compliance with this section does not relieve permittee from the need to comply with rules and regulations adopted pursuant to Article 21B of Chapter 143 of the General Statutes of North Carolina."

Sec. 2. Chapter 617 of the 1963 Session Laws (which relates to forest fire control and burning permits in Dare, Hyde, Tyrrell and Washington Counties) is hereby repealed.

Sec. 3. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 9th day of June, 1975.

(a) Similar and corresponding or more restrictive federal laws or regulations which also require an applicant to obtain a federal permit based upon the same general standards or more restrictive standards as the State laws and regulations require and;

(b) That the enforcement of the State laws and regulations would require the applicant to also obtain a State permit in addition to the required federal permit and;

(c) That the enforcement of the State laws and regulations would be a duplication of effort on the part of the applicant and;

(d) Such duplication of State and federal permit requirements would result in an unreasonable burden not only on the applicant, but also on the citizens and resources of the State."

Sec. 2. This bill shall become effective on July 1, 1975.

S. B. 274 CHAPTER 514

AN ACT TO AMEND THE LOCAL GOVERNMENT BUDGET AND FISCAL CONTROL ACT, IN ORDER TO CONFORM NORTH CAROLINA REQUIREMENTS AND PRACTICE TO GENERALLY ACCEPTED ACCOUNTING PRINCIPLES AND TO IMPROVE FINANCIAL ADMINISTRATION IN NORTH CAROLINA LOCAL GOVERNMENTS.

The General Assembly of North Carolina enacts:

Section 1. Each time G.S. Chapter 159 is amended in this act, the amendment is to Chapter 159 as enacted by Section 1 of Chapter 780 of the 1971 Session Laws and amended by Chapter 474 of the 1973 Session Laws, and as Chapter 159 appears in those two Session Laws.

Sec. 2. G.S. 159-7(b) is amended by deleting the following definitions: (6) (fund balance), (7) (encumbrances), (8) (reserve), and (9) (deferred revenues). The remaining definitions are renumbered accordingly.

Sec. 3. G.S. 159-8(a) is amended by striking the last two sentences and inserting in lieu thereof the following:

"Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues, as those figures stand at the close of the fiscal year next preceding the budget year. It is the intent of this Article that, except for moneys expended pursuant to a project ordinance or accounted for in an intragovernmental service fund or a trust and agency fund excluded from the budget ordinance under G.S. 159-13(a), all moneys received and expended by a local government or public authority should be included in the budget ordinance. Therefore, notwithstanding any other provision of law, no local government or public authority may expend any moneys, regardless of their source (including moneys derived from bond proceeds, federal, state, or private grants or loans, or special assessments), except in accordance with a budget ordinance or project ordinance adopted under this Article or through an intragovernmental service fund or trust and agency fund properly excluded from the budget ordinance."

Sec. 4. G.S. 159-11 is amended by adding a new subsection (d) to read as follows:

"(d) The budget officer shall include in the budget a proposed financial plan for each intragovernmental service fund, as required by G.S. 159-13.1, and information concerning capital projects authorized or to be authorized by project ordinances, as required by G.S. 159-13.2."

Sec. 5. G.S. 159-13(a) is rewritten to read as follows:

"§ 159.13 . . .

"(a) Not earlier than 10 days after the day the budget is presented to the board and not later than July 1, the governing board shall adopt a budget

ordinance making appropriations and levying taxes for the budget year in such sums as the board may consider sufficient and proper, whether greater or less than the sums recommended in the budget. The budget ordinance shall authorize all financial transactions of the local government or public authority except (1) those authorized by a project ordinance, (2) those accounted for in an intragovernmental service fund for which a financial plan is prepared and approved, and (3) those accounted for in a trust or agency fund established to account for moneys held by the local government or public authority as an agent or common law trustee or to account for a retirement, pension, or similar employee benefit system. The budget ordinance may be in any form that the board considers most efficient in enabling it to make the fiscal policy decisions embodied therein, but it shall make appropriations by department, function, or project and show revenues by major source."

Sec. 6. G.S. 159-13(b) is amended as follows:

(a) Paragraph (4), requiring each fund to balance, is amended by adding a new sentence at the end thereof, to read as follows:

"Appropriated fund balance in a fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues, as those figures stand at the close of the fiscal year next preceding the budget year."

(b) The first sentence of Paragraph (5) is rewritten to read as follows:

"A contingency appropriation shall not exceed five percent (5%) of the total of all other appropriations in the same fund, except there is no limit on contingency appropriations for public assistance programs required by G.S. Chapter 108."

(c) Paragraph (7) is rewritten as follows:

"(7) The total of all appropriations for purposes which require voter approval for expenditure of property tax funds under Article V, G.S. 2(5), of the Constitution shall not exceed the total of all estimated revenues other than the property tax (not including such revenues required by law to be spent for specific purposes) and property taxes levied for such purposes pursuant to a vote of the people."

(d) Paragraph (10), dealing with estimates of revenues other than the property tax, and Paragraph (13), restricting appropriations from funds established to account for taxes collected on behalf of special districts, are deleted, and the intervening and succeeding paragraphs are renumbered accordingly.

(e) The final unnumbered paragraph is amended by striking the word and figures "(11), (12), (13), (14), (16), (17), or (18)" and inserting in lieu thereof the following: "(10), (11), (12), (14), (15), or (16)."

Sec. 7. A new G.S. 159-13.1 is enacted, to read as follows:

"§ 159-13.1. *Financial plan for intragovernmental service funds.*—(a) If a local government or public authority establishes and operates one or more intragovernmental service funds, it need not include such a fund in its budget ordinance. However, at the same time it adopts the budget ordinance, the governing board shall approve a balanced financial plan for each intragovernmental service fund. A financial plan is balanced when estimated expenditures do not exceed estimated revenues.

(b) The budget officer shall include in the budget he submits to the board, pursuant to G.S. 159-11, a proposed financial plan for each intragovernmental

service fund to be operated during the budget year by the local government or public authority. The proposed financial plan shall be in such form and detail as prescribed by the budget officer or governing board.

(c) The approved financial plan shall be entered in the minutes of the governing board, as shall each amendment to the plan approved by the board. Within five days after approval, copies of the plan and copies of each amendment thereto shall be filed with the finance officer, the budget officer, and the clerk to the governing board.

(d) Any change in a financial plan must be approved by the governing board."

Sec. 8. A new G.S. 159-13.2 is enacted, to read as follows:

"§ 159-13.2. *Capital project ordinances.*—(a) Capital project defined. In this section 'capital project' means a project financed in whole or in part by the proceeds of bonds or notes or a project involving the construction or acquisition of a capital asset.

(b) Alternative budget methods. A local government or public authority may, in its discretion, authorize and budget for a capital project either in its annual budget ordinance or in a project ordinance adopted pursuant to this section. A project ordinance authorizes all appropriations necessary for the completion of the project and neither it nor any part of it need be readopted in any subsequent fiscal year. A bond order does not constitute a project ordinance.

(c) Adoption of project ordinances. If a local government or public authority intends to authorize a capital project by a project ordinance, it shall not commence the project until it has adopted a balanced project ordinance. A project ordinance is balanced when revenues available for the project equal appropriations for the project. Such an ordinance shall identify and authorize the capital project to be undertaken, identify the revenues that will finance the project, and make the appropriations necessary for the project. The governing board may amend a project ordinance at any time subsequent to the ordinance's adoption, as long as it remains balanced.

(d) Ordinance filed. Each project ordinance shall be entered in the minutes of the governing board. Within five days after adoption, copies of the ordinance shall be filed with the finance officer, the budget officer, and the clerk to the governing board.

(e) Inclusion of project information in budget. Each year the budget officer shall include in the budget information in such detail as he or the governing board may require concerning capital projects (1) expected to be authorized by project ordinances during the budget year and (2) authorized by previously adopted project ordinances, under which expenditures are expected to be made during the budget year."

Sec. 9. G.S. 159-14 is amended as follows:

(a) The catchline of the section is rewritten to read:

"*Trust and agency funds; budgets of special districts.*"

(b) The present section is designated subsection (a), and the following catchline for the subsection inserted:

"Budgets of special districts."

(c) A new subsection (b) is added, to read as follows:

"(b) Transfers from certain trust and agency funds. Except for transfers to the appropriate special district or public authority, a unit of local government may not transfer moneys from a fund established to account for taxes collected on behalf of a special district or from a fund established to account for special

assessments collected on behalf of a public authority unless the special district or public authority has ceased to function."

Sec. 10. G.S. 159-25 is amended as follows:

(a) Paragraph (2) of subsection (a) is rewritten to read as follows:

"(2) He shall disburse all funds of the local government or public authority in strict compliance with this Chapter, the budget ordinance, and each project ordinance and shall preaudit obligations and disbursements as required by this Chapter."

(b) Subsection (b) is amended by inserting, in the first sentence, after the words "finance officer" and before the word "and" the words "or a properly designated deputy finance officer".

Sec. 11. G.S. 159-26 is rewritten, to read as follows:

"§ 159-26. *Accounting system.*—(a) System required. Each local government or public authority shall establish and maintain an accounting system designed to show in detail its assets, liabilities, equities, revenues, and expenditures. The system shall also be designed to show appropriations and estimated revenues as established in the budget ordinance and each project ordinance as originally adopted and subsequently amended.

(b) Funds required. Each local government or public authority shall establish and maintain in its accounting system such of the following funds and ledgers as are applicable to it. The generic meaning of each type of fund or ledger listed below is that fixed by generally accepted accounting principles.

1. General Fund.
2. Special revenue funds. Such funds shall be established for each function or activity financed in whole or in part by property taxes voted by the people, for each service district established pursuant to the Municipal or County Service District Acts, and as required by G.S. Chapter 115.
3. Debt service funds. A unit may combine the school debt service fund required by G.S. Chapter 115 with the unit's general debt service fund.
4. A fund for each utility or enterprise owned or operated by the unit or public authority. If a water system and a sanitary sewerage system are operated as a consolidated system, one fund may be established and maintained for the consolidated system.
5. Intragovernmental service funds.
6. Capital project funds. Such a fund shall be established to account for the proceeds of each bond order and for all other resources used for the capital projects financed by the bond proceeds. A unit or public authority may account for two or more bond orders in one capital projects fund, but the proceeds of each such bond order and the other revenues associated with that bond order shall be separately accounted for in the fund.
7. Trust and agency funds, including a fund for each special district or public authority whose taxes or special assessments are collected by the unit.
8. A ledger or group of accounts in which to record the details relating to the general fixed assets of the unit or public authority.
9. A ledger or group of accounts in which to record the details relating to the general obligation bonds and notes and other long-term obligations of the unit.

In addition, each unit or public authority may establish and maintain any other

funds it considers advisable and shall establish and maintain any other funds required by other statutes or by State or federal regulations.

(c) Basis of accounting. Except as otherwise provided by regulation of the Commission, local governments and public authorities shall use the modified accrual basis of accounting in recording transactions.

(d) Encumbrance systems. Except as otherwise provided in this subsection, no local government or public authority is required to record or show encumbrances in its accounting system. Each city or town with a population over 10,000 and each county with a population over 50,000 shall maintain an accounting system that records and shows the encumbrances outstanding against each category of expenditure appropriated in its budget ordinance. Any other local government or any public authority may record and show encumbrances in its accounting system. In determining a unit's population, the most recent federal decennial census shall be used.

(e) Commission regulations. The Commission may prescribe rules and regulations having the force of law as to:

1. Features of accounting systems to be maintained by local governments and public authorities.
2. Bases of accounting, including identifying in detail the characteristics of a modified accrual basis, identifying what revenues are susceptible to accrual, and permitting or requiring use of a basis other than modified accrual in a fund that does not account for the receipt of a tax.
3. Definitions of terms not clearly defined in this act.

The Commission may vary these rules and regulations according to the size of the local government or public authority, or according to any other criteria reasonably related to the purpose or complexity of the financial operations involved."

Sec. 12. G.S. 159-28 is rewritten to read as follows:

"§ 159-28. *Budgetary accounting for appropriations.*—(a) Incurring obligations. No obligation may be incurred in a program, function, or activity accounted for in a fund included in the budget ordinance unless the budget ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. No obligation may be incurred for a capital project authorized by a project ordinance unless that project ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay the sums obligated by the transaction. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with this subsection. The certificate, which shall be signed by the finance officer or any deputy finance officer approved for this purpose by the governing board, shall take substantially the following form:

'This instrument has been preaudited in the manner
required by the Local Government Budget and Fiscal
Control Act.
_____ (Signature of finance officer) _____.'

Certificates in the form prescribed by G.S. 153-130 or G.S. 160-411 as those sections read on June 30, 1973, or by G.S. 159-28(b) as that section read on June

30, 1975, are sufficient until supplies of forms in existence on June 30, 1975, are exhausted.

An obligation incurred in violation of this subsection is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this subsection.

(b) Disbursements. When a bill, invoice, or other claim against a local government or public authority is presented, the finance officer shall either approve or disapprove the necessary disbursement. If the claim involves a program, function, or activity accounted for in a fund included in the budget ordinance or a capital project authorized by a project ordinance, the finance officer may approve the claim only if (1) he determines the amount to be payable and (2) the budget ordinance or a project ordinance includes an appropriation authorizing the expenditure and either (i) an encumbrance has been previously created for the transaction or (ii) an unencumbered balance remains in the appropriation sufficient to pay the amount to be disbursed. The finance officer may approve a bill, invoice, or other claim requiring disbursement from an intragovernmental service fund or trust or agency fund not included in the budget ordinance, only if the amount claimed is determined to be payable. A bill, invoice, or other claim may not be paid unless it has been approved by the finance officer or, under subsection (c) of this section, by the governing board. The finance officer shall establish procedures to assure compliance with this subsection.

(c) Governing board approval of bills, invoices, or claims. The governing board may, as permitted by this subsection, approve a bill, invoice, or other claim against the local government or public authority that has been disapproved by the finance officer. It may not approve a claim for which no appropriation appears in the budget ordinance or in a project ordinance, or for which the appropriation contains no encumbrance and the unencumbered balance is less than the amount to be paid. The governing board shall approve payment by formal resolution stating the board's reasons for allowing the bill, invoice, or other claim. The resolution shall be entered in the minutes together with the names of those voting in the affirmative. The chairman of the board or some other member designated for this purpose shall sign the certificate on the check or draft given in payment of the bill, invoice, or other claim. If payment results in a violation of law, each member of the board voting to allow payment is jointly and severally liable for the full amount of the check or draft given in payment.

(d) Payment. A local government or public authority may not pay a bill, invoice, salary, or other claim except by a check or draft on an official despository or by a bank wire transfer from an official depository. Except as provided in this subsection each check or draft on an official depository shall bear on its face a certificate signed by the finance officer or a deputy finance officer approved for this purpose by the governing board (or signed by the chairman or some other member of the board pursuant to subsection (c) of this section). The certificate shall take substantially the following form:

'This disbursement has been approved as required by
the Local Government Budget and Fiscal Control Act.
_____
(Signature of finance officer).'

Certificates in the form prescribed by G.S. 153-131 or G.S. 160-411.1 as those sections read on June 30, 1973, or by G.S. 159-28(a) as that section read on June

30, 1975, are sufficient until supplies in existence on June 30, 1975, are exhausted.

No certificate is required on payroll checks or drafts on an imprest account in an official depository, if the check or draft depositing the funds in the imprest account carried a signed certificate.

(e) Penalties. If an officer or employee of a local government or public authority incurs an obligation or pays out or causes to be paid out any funds in violation of this section, he and the sureties on his official bond are liable for any sums so committed or disbursed. If the finance officer or any properly designated deputy finance officer gives a false certificate to any contract, agreement, purchase order, check, draft, or other document, he and the sureties on his official bond are liable for any sums illegally committed or disbursed thereby."

Sec. 13. A new G.S. 159-28.1 is added, to read as follows:

"§ 159-28.1. *Facsimile signatures.*—The governing board of a local government or public authority may provide by appropriate resolution or ordinance for the use of facsimile signature machines, signature stamps, or similar devices in signing checks and drafts and in signing the preaudit certificate on contracts or purchase orders. The board shall charge the finance officer or some other bonded officer or employee with the custody of the necessary machines, stamps, plates, or other devices, and that person and the sureties on his official bond are liable for any illegal, improper, or unauthorized use of them."

Sec. 14. G.S. 159-29 is amended as follows:

(a) The catchline is rewritten to read:

"*Fidelity bonds.*"

(b) The existing section is designated subsection (a). In addition, the words and figures "one hundred thousand dollars ($100,000)" appearing at the end of the first sentence of the existing section are deleted and the following are inserted in their place: "two hundred fifty thousand dollars ($250,000)".

(c) Two new subsections (b) and (c) are added, as follows:

"(b) Each officer, employee, or agent of a local government or public authority who handles or has in his custody more than one hundred dollars ($100.00) of the unit's or public authority's funds at any time, or who handles or has access to the inventories of the unit or public authority, shall, before being entitled to assume his duties, give a faithful performance bond with sufficient sureties payable to the local government or public authority. The governing board shall determine the amount of the bond, and the unit or public authority may pay the premium on the bond. Each bond, when approved by the governing board, shall be deposited with the clerk to the board.

If another statute requires an officer, employee, or agent to be bonded, this subsection does not require an additional bond for that officer, employee, or agent.

(c) A local government or public authority may adopt a system of blanket faithful performance bonding as an alternative to individual bonds. If such a system is adopted, statutory requirements of individual bonds, except for elected officials and for finance officers and tax collectors by whatever title known, do not apply to an officer, employee, or agent covered by the blanket bond. However, although an individual bond is required for a tax collector or finance officer, such an officer may also be included within the coverage of a blanket

bond if the blanket bond protects against risks not protected against by the individual bond."

Sec. 15. G.S. 159-34 is amended by adding a new sentence immediately after the present fourth sentence, to read as follows:

"The audit shall be performed and the report prepared in conformity with generally accepted auditing standards."

Sec. 16. If HB 47, pending in the 1975 General Assembly is enacted, then G.S. 159-26, as rewritten by this bill, is amended as follows:

(a) G.S. 159-26(b) is amended by rewriting paragraphs 2., 3., and 7. as follows:

"2. Special revenue funds. Such funds shall be established for each function or activity financed in whole or in part by property taxes voted by the people, and for each service district established pursuant to the Municipal or County Service District Acts.

3. Debt service funds.

7. Trust and agency funds, including a fund for each special district, public authority, or school administrative unit whose taxes or special assessments are collected by the unit."

The changes made to G.S. 159-26 by this section are effective at the same time as the amendments made by HB 47 to G.S. Chapter 115.

Sec. 17. G.S. 153A-29 and G.S. 160A-65 are repealed.

Sec. 18. Except as provided in this section and Section 16, this act becomes effective July 1, 1975. Units of local government and public authorities shall prepare their budgets for the fiscal year beginning July 1, 1976, in accordance with the Local Government Budget and Fiscal Control Act, as amended by this act. As to budget ordinances for the fiscal year beginning July 1, 1975, units of local government and public authorities may comply with the Local Government Budget and Fiscal Control Act as amended by this act, or, alternatively, may comply with the Local Government Budget and Fiscal Control Act as it existed on January 1, 1975, and to that end the provisions thereof shall remain effective until July 1, 1976.

iii. is a resident of North Carolina and has engaged in the practice of forestry for five years immediately prior to the effective date of this section and has held himself out in writing and has been employed as a practicing forester for that period. Such person shall make written application under oath of the Board to be registered on or before June 30, 1976, and thereafter no person shall be registered under this subparagraph.

(b) Registration shall be determined upon the basis of individual personal qualification. No firm, company, partnership, corporation or public agency shall be registered as a registered forester.

(c) A non-resident of North Carolina may become a registered forester under this act by complying with its terms, and by filing a consent as to service of process and pleadings upon the Board secretary. In connection with the practice of forestry by such non-resident in North Carolina, the consent as to service of process and pleadings shall be held binding and valid in all courts, as if due service had been made personally upon said non-resident by the Board, when such process has been served upon the Board secretary.

Should the Board deny the issuance of a certificate of registration to any applicant, the initial application fee deposited by the applicant shall be retained by the Board.

Sec. 11. Expiration and renewals. Registrations shall expire on the last day of June following issuance or renewal and shall become invalid after that date unless renewed. It shall be the duty of the secretary of the Board to notify, at his last registered address, every person registered under this act of the date of the expiration of his registration and the amount of fee which shall be required for its renewal for one year. Such notices shall be mailed at least 30 days in

advance of the expiration date of such registrations. The annual renewal fee for certificates shall be ten dollars ($10.00). The fee for issuance of replacement certificates of registration shall be five dollars ($5.00).

Any registration which has expired may be renewed by paying a fee of ten dollars ($10.00) plus one dollar ($1.00) per calendar month from the date of expiration. Charges above the renewal fee shall not exceed twenty dollars ($20.00).

The Board shall have the power to revoke or suspend the certificate of registration of any registrant who is found, by the Board, to be guilty of gross negligence, fraud, deceit or flagrant misconduct in the practice of forestry, or who is found by the Board to have demonstrated incompetence as a practicing forester. The Board is empowered to designate a person or persons to investigate and report to it upon any charges of fraud, deceit, gross negligence, incompetency or other misconduct in connection with any forestry practice against any registrant that may come to its attention.

Any person may prefer charges against any registrant. Such charges shall be in writing and shall be sworn to by the person making them and shall be filed with the secretary of the Board. The time and place for a hearing before the Board shall be fixed by the Board. At any hearing the accused may appear in person or by counsel. The Board may reissue a certificate of registration to any person whose certificate of registration has been revoked or suspended.

Sec. 14. Roster of registered foresters. A roster showing the names, registration numbers, and places of business residence of all registered foresters qualified according to the provisions of this act shall be prepared by the secretary of the Board during the month of July of each year. Sec. 5. Persons so elected to the Buncombe County Board of Education pursuant to this act shall take office on the first Monday in December next following their election.

Sec. 6. The Chairman of the Buncombe County Board of Education shall be compensated for his services on the board in the amount of one hundred dollars ($100.00) per month. The other members of the board shall receive fifty dollars ($50.00) per month as compensation.

Nothing in this act modifies any rights of ownership or control of Burke County Public Schools Board of Education property, now or hereafter vested in the Burke County Public Schools Board of Education.

Sec. 2. The Burke County Public Schools Board of Education and each succeeding board, may by ordinance prohibit, regulate, divert, control, and limit pedestrian, animal, or vehicular traffic and other modes of conveyance on its campuses in Burke County, North Carolina, and may regulate the parking of motor vehicles and other modes of conveyance on said campuses. In fixing speed limits, the Burke County Public Schools Board of Education is not subject to G.S. 20-141(f1) or (g2), but may fix any speed limit reasonable and safe under the circumstances as conclusively determined by the Burke County Public Schools Board of Education. The board may not regulate traffic on streets open to the public as of right, except as specifically provided herein.

The Burke County Public Schools Board of Education, may by ordinance prohibit, regulate, divert, control and limit pedestrian, animal, vehicular traffic or other modes of conveyance on all areas of its campuses, including but not limited to driving ranges, athletic fields, practice fields, tennis courts, lawns, and undeveloped areas.

The Burke County Public Schools Board of Education may, by ordinance provide for the registration of motor vehicles maintained and operated on its campuses by any student, faculty member, or employee of the Burke County Public Schools Board of Education, and may fix fees for registration. The ordinance may make it unlawful for any person to operate an unregistered motor vehicle on the campus when the vehicle is required by the ordinance to be registered.

The Burke County Public Schools Board of Education may by ordinance set aside parking lots and other parking facilities on its campuses for use by students, faculty, and employees of the Burke County Public Schools Board of Education and members of the general public attending schools, conferences, athletic events, or meetings on said campuses, or other persons visiting, or making use of any Burke County Public School facility, or attending to official business with the Burke County Public Schools Board of Education. Sec. 3. Violation of an ordinance adopted under any portion of this act is a misdemeanor punishable by a fine of not more than fifty dollars ($50.00) or imprisonment for not more than 30 days, in the discretion of the court. An ordinance may provide that certain acts prohibited thereby shall not be enforced by criminal sanctions, and in such cases a person committing any such act shall not be guilty of a misdemeanor.

Sec. 4. An ordinance adopted under any portion of this act may provide that violation subjects the offender to a civil penalty. Penalties may be graduated according to the seriousness of the offense or the number of prior offenses by the person charged. Sec. 6. Evidence that a motor vehicle was found parked or unattended in violation of an ordinance of the Burke County Public Schools Board of Education is prima facie evidence that the vehicle was parked by:

(1) The person holding a Burke County Public Schools Board of Education parking permit for the vehicle, or

(2) If no Burke County Public Schools Board of Education parking permit has been issued for the vehicle, the person in whose name the vehicle is registered with the Burke County Public Schools Board of Education, or

(3) If no Burke County Public Schools Board of Education parking permit has been issued to the vehicle and the vehicle is not registered with the Burke County Public Schools Board of Education, the person in whose name it is registered with the North Carolina Department of Motor Vehicles, or the corresponding agency of another state or nation.

(1) To organize and conduct in the State Department of Commerce, a bureau of information in regard to cooperative associations and rural and industrial credits.

(2) Upon request, to furnish, without cost, such printed information and blank forms as, in his discretion, may be necessary for the formation and establishment of any local credit union in the State.

(3) To maintain an educational campaign in the State looking to the promotion and organization of credit unions. Upon the written request of 12 bona fide residents of any particular locality in this State expressing a desire to form a local credit union at or in such locality, the administrator of credit unions, or one of his assistants, shall proceed as promptly as may be convenient to such locality and make an investigation in order that the administrator may determine whether or not a local credit union should be established according to the standards set forth and provided in this Article. The administrator shall notify the applicants of his decision within 30 days after receipt of the written request. Before refusing the establishment of a credit union, the administrator shall afford the applicants an opportunity to be heard therewith in person or by counsel and at least 60 days prior to the date set for a hearing on any such matter shall notify in writing the applicants of the date of said hearing and assign therein the grounds for the action contemplated to be taken and as to which inquiry shall be made on the date of such hearing. The determination of the administrator shall be subject to judicial review in all respects according to the provisions and procedures set forth in Article 33 of Chapter 143 of the General Statutes of North Carolina, as amended.

(4) To examine at least once a year, and oftener if such examination be deemed necessary by the administrator or his assistant, the credit unions formed under this Article. A report of such examination shall be filed with the State Department of Commerce, and a copy mailed to the credit union at its proper address.

(5) The administrator of credit unions is authorized, empowered, and directed to fix the amount of a blanket surety bond which shall be required of each credit union official, committee member and employee, irrespective of whether such official, committee member and employee receives, pays or has custody of money or other personal property owned by a credit union or in the custody or control of the credit union as collateral or otherwise. The surety on the bond shall be a surety company authorized to do business in North Carolina. Any such bond or bonds shall be in a form approved by the administrator of credit unions with a view to providing surety coverage to the credit union with reference to loss by reason of acts of fraud or dishonesty including forgery, theft, embezzlement, wrongful abstraction or misapplication on the part of the person, directly or through connivance with others, and such other surety coverages as the administrator of credit unions may determine to be reasonably appropriate or as elsewhere required by the Chapter. Any such bond or bonds shall be in an amount in relation to the money or other personal property involved or in relation to the assets of the credit union as the administrator may from time to time prescribe by regulation for the purpose of requiring reasonable coverage. The administrator may also approve the use of a form of excess coverage bond whereby a credit union may obtain an amount of coverage in excess of the basic surety coverage. No agreement, compromise or settlement of any claim or claims filed by a credit union with any surety or any surety company, for less than the full amount of said claim or claims, shall be entered into or made by the board of directors of any credit union unless and until the said claim or claims shall have been submitted to the administrator of credit unions and his advice thereon given or transmitted to the board of directors of said credit

union. The following schedule shall be deemed as the minimum fidelity and faithful performance bond requirements only:

The administrator may require additional coverage for any credit union when, in his opinion, the surety bonds in force are insufficient to provide adequate surety coverage, and it shall be the duty of the board of directors of any credit union to obtain such additional coverage within 60 days after the date of written notice by the administrator to such board of directors. For good cause shown, the administrator may extend the time to obtain additional coverage.

"§ 54-76.2. *Corporations organized hereunder subject to administrator of credit unions; rules and regulations.*-In addition to any and all other powers, duties and functions vested in the administrator of credit unions under the provisions of this Article, the administrator of credit unions shall have general control, management and supervision over all corporations organized under the provisions of this Article. The administrator of credit unions may prescribe rules and regulations for the administration of this Article, as well as rules and regulations relating to financial records, business practices and the conduct and management of credit unions, and it shall be the duty of the board of directors and of the various officers of the credit union to put into effect and to carry out such regulations.

"§ 54-76.3. *Revocation of certificate; liquidation.*—If any such corporation shall neglect to make its annual report, as provided in this Article, or any other report required by the administrator of credit unions for more than 15 days, or

shall fail to pay the charges required, including the fines for delay in filing reports, the administrator of credit unions shall give notice to such corporation of his intention to revoke the certificate of approval of the corporation for such neglect or failure, and if such neglect or failure continues for 15 days after such notice, the said administrator shall, at his discretion, personally or by an agent appointed by him, take possession of the property and business of the corporation and retain possession until such time as he may permit it to resume business, or until its affairs be finally liquidated as provided for in G.S. 54-96.

"§ 54-76.4. *Fees.*—(a) Each credit union subject to supervision and examination by the administrator of credit unions, including credit unions in process of voluntary liquidation, shall pay into the office of the administrator of credit unions twice each year, in the months of January and July, supervision and examination fees.

The administrator of credit unions, subject to the advice and consent of the credit union commission, shall, on or before December 1 of each year, determine and fix the scale of supervisory and examination fees to be assessed during the next calendar year. However, when the costs of any examination exceed the annual fees assessed and paid by the credit union, the administrator of credit unions may, in his discretion, invoke the provisions of G.S. 54-76.6, giving due consideration to the time and expense incident to such examination, and the ability of the credit union to pay such additional fees. The additional fees, if assessed by the administrator, in his discretion, shall be paid by each credit union promptly after the completion of the examination; provided that such additional fees shall not exceed the estimated cost of such examination.

No credit union shall be required to pay any supervisory fee until the expiration of 12 months from the date of the issuance of a certificate of incorporation to such credit union.

(b) Moneys collected under this section shall be deposited with the State Treasurer of North Carolina and expended, under the terms of the Executive Budget Act, to defray expenses incurred by the office of the administrator of credit unions in carrying out its supervisory and auditing functions.

(c) All revenue derived from fees will be placed into a special account to be administered solely for the operation of the credit union division.

"§ 54-76.5. *Reports.*—(a) Credit unions organized under this act shall, in January and in July of each year, make a report of condition to the administrator of credit unions on forms supplied by him for that purpose. Additional reports may be required.

(b) Any such corporation which neglects to make semiannual reports as provided in subsection (a) of this section, or any of the other reports required by the administrator of credit unions at the time fixed by the administrator, shall forfeit to the administrator of credit unions five dollars ($5.00) for each day such neglect continues; and, furthermore, the administrator of credit unions shall have authority, in his discretion, to revoke the certificate of incorporation and take possession of the assets and business of any corporation failing to pay the fees required in this section after serving notice of at least 15 days upon such corporation of his intention so to do.

"§ 54-76.6. *Annual examinations required; payment of cost.*—The administrator of credit unions shall cause every such corporation to be examined once a year and whenever he deems it necessary. The examiners appointed by him shall be given free access to all books, papers, securities, and other sources of

information in respect to the corporation; and for the purpose of such examination the administrator shall have power and authority to subpoena and examine personally, or by one of his deputies or examiners, witnesses on oath and documents, whether such witnesses are members of the corporation or not, and whether such documents are documents of the corporation or not. Whenever the cost of making the annual examination exceeds the annual fees paid by the credit union to the State, the administrator may charge the credit union the cost per day, per man for each day required to complete the examination. The administrator may designate an independent auditing firm to do the work under his direction and supervision, with the cost to be paid by the credit union involved.

"§ 54-76.7. *Records.*—(a) A credit union shall maintain all books, records, accounting systems and procedures in accordance with such rules as the administrator from time to time prescribes. In prescribing such rules, the administrator shall consider the relative size of a credit union and its reasonable capability of compliance.

(b) A credit union is not liable for destroying records after the expiration of the record retention time prescribed by the administrator.

(c) A photostatic or photographic reproduction of any credit union records shall be admissible as evidence of transactions with the credit union.

"§ 54-88. *Dividends.*—The board of directors of any credit union may declare dividends as its bylaws provide. Dividends shall be paid on fully paid shares outstanding at the close of the accounting period, but shares which become fully paid by the tenth of any month of the period may be entitled to a proportional part of such dividend, calculated from the first day of the month.

"§ 54-89. *Deposits.*—A credit union may receive on deposit the savings of its members and also nonmembers in such amounts and upon such terms as the board of directors may determine and the bylaws shall provide.

(b) If the credit union thereafter realizes from such assets a greater amount than was fixed by the order of reduction, such excess shall be divided proportionately among the shareholders whose assets were reduced, but only to the extent of such reduction.

Such action by the commission will be uniform and apply to all credit unions.

The term 'interest', as used in this section, shall not be deemed to include charges made by a credit union for appraisals of real or personal property; attorneys' fees for searching title to real property, preparing notes, deeds of trust, mortgages and closing loans; and recording fees. Rate of interest and terms of repayment shall appear on each note but the corporation may, for the purpose of making loans, discount and negotiate promissory notes and deduct in advance, from the proceeds of such loan, interest at a rate not to exceed the rate herein fixed, which shall be the legal rate for corporations organized under this Article, and such deductions shall be made upon the amount of the loan from the date

thereof until the maturity of the final installment, notwithstanding that the principal amount of such loan is required to be repaid in such installments.

"§ 54-91.2. *Group purchasing.*—A credit union may enter into cooperative marketing arrangements to facilitate its members' voluntary purchase of such

goods and services as are in the interest of improving economic and social conditions of the members.

All such credit unions shall, on or before January 1, 1977, obtain and thereafter maintain the above mentioned insurance. A credit union which is unable to obtain a commitment for insurance of the share and deposit accounts within the time limit specified above shall be dissolved by action of the administrator of credit unions or permitted to merge with another credit union. Provided, the administrator may grant additional time to obtain the insurance commitment, upon satisfactory evidence that the credit union has made or is making a substantial effort to achieve the conditions precedent to issuance of the commitment. "ARTICLE 14.

"Change in Corporate Status.

"§ 54-95. *Suspension.*—(a) If it appears that any credit union is bankrupt or insolvent, or that it has willfully violated this act, or is operating in an unsafe or unsound manner, the administrator of credit unions shall issue an order temporarily suspending the credit union's operations for not more than 90 days. The board of directors shall be given notice by registered mail of such suspension, which notice shall include a list of the reasons for such suspension, and/or a list of the specific violations of this act. The administrator of credit unions shall also notify the members of the credit union commission of any suspension.

(b) Upon receipt of such suspension notice, the credit union shall cease all operations, except those authorized by the administrator. The board of directors shall then file with the administrator a reply to the suspension notice, and may request a hearing to present a plan of corrective actions proposed if it desires to continue operations. The board may request that the credit union be declared insolvent and a liquidating agent be appointed.

(c) Upon receipt from the suspended credit union of evidence that the conditions causing the order of suspension have been corrected, the administrator may revoke the suspension notice, permit the credit union to resume normal operations, and notify the commission of such action.

(d) If the administrator, after issuing notice of suspension and providing an opportunity for a hearing, rejects the credit union's plan to continue operations, he may issue a notice of involuntary liquidation and appoint a liquidating agent. The credit union may request the appropriate court to stay execution of such action. Involuntary liquidation may not be ordered prior to the conclusion of suspension procedures outlined in this section.

(e) If, within the suspension period, the credit union fails to answer the suspension notice or request a hearing, the administrator may then revoke the credit union's charter, appoint a liquidating agent and liquidate the credit union.

"§ 54-96. *Liquidation.*—(a) A credit union may elect to dissolve voluntarily and liquidate its affairs in the manner prescribed in this section.

(b) The board of directors shall adopt a resolution recommending the credit union be dissolved voluntarily, and directing that the question of liquidation be submitted to the members.

(c) Within 10 days after the board of directors decides to submit the question of liquidation to the members, the president shall notify the administrator of credit unions thereof in writing, setting forth the reasons for the proposed

action. Within 10 days after the members act on the question of liquidation, the president shall notify the administrator in writing as to whether or not the members approved the proposed liquidation.

(d) As soon as the board of directors decides to submit the question of liquidation to the members, payment on shares, withdrawal of shares, making any transfer of shares to loans and interest, making investments of any kind, and granting loans shall be suspended pending action by members on the proposal to liquidate. On approval by the members of such proposal, all such business transactions shall be permanently discontinued. Necessary expenses of operation shall, however, continue to be paid on authorization of the board of directors or liquidating agent during the period of liquidation.

(e) For a credit union to enter voluntary liquidation, approval by a majority of the members in writing or by a two-thirds majority of the members present at a regular or special meeting of the members is required. Where authorization for liquidation is to be obtained at a meeting of the members, notice in writing shall be given to each member, by first class mail, at least 10 days prior to such meeting.

(f) A liquidating credit union shall continue in existence for the purpose of discharging its debts, collecting and distributing its assets, and doing all acts required in order to wind up its business and may sue and be sued for the purpose of enforcing such debts and obligations until its affairs are fully adjusted.

(g) The board of directors or the liquidating agent shall use the assets of the credit union to pay: first, expenses incidental to liquidating including any surety bond that may be required; second, any liability due nonmembers; third, deposits and special purpose thrift accounts as provided in this act. Assets then remaining shall be distributed to the members proportionately to the shares held by each member as of the date dissolution was voted.

(h) As soon as the board of directors or the liquidating agent determines that all assets from which there is a reasonable expectancy of realization have been liquidated and distributed as set forth in this section, the administrator of credit unions shall issue to such corporation, in duplicate, a certificate of dissolution which shall be filed by the corporation in the office of the register of deeds of the county in which the corporation has its place of business. The corporation shall then be dissolved and its certificate of incorporation revoked. All pertinent books and records of the liquidating credit union shall be retained by the liquidating agent and/or filed with the credit union division and kept for a minimum period not to exceed five years. The liquidating agent's fee, if any, shall be set by the administrator of credit unions.

"§ 54-97. *Merger.*—Any credit union may, with the approval of the administrator of credit unions, merge with another credit union subject to the rules and regulations set forth by the administrator of credit unions.

"§ 54-98. *Conversion of Charter.*—(a) A credit union chartered under the laws of this State may be converted to a credit union chartered under the laws of any other state or under the laws of the United States, subject to regulations issued by the administrator of the credit union division.

(b) A credit union chartered under the laws of the United States or of any other state may convert to a credit union chartered under the laws of this State. To effect such a conversion, a credit union must comply with all the requirements of the jurisdiction under which it was originally chartered and the

requirements of the administrator of credit unions and file proof of such compliance with said administrator.

The amount of said license tax shall be fixed by the Board of County Commissioners of Harnett County and the governing bodies of the cities and towns therein, and shall not be in excess of the maximum which counties, cities and towns are authorized to levy on professional bondsmen, under the provisions of the Revenue Act of the State of North Carolina, as amended. Said license shall be for a period of one year and shall expire on the thirty-first day of May of each year.

Sec. 2. In addition to the privilege license provided for in Section 1 of this act, every person, firm, association or corporation, who shall engage in the business of signing, executing and becoming surety on appearance bonds in any court in Harnett County for a fee or compensation, shall, as a condition precedent to signing, executing, and becoming surety upon any appearance bond,

The clerk of superior court shall notify all persons authorized to take bonds of the license surrender.

Sec. 3. No person, firm, association, or corporation, who shall execute or become surety upon any appearance bond in any court in Harnett County, shall charge a fee therefor, and for all services in connection therewith, an amount not in excess of fifteen percent (15%) of the amount of said bond.

In Section 2 of Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws add a second sentence to read as follows: "This policy shall be the practice of the State for children from birth through age 21 and the State requires compliance by all local education agencies and city and county administrative units, all local human resources agencies including, but not limited to, local health departments, local social service departments, community mental health centers and all State departments, agencies, institutions except institutions of higher education, and private providers which are recipients of General Funds as these funds are defined in G.S. 143-1".

Sec. 2. In Section 3 (a) of Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws add the following after the first sentence: "The General Assembly finds that the complexity of early childhood development precludes the enactment of legislation which is of a sufficiently comprehensive nature to encompass all possible implications. The Departments of Public Instruction and Human Resources shall, therefore, jointly develop an early childhood development program plan with flexibility sufficient to meet the State's policy as set forth in this subsection. Said plan shall provide for the operation of a statewide early childhood development program no later than June 30, 1980, and shall be presented to the Commission on Children with Special Needs by February 2, 1976."

Sec. 3. In Section 3(b) of Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws, the first sentence, delete the words "shall develop" and substitute in lieu thereof the word "requires". In the second line, change the word "require" to "requires".

The State Board and the Secretary of Human Resources shall present a summary of said present program standards and planning format to the Commission on Children with Special Needs by February 2, 1977, and to the General Assembly for its approval.

The General Assembly intends that the educational program and human service program requirements of this act shall be realized no later than June 30, 1982. The General Assembly further intends that currently imposed barriers to educational and human service opportunities for children with special needs by reason of a single standardized test, income, federal regulations, conflicting statutes, or any other barriers are hereby abrogated; except that with respect to barriers caused by reason of income, it shall be permissible for the State or any local education agency or local human resources agency to charge fees for special services rendered, or special materials furnished to a child with special needs, his

parents, guardian or persons standing in loco parentis unless the imposition of such fees would prevent or substantially deter the child, his parents, guardian, or persons standing in loco parentis from availing themselves of or receiving such services or materials".

Sec. 5. In Section 3(d) of Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws add the following after the first sentence: "The General Assembly requires that all programs employ least restrictive alternatives as shall be defined by the Department of Public Instruction and Human Resources".

Sec. 6. Delete all of Section 6 as it appears in Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws and substitute a new Section 6 to read as follows: "Sec. 6. The Departments of Public Instruction and Human Resources shall jointly develop and promulgate procedures for the establishment and operation of an annual on-going census of children with special needs. Local education agencies through their respective superintendents shall have primary responsibility for conducting the census in each local education agency and each local human resources agency shall cooperate and actively participate in said census. Said census shall be for the purposes of aiding local providers and the respective departments in anticipating personnel, equipment and budgetary requirements; and shall permit the General Assembly to ensure that all children with special needs are identified and that appropriate programs are provided".

Sec. 7. In Section 7 of Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws add the following after the last sentence: "The Departments of Public Instruction and Human Resources shall each develop and promulgate such standards, rules and regulations as may be necessary to develop and implement the educational and human service program requirements of this act; and shall cause appropriate internal organizational realignments within the respective departments which are designed to enhance the planning, educational program and human service program development and delivery, orderly implementation, and monitoring requirements established by this act".

Sec. 8. In Section 10(2) of Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws after the word "promptly" delete the comma (,) and insert the words "via parent or guardian conference or,".

Sec. 9. In Section 10(7) of Chapter 1293 of the 1973 (2nd Session, 1974) Session Laws change "31" to read "33"; and "134" to read "143".

The review of the decision of the Secretary of Transportation under this Article shall be conducted by the court without a jury and shall hear the matter de novo pursuant to the rules of evidence as applied in the general court of justice.
